About this PDS

This Product Disclosure Statement ("PDS") has been prepared and issued by Equity Trustees Limited ("Equity Trustees", "we" or "Responsible Entity") and is a summary of the significant information relating to an investment in the BNP Paribas C WorldWide Global Equity Trust (Hedged) (the "Trust"). It contains a number of references to important information (including a glossary of terms) contained in the BNP Paribas C WorldWide Global Equity Trust (Hedged) Reference Guide ("Reference Guide"), each of which forms part of this PDS. You should carefully read and consider both the information in this PDS, and the information in the Reference Guide, before making a decision about investing in the Trust.

The information provided in this PDS is general information only and does not take account of your personal objectives, financial situation or needs. You should obtain financial and taxation advice tailored to your personal circumstances and consider whether investing in the Trust is appropriate for you in light of those circumstances.

The offer to which this PDS relates is only available to persons receiving this PDS (electronically or otherwise) in Australia. All references to dollars or "\$" in this PDS are to Australian dollars.

This PDS does not constitute a direct or indirect offer of securities in the US or to any US Person as defined in Regulation S under the Securities Act of 1933 as amended ("US Securities Act"). Equity Trustees may vary this position and offers may be accepted on merit at Equity Trustees' discretion. The units in the Trust have not been, and will not be, registered under the US Securities Act unless otherwise approved by Equity Trustees and may not be offered or sold in the US to, or for, the account of any US Person (as defined in the Reference Guide) except in a transaction that is exempt from the registration requirements of the US Securities Act and applicable US state securities laws.

1. About Equity Trustees Limited

The Responsible Entity

Equity Trustees Limited

Equity Trustees Limited ABN 46 004 031 298 AFSL 240975, a subsidiary of EQT Holdings Limited ABN 22 607 797 615, which is a public company listed on the Australian Securities Exchange (ASX: EQT), is the Trust's responsible entity and issuer of this PDS. Established as a trustee and executorial service provider by a special Act of the Victorian Parliament in 1888, today Equity Trustees is a dynamic financial services institution which continues to grow the breadth and quality of products and services on offer.

Equity Trustees' responsibilities and obligations as the Trust's responsible entity are governed by the Trust's constitution ("Constitution"), the Corporations Act and general trust law. Equity Trustees has appointed BNP PARIBAS ASSET MANAGEMENT Australia Limited as the Investment Manager of the Trust. Equity Trustees has appointed a custodian to hold the assets of the Trust. The custodian has no supervisory role in relation to the operation of the Trust and is not responsible for protecting your interests.

The Investment Manager

BNP PARIBAS ASSET MANAGEMENT Australia Limited

BNP PARIBAS ASSET MANAGEMENT Australia Limited ("BNP Paribas Asset Management" or "BNPP AM"), the Australian asset management business line of BNP Paribas SA, is the Investment Manager of the Trust. BNP Paribas SA is a listed company with a market capitalisation of EUR 90.23 billion as at 31 December 2025.

The Currency Manager

AXA INVESTMENT MANAGERS UK Limited

The Trust uses Currency Hedging techniques to reduce the sensitivity to movements in foreign currency exchange rates. BNP Paribas Asset Management has subcontracted the Currency Hedging management of the Trust to AXA INVESTMENT MANAGERS UK Limited, the United Kingdom asset management business line of BNP Paribas SA.

On 1 January 2026, AXA INVESTMENT MANAGERS UK Limited, a company incorporated in England and Wales (registered number 01431068) whose registered office is 22 Bishopsgate, London, EC2N 4BQ, replaced BNP PARIBAS ASSET MANAGEMENT UK Limited as the Trust's Currency Manager. The change follows the acquisition of AXA Investment Managers by the BNP Paribas Group during July 2025, and consequential re-organisation of legal entities, and has no impact on the service provided.

The Underlying Investment Manager

C WorldWide Asset Management Fondsmæglerselskab A/S

C WorldWide Asset Management Fondsmæglerselskab A/S ("C WorldWide Asset Management", "CWW" or the "Underlying Investment Manager") is a Danish based global equity Investment Manager, founded in 1986. Formerly named Carnegie Asset Management, C WorldWide Asset Management is a part of the C WorldWide Group Holding, which is approximately 80% owned by Altor Fund III, a private equity fund, and approximately 20% owned by the employees. C WorldWide Asset Management is a focused and independent asset manager. With assets under management of AUD 23 billion as at 31 December 2025, the majority of which is invested in global equities, their objective is to deliver consistent, long-term asset growth for their clients.

C WorldWide Asset Management has an alliance with BNP Paribas Asset Management whereby BNPP AM has the exclusive right to distribute C WorldWide Asset Management's global equity products in Australia and New Zealand. The Trust invests its assets into the BNP Paribas C WorldWide Global Equity Trust ("Underlying Trust"), a registered managed investment scheme also managed by BNP Paribas Asset Management. BNP Paribas Asset Management has subcontracted the investment management of the Underlying Trust to C WorldWide Asset Management.

2. How the BNP Paribas C WorldWide Global Equity Trust (Hedged) works

The Trust is a registered managed investment scheme governed by the Constitution. The Trust comprises assets which are acquired in accordance with the Trust's investment strategy. Direct investors receive units in the Trust when they invest. In general, each unit represents an equal interest in the assets of the Trust subject to liabilities; however, it does not give investors an interest in any particular asset of the Trust.

If you invest in the Trust through an IDPS (as defined in the Reference Guide) you will not become an investor in the Trust. The operator or custodian of the IDPS will be the investor entered in the Trust's register and will be the only person who is able to exercise the rights and receive the benefits of a direct investor. Your investment in the Trust through the IDPS will be governed by the terms of your IDPS. Please direct any queries and requests relating to your investment to your IDPS Operator. Unless otherwise stated, the information in the PDS applies to direct investors.

Applying for units

You can acquire units by completing the Application Form that accompanies this PDS or, for investors in Australia meeting the online application criteria, by completing the application process online (once available). Please refer to the Reference Guide for details of eligibility for online applications. The minimum initial investment amount for the Trust is \$25,000.

Completed Application Forms should be sent along with your identification documents (if applicable) to:

BNP Paribas Asset Management
GPO Box 804
Melbourne, VIC, 3001

or send the completed Application Form by email to bnppam.transactions@unitregistry.com.au

Please note that cash and cheques cannot be accepted.

If completing the application process online, when available, further instructions can be assessed at www.bnpparibas-am.com/en-au

We reserve the right to accept or reject applications in whole or in part at our discretion. We have the discretion to delay processing applications where we believe this to be in the best interest of the Trust's investors.

The price at which units are acquired is determined in accordance with the Constitution ("Application Price"). The Application Price on a Business Day is, in general terms, equal to the Net Asset Value ("NAV") of the Trust, divided by the number of units on issue and adjusted for transaction costs ("Buy Spread"). At the date of this PDS, the Buy Spread is 0.15%.

The Application Price will vary as the market value of assets in the Trust rises or falls.

Making additional investments

You can make additional investments into the Trust at any time by sending us your additional investment amount together with a completed Additional Investment Form. There is no minimum additional investment into the Trust.

Switches

You can generally switch all or part of your investment at any time between BNP Paribas C WorldWide Global Equity Trust (Hedged) and the Underlying Trust using the designated Switch Form. This is subject to meeting the withdrawal and application criteria (including minimum amounts) specified in the relevant PDS of the Underlying Trust.

Completed Switch Forms should be sent along with your identification documents (if applicable) to:

BNP Paribas Asset Management GPO Box 804
Melbourne, VIC, 3001

or send the completed Switch Form by email to bnppam.transactions@unitregistry.com.au

We reserve the right to accept or reject switches in whole or in part at our discretion. We have the discretion to delay processing switches where we believe this to be in the best interest of the Trust's investors.

Distributions

An investor's share of any distributable income is calculated in accordance with the Constitution and is generally based on the number of units held by the investor at the end of the distribution period.

The Trust usually distributes income annually at 30 June. Distributions are calculated effective the last day of each distribution period and are normally paid to investors as soon as practicable after the distribution calculation date.

Investors in the Trust can indicate a preference to have their distribution:

- reinvested back into the Trust; or
- directly credited to their AUD Australian domiciled bank account.

Investors who do not indicate a preference will have their distributions automatically reinvested. Applications for reinvestment will be taken to be received immediately prior to the next Business Day after the relevant distribution period. There is no Buy Spread on distributions that are reinvested.

In some circumstances, the Constitution may allow for an investor's withdrawal proceeds to be taken to include a component of distributable income.

Indirect Investors should review their IDPS guide for information on how and when they receive any income distribution.

Access to your money

Investors in the Trust can generally withdraw their investment by completing a written request to withdraw from the Trust and mailing it to:

BNP Paribas Asset Management
GPO Box 804
Melbourne, VIC, 3001

Or sending it by email to bnppam.transactions@unitregistry.com.au

The minimum withdrawal amount is \$50. Once we receive and accept your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

Equity Trustees will generally allow an investor to access their investment within 3 days of acceptance of a withdrawal request by transferring the withdrawal proceeds to such investor's nominated bank account. However, Equity Trustees is allowed to reject withdrawal requests, and also to make payment up to 30 days after acceptance of a request (which may be extended in certain circumstances) as outlined in the Constitution and Reference Guide. We reserve the right to accept or reject withdrawal requests in whole or in part at our discretion.

The price at which units are withdrawn is determined in accordance with the Constitution ("Withdrawal Price"). The Withdrawal Price on a Business Day is, in general terms, equal to the NAV of the Trust, divided by the number of units on issue and adjusted for transaction costs ("Sell Spread"). At the date of this PDS, the Sell Spread is 0.15%.

The Withdrawal Price will vary as the market value of assets in the Trust rises or falls.

Equity Trustees reserves the right to fully redeem your investment if your investment balance in the Trust falls below \$25,000 as a result of processing your withdrawal request. We also reserve the right to fully withdraw your investment if your investment balance in the Trust is less than \$25,000. In certain circumstances, for example, when there is a freeze on withdrawals, where accepting a withdrawal is not in the best interests of investors in the Trust including due to one or more circumstances outside its control or where the BNP Paribas C WorldWide Global Equity Trust (Hedged) is not liquid (as defined in the Corporations Act), Equity Trustees can deny or suspend a withdrawal request and you may not be able to withdraw your funds in the usual processing times or at all. When the BNP Paribas C WorldWide Global Equity Trust (Hedged) is not liquid, an investor can only withdraw when Equity Trustees makes a withdrawal offer to investors in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

If you are an Indirect Investor, you need to provide your withdrawal request directly to your IDPS Operator. The time to process a withdrawal request will depend on the particular IDPS Operator and the terms of the IDPS.

Unit pricing discretions policy

Equity Trustees has developed a formal written policy in relation to the guidelines and relevant factors taken into account when exercising any discretion in calculating unit prices (including determining the value of the assets and liabilities). A copy of the policy and, where applicable and to the extent required, any other relevant documents in relation to the policy will be made available free of charge on request.

Additional information

If and when the BNP Paribas C WorldWide Global Equity Trust (Hedged) has 100 or more direct investors, it will be classified by the Corporations Act as a 'disclosing entity'. As a disclosing entity, the Trust will be subject to regular reporting and disclosure obligations. Investors would then have a right to obtain a copy, free of charge, of any of the following documents:

- the most recent annual financial report lodged with ASIC ("Annual Report");
- any subsequent half yearly financial report lodged with ASIC after the lodgement of the Annual Report; and
- any continuous disclosure notices lodged with ASIC after the Annual Report but before the date of this PDS.

Equity Trustees will comply with any continuous disclosure obligation by lodging documents with ASIC as and when required.

Copies of these documents lodged with ASIC in relation to the Trust may be obtained from ASIC through ASIC's website.

3. Benefits of investing in the BNP Paribas C WorldWide Global Equity Trust (Hedged)

Currency Hedging: The Trust offers exposure to an unconstrained, concentrated portfolio of global equity securities managed by CWW whilst employing a Currency Hedging overlay strategy that aims to reduce the impact on the Trust of movements in foreign currency exchange rates (ie: the currencies of the Underlying Trust's investments versus the Australian Dollar).

Team Approach: CWW's collaborative team approach is key to the decision making process – ideas are shared and actively discussed in a group forum. A key differentiator is the stability and experience of the global decision team which has managed the global portfolio since the early 1990s. The global decision team, with input from other regional portfolio managers, works diligently in understanding each investment to ensure a relatively low risk, high conviction portfolio. The competitive edge is achieved by the simplicity of the focused concept, both from an investment and risk control perspective.

Style Consistency: CWW's investment philosophy has been unchanged since the firm's inception in 1986. The most distinctive feature of this strategy is the 30 high conviction stock target which has been consistent since inception of the strategy. This is one of CWW's competitive advantages, as the relatively concentrated portfolio ensures a disciplined and focused approach emphasising selectivity. Importantly, a focused portfolio results in a disciplined buy and sell approach based on the one in-one out better alternative principle.

Risk Management: CWW's investments are not constrained by benchmark limitations and restrictions. They accept that their focused portfolio management style of targeting 30 high conviction stocks can result in significant deviations from the Underlying Benchmark and therefore a relatively higher Tracking Error. However, the resulting portfolio is diversified from a country, sector and company perspective and CWW actively monitors portfolio risk to achieve market-like standard deviation. The concentrated portfolio of stocks results in a high degree of focus which in turn ensures operational simplicity and efficiency as well as easier oversight of portfolio risks.

Global Mandate: The portfolio target of 30 stocks gives CWW an edge in focusing on what really matters – they are not necessarily exploiting any market inefficiencies, but rather avoiding over diversification with too much focus on the Underlying Benchmark and too many portfolio positions. Too many investors focus on the short term and try to maximise portfolio returns by actively trading news flow. CWW believes that by focusing on the long-term structural environment and selected global themes and trends, coupled with a long holding period when investing, the best risk-adjusted return can be achieved. Finding and investing in a select few good ideas is the key to how CWW adds value over the long term.

4. Risks of managed investment schemes

All investments carry risks. Different investment strategies may carry different levels of risk, depending on the assets acquired under the strategy. Assets with the highest long-term returns may also carry the highest level of short-term risk. The significant risks below should be considered in light of your risk profile when deciding whether to invest in the Trust. Your risk profile will vary depending on a range of factors, including your age, the investment time frame (how long you wish to invest for), your other investments or assets and your risk tolerance.

The Responsible Entity, Investment Manager, Currency Manager, Underlying Investment Manager, BNP Paribas SA, or any member of the BNP Paribas Group do not guarantee the liquidity of the Trust's investments, repayment of capital or any rate of return or the Trust's investment performance. The value of the Trust's investments will vary. Returns are not guaranteed, and you may lose money by investing in the Trust. The level of returns will vary and future returns may differ from past returns. Laws affecting managed investment schemes may change in the future. The structure and administration of the Trust is also subject to change.

In addition, we do not offer advice that takes into account your personal financial situation, including advice about whether the Trust is suitable for your circumstances. If you require personal financial or taxation advice, you should contact a licensed financial adviser and/or taxation adviser.

The Trust offered in this PDS is not a deposit with or other liability of BNP Paribas SA or any other member company of BNP Paribas SA.

Active Management Risk

CWW does not invest in a predetermined basket of securities, such as a basket of securities that reflects an index, but instead selects securities that meets its investment criteria. This carries with it the risk that the Trust may underperform the market generally.

Company Specific Risk

The value of investments can vary because of changes to a company's management, internal operations, product distribution or the company's business environment. Returns are affected by the underlying strength of the cash flows, balance sheets and management of the companies in which the Underlying Trust invests. An investment in shares carries the risk of a decline in value or a decrease in, or failure of payment in, distributions because of a number of factors, including a fall in investor confidence, poor management or changes in a company's competitive environment or internal operations.

Concentration Risk

The concentrated nature of the investments of the Underlying Trust will reduce the potential benefit of diversification of the Trust. The potential benefit of diversification is to reduce volatility of investments. As the Underlying Trust has a concentrated portfolio of investments, the Trust may experience higher volatility than a more diversified portfolio.

Counterparty Credit Risk

Counterparty risk is the risk that any of the Responsible Entity's, the Investment Manager's, the Currency Manager's or CWW's trading counterparties, custodians, or any issuer or guarantor of securities held by the Trust, becomes insolvent or cannot otherwise meet their obligations to settle or repay money.

Currency Risk

Currency risk is the sensitivity of the portfolio value to movement in foreign exchange rates. CWW quantifies the risk of each individual security but does not actively manage currencies in aggregate for the Underlying Trust. The Currency Manager uses Currency Hedging techniques, which aim to reduce this risk within the Trust. The Currency Hedging employed may not completely remove the risk of currency exposure. Hedging also reduces the opportunity to profit from favourable currency movements.

Derivatives Risk

Derivatives risk includes the value of derivatives positions not moving in line with the movement in the underlying asset, potential illiquidity of a derivative, and the Trust being unable to meet payment obligations in relation to derivatives contracts.

Emerging Markets Risk

Emerging Markets are more likely to experience greater volatility than markets in developed countries. Securities traded in Emerging Markets also have more limited liquidity when compared to securities traded in developed countries. This means that those securities may fall more sharply and rapidly than securities traded in developed countries. Further risks include differences in auditing and financial accounting standards, less regulated markets, less developed corporate laws and political risk.

Environmental, Social and Governance Risk (ESG)

The use of ESG criteria may affect the Trust's investment performance and, as such, the Trust may perform differently compared to similar funds that do not use such criteria. Applying ESG and sustainability criteria to the investment process may exclude certain assets for non-investment reasons and therefore some market opportunities available to funds that do not use ESG or sustainability criteria may be unavailable for the Trust. The selection of assets may in part rely on an impact approach, ESG scoring process or exclusion lists that rely partially on third party data. The lack of common or harmonised definitions and labels integrating ESG and sustainability criteria may result in different approaches by managers when setting ESG objectives and determining that these objectives have been met by the funds they manage. This also means that it may be difficult to compare strategies integrating ESG and sustainability criteria to the extent that the selection and weightings applied to select investments may to a certain extent be subjective or based on metrics that may share the same name but have different underlying meanings. Investors should note that the subjective value that they may or may not assign to certain types of ESG criteria may differ substantially from the methodology of the Underlying Investment Manager.

Hedging Risk

The Currency Manager's Currency Hedging strategy may not be successful or achieve its intended purpose. The Trust may not be fully hedged, for example, where hedging is applied on a confirmed cash basis or it is impracticable and/or too costly to Hedge smaller currency exposures or currencies that are less liquid. Furthermore, costs may be incurred in implementing any hedging strategy. In the event that the Trust receives an application or redemption request, the Trust may buy or sell underlying investments or enter into hedging arrangements. This may result in the Trust being over-hedged to the extent that application monies are invested but then not received by the Trust. The Trust may subsequently incur a cost to unwind such hedging arrangements.

5. How we invest your money

Warning: When choosing to invest in the Trust, you should consider the likely investment returns, the risks of investing and your investment time frame.

Investment objective

The investment objective of the Trust is to achieve long-term capital growth exceeding the return of the market by investing in global equities. The Trust's exposure to foreign currencies will be reduced through a passive hedging strategy. The Trust aims to generate excess returns relative to the Benchmark over a 3 year period, before taking fees and expenses into account.

Benchmark

MSCI All Country World Index, incl. net dividends, hedged to AUD.

Minimum suggested time frame

The minimum suggested investment timeframe for the Trust is 5 years.

Risk level

High.

There is a risk investors may lose some or all of their initial investment. Higher risk investments tend to fluctuate in the short term but can produce higher returns than lower risk investments over the long term.

Investor suitability

The Trust is designed for investors seeking capital appreciation over the longer term by investing in companies CWW believes will have superior growth prospects and returns, with foreign currency exposure substantially hedged back to Australian dollars.

Investment style and approach

The Trust aims to offer the performance of the Underlying Trust, managed by CWW, whilst seeking to reduce the effect of currency movements. The Trust aims to achieve this by applying a passive Currency Hedging overlay, managed by the Currency Manager, that substantially Hedges foreign currency exposures of the Underlying Trust back to Australian Dollars. This approach is passively applied, meaning that the objective is to reduce currency risk without trying to increase returns by actively managing currency positions.

The investment style of the Underlying Trust is a concentrated stock-picking approach of targeting 30 securities, designed to ensure a sufficient high level of risk diversification both from a country and sector perspective. There may be occasions where the portfolio holds more than 30 stocks if CWW is transitioning out of one stock position and into another.

CWW endeavours to understand and capitalise on the trends of the future – an investment approach described as “trend based stock picking”. It is a trend/theme influenced top-down framework combined with a Bottom-up stock picking approach. CWW selects stocks from an unconstrained universe, meaning it has the flexibility to pursue opportunities all around the world. The Underlying Trust invests in equities listed on global stock exchanges and has no country or sector restrictions. However portfolio diversification, from a country, sector, theme and company perspective is prioritised and CWW monitors the Underlying Trust’s exposures closely.

The Underlying Trust can hold stocks that are not in the Underlying Benchmark, and this can result in significant differences from the index weightings. The Underlying Trust has some inherent biases – for example large/mega capitalisation stocks are favoured over small/mid cap companies as are higher quality (higher return on equity) companies over lower quality companies. Furthermore companies in the Underlying Trust will typically have a growth bias, as CWW strongly believes that earnings growth drives share price growth over the longer term. This focus on companies with an earnings growth profile is coupled with an emphasis on valuation as stock investments are implemented at reasonable valuations (Growth at Reasonable Price, or “GARP”, style).

Asset allocation

Target asset allocation ranges of Underlying Trust:

- Global equities 90-100%
- Cash & cash equivalents 0-10%.

The Trust may also utilise derivatives and hold cash as a routine means to achieve the Currency Hedging strategy. The target allocations for the Trust are:

- Underlying Trust 96-100%
- Cash & cash equivalents 0-4%
- Derivatives are used on a best efforts basis to hedge approximately 100% of the exposure to currencies other than AUD

Labour Standards, Environmental, Social and Ethical Factors (“ESG considerations”)

EQT has delegated the investment function (including ESG responsibilities) to the Investment Manager. The Trust invests its assets into the Underlying Trust which is also managed by BNP Paribas Asset Management. BNP Paribas Asset Management has subcontracted the investment management of the Underlying Trust to CWW and CWW has contemplated that the following ‘Labour, Environmental, Social and Ethical’ considerations will be taken into account when making investment decisions with respect to the Underlying Trust.

Decisions about the selection, retention or realisation of investments for the Underlying Trust are primarily based on company fundamentals. CWW takes into account labour standards, environmental, social and ethical issues when making these decisions to the extent that these issues have a material impact on either investment risk or return.

CWW is a United Nations Principles for Responsible Investment (UNPRI) signatory and is always seeking to improve its way of thinking and investing in order to serve clients in the best possible manner. In each investment case CWW looks at numerous factors including ESG. A poor ESG profile can affect the performance of an investment quite significantly and given the long-term holding period CWW aims to avoid these types of companies. CWW uses the consulting services of an ESG screening company, Sustainalytics, which offers valuable input into ESG issues.

The Underlying Trust invests consistently with the BNP Paribas Asset Management Groups Responsible Business Conduct Policy (“RBC Policy”), as amended from time to time. The RBC Policy sets responsible business conduct standards including following investment screens such as the United Nations Global Compact principles and OECD Guidelines for Multinational Enterprises, and guidelines relating to investments in sensitive sectors. Those sectors currently include, but are not limited to, palm oil, wood pulp, mining activities, nuclear, coal, tobacco, controversial weapons, oil and gas. The RBC Policy provides a comprehensive overview for each sector policy, including a description of the two types of criteria that are applied to investments:

- Mandatory requirements are to be understood as those that have to be met without exception for BNP Paribas Asset Management to invest in a company.
- Evaluation/engagement criteria provide a framework for further contextual analysis and dialogue with companies, based on which BNP Paribas Asset Management may decide not to invest even if mandatory requirements are met.

Both the mandatory requirements and the evaluation criteria include a range of quantitative and qualitative assessments which may assess policies in place, compliance with international norms or laws, and thresholds or targets on specified metrics.

The current version of the RBC Policy is available upon request from BNP Paribas Asset Management’s Client Services on 1800 267 726 (Australia) or +612 9619 6041.

The Underlying Trust does not invest in securities classified as being in the tobacco industry by the Global Industry Classification Standard (GICS), developed by MSCI and S&P Dow Jones Indices. The tobacco industry, GICS classification 302030, is comprised of manufacturers of cigarettes and other tobacco products.

The Global Industry Classification Standard (“GICS”) was developed by and is the exclusive property and a service mark of MSCI Inc. (“MSCI”) and Standard & Poor’s, a division of The McGraw-Hill Companies, Inc. (“S&P”) and is licensed for use by BNP Paribas Asset Management Holding. Neither MSCI, S&P nor any third party involved in making or compiling the GICS or any GICS classifications makes any express or implied warranties or representations with respect to such standard or classification (or the results to be obtained by the use thereof), and all such parties hereby expressly disclaim all warranties of originality, accuracy, completeness, merchantability and fitness for a particular purpose with respect to any of such standard or classification. Without limiting any of the foregoing, in no event shall MSCI, S&P, any of their affiliates or any third party involved in making or compiling the GICS or any GICS classifications have any liability for any direct, indirect, special, punitive, consequential or any other damages (including lost profits) even if notified of the possibility of such damages.

Because the Trust’s investments are only cash, units in the BNP Paribas C Worldwide Global Equity Trust, or derivatives for the purposes of foreign Currency Hedging, labour standards or environmental, social or ethical considerations are not taken into account in the selection, retention or realisation of those investments.

Trust performance

Up to date information on the performance of the Trust will be available by:

- calling BNP Paribas Asset Management’s Client Services on 1800 267 726 (Australia) or +612 9619 6041; or
- visiting BNP Paribas Asset Management’s website at www.bnpparibas-am.com/en-au.

6. Fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Trust or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The information in the following Fees and Costs Summary can be used to compare costs between different simple managed investment schemes. Fees and costs can be paid directly from an investor's account or deducted from investment returns. For information on tax please see Section 7 of this PDS.

Fees and Costs Summary

BNP Paribas C WorldWide Global Equity Trust (Hedged)		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs¹		
<i>Management fees and costs</i> The fees and costs for managing your investment ²	1.02% p.a. of the NAV of the Trust ³	The management fees component of management fees and costs are accrued daily and paid from the Trust monthly in arrears and reflected in the unit price. Otherwise, the fees and costs are variable and deducted and reflected in the unit price of the Trust as they are incurred.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	Not applicable	Not applicable
<i>Transaction costs</i> The costs incurred by the scheme when buying or selling assets	0.20% p.a. of the NAV of the Trust ³	Transaction costs are variable and deducted from the Trust as they are incurred and reflected in the unit price. They are disclosed net of amounts recovered by the buy-sell spread. Any transaction costs at the Interposed Vehicle level are reflected in the value of the Trust's investment in the relevant Interposed Vehicle, and therefore reflected in the unit price.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)		
<i>Establishment fee</i> The fee to open your investment	Not applicable	Not applicable

BNP Paribas C WorldWide Global Equity Trust (Hedged)		
Type of fee or cost	Amount	How and when paid
<i>Contribution fee</i> The fee on each amount contributed to your investment	Not applicable	Not applicable
<i>Buy-sell spread</i> An amount deducted from your investment representing costs incurred in transactions by the scheme	0.15% upon entry and 0.15% upon exit	These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Trust and are not separately charged to the investor. The Buy Spread is paid into the Trust as part of an application and the Sell Spread is left in the Trust as part of a redemption.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Not applicable	Not applicable
<i>Exit fee</i> The fee to close your investment	Not applicable	Not applicable
<i>Switching fee</i> The fee for changing investment options	Not applicable	Not applicable

¹ All fees quoted above are inclusive of Goods and Services Tax (GST) and net of any Reduced Input Tax Credits (RITC). See below for more details as to how the relevant fees and costs are calculated.

² The management fee component of management fees and costs can be negotiated. See "Differential fees" in the "Additional Explanation of Fees and Costs" below.

³ The indirect costs component of management fees and costs and transaction costs is based on the relevant costs incurred during the financial year ended 30 June 2025. Please see "Additional Explanation of Fees and Costs" below.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Trust, investing the assets of the Trust, expenses and reimbursements in relation to the Trust and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.03% p.a. of the NAV of the Trust is payable to the Responsible Entity of the Trust for managing the assets and overseeing the operations of the Trust. The management fees component is accrued daily and paid from the Trust monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.99% p.a. of the NAV of the Trust may include other ordinary expenses of operating the Trust, as well as management fees and costs (if any) arising from Interposed Vehicles in or through which the Trust invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Trust's investment strategy. The indirect costs and other expenses component is variable and reflected in the unit price of the Trust as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on the relevant costs incurred during the financial year ended 30 June 2025.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transaction costs

In managing the assets of the Trust, the Trust may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Trust, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, and the costs of over-the-counter derivatives that reflect transaction costs that would arise if the Trust held the ultimate reference assets, as well as the costs of over-the-counter derivatives used for hedging purposes. Transaction costs also include costs incurred by Interposed Vehicles in which the Trust invests, that would have been transaction costs if they had been incurred by the Trust itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Trust are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Trust.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Trust will incur when buying or selling assets of the Trust. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Trust and are not separately charged to the investor. The Buy Spread is paid into the Trust as part of an application and the Sell Spread is left in the Trust as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.15% upon entry and 0.15% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$37.50 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.bnpparibas-am.com/en-au will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Trust's assets and are reflected in the Trust's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Trust are 0.33% p.a. of the NAV of the Trust, which is based on the relevant costs incurred during the financial year ended 30 June 2025.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2% of the GAV of the Trust. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Trust and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Trust on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on 1800 267 726 (Australia) or +612 9619 6041 for further information.

Example of annual fees and costs for an investment option

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

EXAMPLE – BNP Paribas C WorldWide Global Equity Trust (Hedged)		
BALANCE OF \$50,000 WITH A CONTRIBUTION OF \$5,000 DURING THE YEAR		
Contribution Fees	Nil	For every additional \$5,000 you put in, you will be charged \$0
Plus Management fees and costs	1.02% p.a	And, for every \$50,000 you have in the BNP Paribas C WorldWide Global Equity Trust (Hedged) you will be charged or have deducted from your investment \$510 each year
Plus Performance fees	Not applicable	And, you will be charged or have deducted from your investment \$0 in performance fees each year
Plus Transaction costs	0.20% p.a.	And, you will be charged or have deducted from your investment \$100 in transaction costs
Equals Cost of BNP Paribas C WorldWide Global Equity Trust (Hedged)		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$610* What it costs you will depend on the investment option you choose and the fees you negotiate.

* Additional fees may apply. Please note that this example does not capture all the fees and costs that may apply to you such as the Buy/Sell Spread.

This example assumes the \$5,000 contribution occurs at the end of the first year, therefore the fees and costs are calculated using the \$50,000 balance only.

Warning: If you have consulted a financial adviser, you may pay additional fees. You should refer to the Statement of Advice or Financial Services Guide provided by your financial adviser in which details of the fees are set out.

ASIC provides a fee calculator on www.moneysmart.gov.au, which you may use to calculate the effects of fees and costs on account balances.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates. As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

Further reading

You should read the important information in the Reference Guide about fees and costs under the "Fees and other costs" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto or www.bnpparibas-am.com/en-au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Trust) is likely to have tax consequences. You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences and, if appropriate, foreign tax consequences which may apply to you based on your particular circumstances before investing in the Trust.

The Trust is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. Australian resident investors are assessed for tax on any income and capital gains generated by the Trust to which they become presently entitled or, where the Trust has made a choice to be an Attribution Managed Investment Trust ("AMIT") and the choice is effective for the income year, are attributed to them.

Further reading

You should read the important information in the Reference Guide about Taxation under the "Other important information" section before making a decision. Go to the Reference Guide which is available at www.eqt.com.au/insto or www.bnpparibas-am.com/en-au. The material relating to these matters may change between the time when you read this PDS and the day when you acquire the product.

8. How to apply

To invest please complete the relevant Application Form accompanying this PDS, send funds (see details in the Application Form) and your completed Application Form to:

BNP Paribas Asset Management
GPO Box 804
Melbourne, VIC, 3001

or send the completed Application Form by email to bnppam.transactions@unitregistry.com.au

Alternatively, for investors in Australia meeting the online application criteria, you will be able to complete the application process online (when available - please visit www.bnpparibas-am.com/en-au for further instructions). Please refer to the Reference Guide for details of eligibility for online applications.

Please note that cash and cheques cannot be accepted and all applications must be made in Australian dollars.

Who can invest?

Eligible persons (as detailed in the 'About this PDS' section) can invest, however individual investors must be 18 years of age or over. Investors investing through an IDPS should use the application form provided by the operator of the IDPS.

Cooling off period

If you are a Retail Client who has invested directly in the Trust, you may have a right to a 'cooling off' period in relation to your investment in the Trust for 14 days from the earlier of:

- confirmation of the investment being received; and
- the end of the fifth business day after the units are issued.

A Retail Client may exercise this right by notifying Equity Trustees in writing. A Retail Client is entitled to a refund of their investment adjusted for any increase or decrease in the relevant Application Price between the time we process your application and the time we receive the notification from you, as well as any other tax and other reasonable administrative expenses and transaction costs associated with the acquisition and termination of the investment.

The right of a Retail Client to cool off does not apply in certain limited situations, such as if the issue is made under a distribution reinvestment plan, switching facility or represents additional contributions required under an existing agreement. Also, the right to cool off does not apply to you if you choose to exercise your rights or powers as an investor in the Trust during the 14 day period. This could include selling part of your investment or switching it to another product.

Indirect Investors should seek advice from their IDPS Operator as to whether cooling off rights apply to an investment in the Trust by the IDPS. The right to cool off in relation to the Trust is not directly available to an Indirect Investor. This is because an Indirect Investor does not acquire the rights of an investor in the Trust. Rather, an Indirect Investor directs the IDPS Operator to arrange for their monies to be invested in the Trust on their behalf. The terms and conditions of the IDPS guide or similar type document will govern an Indirect Investor's investment in relation to the Trust and any rights an Indirect Investor may have in this regard.

Complaints resolution

Equity Trustees has an established complaints handling process and is committed to properly considering and resolving all complaints. If you have a complaint about your investment, please contact us on:

Phone: 1300 133 472

Post: Equity Trustees Limited
GPO Box 2307, Melbourne VIC 3001

Email: compliance@eqt.com.au

We will acknowledge receipt of the complaint within 1 Business Day or as soon as possible after receiving the complaint. We will seek to resolve your complaint as soon as practicable but not more than 30 calendar days after receiving the complaint.

If you are not satisfied with our response to your complaint, you may be able to lodge a complaint with the Australian Financial Complaints Authority ("AFCA").

Contact details are:

Online: www.afca.org.au

Phone: 1800 931 678

Email: info@afca.org.au

Post: GPO Box 3, Melbourne VIC 3001.

The external dispute resolution body is established to assist you in resolving your complaint where you have been unable to do so with us. However, it's important that you contact us first.

9. Other information

Consent

The Investment Manager, CWW and the Currency Manager have given and, as at the date of this PDS, have not withdrawn:

- their written consent to be named in this PDS as the Investment Manager, Underlying Investment Manager and the Currency Manager of the Trust; and
- their written consent to the inclusion of the statements made about them which are specifically attributed to them, in the form and context in which they appear.

The Investment Manager, CWW and the Currency Manager have not otherwise been involved in the preparation of this PDS or caused or otherwise authorised the issue of this PDS. Neither the Investment Manager, CWW, the Currency Manager nor their employees or officers accept any responsibility arising in any way for errors or omissions, other than those statements for which they have provided their written consent to Equity Trustees for inclusion in this PDS.

1. Investing in the BNP Paribas C WorldWide Global Equity Trust (Hedged)

Application cut-off times

If we receive a correctly completed Application Form/Additional Investment Form, identification documents (if applicable) and cleared application money:

- before 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for that Business Day; or
- on or after 2pm (Sydney time) on a Business Day and your application for units is accepted, you will generally receive the Application Price calculated for the next Business Day.

Please see the PDS for information regarding how to apply.

Application terms

We will only start processing an application if:

- we consider that you have correctly completed the Application Form/Additional Investment Form;
- you have provided us with the relevant identification documents if required; and
- we have received the application money (in cleared funds) stated in your Application Form/Additional Investment Form.

Online applications

In addition to completing the hard copy Application Form that accompanies the relevant PDS, investors in Australia meeting the online application criteria will also have the option (when available) of completing an online version of the Application Form (further instructions will be available on www.bnpparibas-am.com/en-au). The online Application Form will allow investors to complete the AML and KYC requirements online and to submit the application using an electronic signature provided that they:

- are a resident of Australia for tax purposes;
- have an Australian residential address;
- have an Australian bank account; and
- have an Australian mobile phone number

Please note that the online Application Form will only be available for initial applications and cannot be used for additional investments.

2. Managing your investment

Authorised signatories

You can appoint a person, partnership or company as your authorised signatory. To do so, please nominate them on the hard copy Application Form and have them sign the relevant sections. If a company is appointed, the powers extend to any director and officer of the company. If a partnership is appointed, the powers extend to all partners. Such appointments will only be cancelled or changed once we receive written instructions from you to do so.

Once appointed, your authorised signatory has full access to operate your investment account for and on your behalf. This includes the following:

- making additional investments;
- requesting income distribution instructions be changed;
- withdrawing all or part of your investment;
- changing bank account details; and
- enquiring and obtaining copies of the status of your investment.

If you do appoint an authorised signatory:

- you are bound by their acts;
- you release, discharge and indemnify us from and against any losses, liabilities, actions, proceedings, claims and demands arising from instructions received from your authorised signatory; and

- you agree that our acting on any instructions received from your authorised signatory shall amount to complete satisfaction of our obligations, even if these instructions were made without your knowledge or authority.

Reports

Investors will be provided with the following reports:

- application and withdrawal confirmation statements;
- transaction statements; and
- (where applicable), distribution and tax statements.

Annual audited financial accounts are available on Equity Trustees' website.

Switch cut-off times

If we receive a correctly completed Switch Form and identification documents (if applicable):

- before 2pm (Sydney time) on a Business Day and your switch application is accepted, you will generally receive the NAV per unit ('NAV Price') calculated for that Business Day; or
- on or after 2pm (Sydney time) on a Business Day and your switch application is accepted, you will generally receive the NAV Price calculated for the next Business Day.

Switch terms

We will only start processing a switch application if:

- we consider that you have correctly completed the Switch Form with either the dollar amount to be switched or number of units to be switched.
- you have provided us with the relevant identification documents if required; and
- the switch application meets the withdrawal and application criteria (including minimum amounts) specified in the relevant PDS for the class or trust.

The number of units issued for switches into the Underlying Trust is determined by dividing the switch amount by the applicable NAV Price. The number of units withdrawn for switches from a trust is determined by dividing the switch amount by the applicable NAV Price.

The PDS for the Underlying Trust may be updated or replaced from time to time and you should read the current version before you switch. You can obtain a copy of the current PDS by contacting us on 1800 267 726 (Australia) or +612 9619 6041 for the latest Switch Form.

Please include the following information in your switch request:

your account number and account name, the number of units or amount to be switched from/to each trust.

All switches involve a withdrawal of money from one trust and an investment in another trust on the same effective date.

A switch out of a trust will generally be a disposal of units for tax purposes which may have tax implications for you (see the "Taxation" section for details).

3. Withdrawing your investment

Withdrawal cut-off times

If we receive a withdrawal request:

- before 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for that Business Day; or
- on or after 2pm (Sydney time) on a Business Day and your withdrawal request is accepted, you will generally receive the Withdrawal Price calculated for the next Business Day.

Please see the PDS for information regarding how to request a withdrawal.

Withdrawal terms

Once we receive your withdrawal request, we may act on your instruction without further enquiry if the instruction bears your account number or investor details and your (apparent) signature(s), or your authorised signatory's (apparent) signature(s).

We may contact you to check your details before processing your withdrawal request but are not obliged to. This may cause a delay in finalising payment of your withdrawal money. No interest is payable for any delay in finalising payment of your withdrawal money.

We are not responsible or liable if you do not receive, or are late in receiving, any withdrawal money that is paid according to your instructions.

When you are withdrawing, you should take note of the following:

- Withdrawals will only be paid to the investor.
- We reserve the right to fully redeem your investment if, as a result of processing your request, your investment balance in the Trust falls below the minimum balance set out in the PDS.
- If we cannot satisfactorily identify you as the withdrawing investor, we may reject your withdrawal request or payment of your withdrawal proceeds will be delayed. We are not responsible for any loss you consequently suffer.
- As an investor who is withdrawing, you agree that any payment made according to instructions received by post, courier, or email, shall be a complete satisfaction of our obligations, despite any fact or circumstances such as the payment being made without your knowledge or authority.
- You agree that if the payment is made according to these terms, you, and any person claiming on your behalf, shall have no claim against us with regards to such payment.

Withdrawal restrictions

Under the Corporations Act, you do not have a right to withdraw from the Trust if the Trust is illiquid. In such circumstances, you will only be able to withdraw your investment if Equity Trustees makes a withdrawal offer in accordance with the Corporations Act. Equity Trustees is not obliged to make such offers.

The Trust will be deemed liquid if at least 80% of its assets are liquid assets (generally cash and marketable securities). In addition, we may at any time suspend consideration of withdrawal requests or defer our obligation to pay withdrawal proceeds if it is not possible, or not in the best interests of investors or former investors for us to do so, due to circumstances outside our control (such as restricted or suspended trading in a Trust asset).

4. Additional risks of managed investment schemes

The following risks are of a general nature and apply generally to investments in managed funds. You must also read the risks specific to the Trust in which you wish to invest. These are disclosed in each Trust's PDS.

Interest Rate Risk

Changes in official interest rates can directly or indirectly impact (negatively or positively) on investment returns. For instance, rising interest rates can have a negative impact on the Trust's or a company's value as increased borrowing costs may cause earnings to decline. As a result, the unit value or share price may fall.

Legal Risk

The Trust may be affected by the actions of governments and regulatory bodies. Legislation could be imposed retrospectively or may be issued in the form of internal regulations of which the public may not be aware. Legislation (including legislation relating to tax) or regulation may be introduced which inhibits the Trust from pursuing its strategy or which renders an existing strategy less profitable than anticipated. Such actions may take any form, for example, nationalisation of any institution or restrictions on investment strategies in any given market sector (for example restrictions on short selling in the financial sector) or changing requirements (for example increased disclosure to market) and imposed without prior warning by any regulator. This risk is generally higher in developing countries.

Liquidity Risk

There may be times when securities may not be readily sold (for example, in a falling market where companies may become less liquid). If this occurs and it results in the Trust becoming illiquid, withdrawals of units from the Trust must be processed only in accordance with the Corporations Act. Trading volumes of stocks are generally expected to be sufficient to satisfy liquidity requirements when necessary.

Neither the Responsible Entity nor the Investment Manager nor the Currency Manager nor the Underlying Investment Manager guarantees the liquidity of the Trust's investments.

Market Risk

The value of investments may fluctuate significantly over short periods of time. These fluctuations can be caused by changes in interest rates, economic cycles, investor sentiment, and political, social, technological and legal events. These changes can directly or indirectly create an environment that influences (negatively or positively) the value of the investments in the Trust. In addition, a downward move in the general level of the equities market can have a negative impact on the performance of the Trust.

Operational Risk

Operational risk addresses the risk of trading and back office or administration issues that may result in a loss to the portfolio. This could be the result of oversight, ineffective security processing procedures, computer system problems or human error. The Responsible Entity, the Investment Manager, the Currency Manager and CWW have instituted certain practices and processes within their respective operations and business administrations designed to wherever possible mitigate the operational risk consequences that arise.

Pandemic and other unforeseen event risk

Health crises, such as pandemic and epidemic diseases, as well as other catastrophes that interrupt the expected course of events, such as natural disasters, war or civil disturbance, acts of terrorism, power outages and other unforeseeable and external events, and the public response to or fear of such diseases or events, have and may in the future have an adverse effect on the economies and financial markets either in specific countries or worldwide and consequently on the value of the Trust's investments. Further, under such circumstances the operations, including functions such as trading and valuation, of the Investment Manager, Currency Manager, Underlying Investment Manager and other service providers could be reduced, delayed, suspended or otherwise disrupted.

Political Risk

There may be high political risk in certain countries due to the fragile political environment of those countries. Political instability and/or political disturbances are more common in Emerging Markets than in developed nations. There may be higher economic risk from policy mistakes, as governments are less accountable than in developed nations. Examples of severe currency depreciation have also occurred in some nations.

Stock Selection Risk

CWW may make poor investment decisions resulting in sub-standard returns (for example where CWW invests in a company that significantly underperforms the share market). This risk is mitigated to some extent by the knowledge and experience of CWW and the diversification of stocks held in the portfolio.

Trust Risk

As with all managed funds, there are risks particular to the Trust including: that the Trust could be terminated, the fees and expenses could change, that Equity Trustees is replaced as Responsible Entity or that the Investment Manager, the Currency Manager or Underlying Investment Manager is replaced. There is also risk that investing in the Trust may give different results than investing directly in the securities because of income or capital gains accrued in the Trust and the consequences of withdrawal by other investors.

Underlying Trust Risk

The Trust’s strategy of investing in the Underlying Trust exposes the Trust to the risks of the Underlying Trust. The Underlying Trust pursues its own investment objective and strategies and may not achieve its objective. In addition, investors of the Trust will indirectly bear the transactional and operational costs of the Underlying Trust.

5. Additional information on fees and costs

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the Trust or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole.

Taxes are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment.

Additional Explanation of Fees and Costs

Management fees and costs

The management fees and costs include amounts payable for administering and operating the Trust, investing the assets of the Trust, expenses and reimbursements in relation to the Trust and indirect costs if applicable.

Management fees and costs do not include performance fees or transaction costs, which are disclosed separately.

The management fees component of management fees and costs of 0.03% p.a. of the NAV of the Trust is payable to the Responsible Entity of the Trust for managing the assets and overseeing the operations of the Trust. The management fees component is accrued daily and paid from the Trust monthly in arrears and reflected in the unit price. As at the date of this PDS, the management fees component covers certain ordinary expenses such as Responsible Entity fees, investment management fees, custodian fees, and administration and audit fees.

The indirect costs and other expenses component of 0.99% p.a. of the NAV of the Trust may include other ordinary expenses of operating the Trust, as well as management fees and costs (if any) arising from Interposed Vehicles in or through which the Trust invests and the costs of investing in over-the-counter derivatives to gain investment exposure to assets or implement the Trust's investment strategy. The indirect costs and other expenses component is variable and reflected in the unit price of the Trust as the relevant fees and costs are incurred. They are borne by investors, but they are not paid to the Responsible Entity or Investment Manager. The indirect costs and other expenses component is based on the relevant costs incurred during the financial year ended 30 June 2025.

Actual indirect costs for the current and future years may differ. If in future there is an increase to indirect costs disclosed in this PDS, updates will be provided on Equity Trustees' website at www.eqt.com.au/insto where they are not otherwise required to be disclosed to investors under law.

Transaction costs

In managing the assets of the Trust, the Trust may incur transaction costs such as brokerage, buy-sell spreads in respect of the underlying investments of the Trust, settlement costs, clearing costs and applicable stamp duty when assets are bought and sold, and the costs of over-the-counter derivatives that reflect transaction costs that would arise if the Trust held the ultimate reference assets, as well as the costs of over-the-counter derivatives used for hedging purposes. Transaction costs also include costs incurred by Interposed Vehicles in which the Trust invests, that would have been transaction costs if they had been incurred by the Trust itself. Transaction costs are an additional cost to the investor where they are not recovered by the Buy/Sell Spread, and are generally incurred when the assets of the Trust are changed in connection with day-to-day trading or when there are applications or withdrawals which cause net cash flows into or out of the Trust.

The Buy/Sell Spread that is disclosed in the Fees and Costs Summary is a reasonable estimate of transaction costs that the Trust will incur when buying or selling assets of the Trust. These costs are an additional cost to the investor but are incorporated into the unit price and arise when investing application monies and funding withdrawals from the Trust and are not separately charged to the investor. The Buy Spread is paid into the Trust as part of an application and the Sell Spread is left in the Trust as part of a redemption and not paid to Equity Trustees or the Investment Manager. The estimated Buy/Sell Spread is 0.15% upon entry and 0.15% upon exit. The dollar value of these costs based on an application or a withdrawal of \$25,000 is \$37.50 for each individual transaction. The Buy/Sell Spread can be altered by the Responsible Entity at any time and www.bnpparibas-am.com/en-au will be updated as soon as practicable to reflect any change. The Responsible Entity may also waive the Buy/Sell Spread in part or in full at its discretion. The transaction costs figure in the Fees and Costs Summary is shown net of any amount recovered by the Buy/Sell Spread charged by the Responsible Entity.

Transaction costs generally arise through the day-to-day trading of the Trust's assets and are reflected in the Trust's unit price as an additional cost to the investor, as and when they are incurred.

The gross transaction costs for the Trust are 0.33% p.a. of the NAV of the Trust, which is based on the actual costs for the year ending 30 June 2025.

However, actual transaction costs for future years may differ.

Can the fees change?

Yes, all fees can change without investor consent, subject to the maximum fee amounts specified in the Constitution. The current maximum management fee to which Equity Trustees is entitled is 2% of the GAV of the Trust. However, Equity Trustees does not intend to charge that amount and will generally provide investors with at least 30 days' notice of any proposed increase to the management fees component of management fees and costs. In most circumstances, the Constitution defines the maximum level that can be charged for fees described in this PDS. Equity Trustees also has the right to recover all reasonable expenses incurred in relation to the proper performance of its duties in managing the Trust, and as such these expenses may increase or decrease accordingly, without notice.

Payments to IDPS Operators

Subject to the law, annual payments may be made to some IDPS Operators because they offer the Trust on their investment menus. Product access is paid by the Investment Manager out of its investment management fee and is not an additional cost to the investor.

Differential fees

The Investment Manager may from time to time negotiate a different fee arrangement (by way of a rebate or waiver of fees) with certain investors who are Australian Wholesale Clients. Please contact the Investment Manager on 1800 267 726 (Australia) or +612 9619 6041 for further information.

Taxation

Please refer to Section 7 of the Product Disclosure Statement and Section 6 of this Reference Guide for further information on taxation.

6. Other important information

Taxation

The following information summarises some of the Australian taxation issues you may wish to consider before making an investment in the Trust and assumes that you hold your investment in the Trust on capital account and are not considered to be carrying on a business of investing, trading in investments or investing for the purpose of profit making by sale. The information should be used as a guide only and does not constitute professional tax advice as individual circumstances may differ.

It is recommended that investors seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Trust.

General

The Trust is an Australian resident trust for Australian tax purposes. Therefore, the Trust is required to determine its net income (taxable income) for the year of income. On the basis that investors are presently entitled (which is the intention of Equity Trustees) to the net income of the Trust (including net taxable capital gains) or will be attributed their share of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust and the Trust is not a public trading trust, the Trust should be treated as a flow-through trust for tax purposes. This means that investors should be taxed on their share of the Trust's net taxable income or the amount attributed to them, and the Trust should generally not be liable to pay Australian income tax.

In the case where the Trust makes a loss for Australian tax purposes, the Trust cannot distribute the tax loss to investors. However, the tax loss may be carried forward by the Trust for offset against taxable income of the Trust in subsequent years, subject to the operation of the trust loss rules.

Attribution Managed Investment Trust ("AMIT") – core rules

The Trust may qualify as an Attribution Managed Investment Trust (AMIT), and if so, intends to elect into the AMIT regime. The AMIT legislation applies an attribution model whereby Equity Trustees as the Responsible Entity of the Trust attributes amounts of trust components of a particular character to investors on a fair and reasonable basis consistent with the operation of the Trust's Constitution, which includes provisions in relation to AMIT. Under the AMIT rules, the following will apply:

Fair and reasonable attribution Each year, the Trust's determined trust components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) will be allocated to investors on a "fair and reasonable" attribution basis.

Unders or overs adjustments: Where the Trust's determined trust components for a year are revised in a subsequent year (e.g. due to actual amounts differing to the estimates of income, gains / losses or expenses), unders and overs may arise. Unders and overs will generally be carried forward and adjusted in the year of discovery.

Tax statements: The Responsible Entity will provide an AMIT Member Annual ("AMMA") Statement to unitholders for the income year with details of the amounts attributed to the unitholder (known as "determined member components").

Cost base adjustments: Where the distribution made is less than (or more than) certain components attributed to investors, then the cost base of an investor's units may be increased (or decreased). Details of cost base adjustments will be included on an investor's AMMA statement.

Large withdrawals: In certain circumstances, gains may be attributed to a specific investor, for example, gains on disposal of assets to fund a large withdrawal being attributed to the redeeming investor.

Penalties: In certain circumstances (e.g. failure to comply with certain AMIT rules), specific penalties may be imposed.

The AMIT rules are intended to reduce complexity, increase certainty and reduce compliance costs for managed investment trusts and their investors. Where the Trust does not elect into the AMIT regime, or has made the election but the election is not effective for the income year (e.g. the Trust does not satisfy the requirements to be a managed investment trust for the income year), the Tax Law applicable to non-AMITs should be relevant. In particular, the Trust should not generally pay tax on behalf of its investors and instead, investors should be assessed for tax on any income and capital gains generated by the Trust to which they become presently entitled.

Deemed Capital Gains Tax ("CGT") Election

Eligible managed investment trusts ("MITs") may make an election to apply a deemed capital account treatment for gains and losses on disposal of certain eligible investments (including equities and units in other trusts but excluding debt securities and similar instruments). Where the election is made the Trust should hold its eligible investments on capital account and gains/(losses) from the disposal of eligible investments should be treated as capital gains/(losses). Capital gains arising on the disposal of eligible investments held for 12 months or greater may be eligible to be treated as discount capital gains.

Where the CGT election is not made, the Trust should hold its eligible investments on revenue account and gains/(losses) from the disposal of eligible investments should be treated as revenue gains or losses.

Controlled Foreign Company ("CFC") Provisions

There are certain tax rules (i.e. the CFC provisions) which may result in assessable income arising in the Trust in relation to investments in foreign equities, where certain control thresholds are met. If such interests were to be held at the end of the income year, the taxable income of the Trust may include a share of net income and gains (i.e. CFC attributable income) from such investments.

Taxation of Financial Arrangements ("TOFA")

The TOFA rules may apply to certain "financial arrangements" held by the Trust. In broad terms, the TOFA regime seeks to recognise "sufficiently certain" returns on certain financial arrangements on an accruals basis for tax purposes rather than on a realisation basis.

Taxation Reform

The tax information included in this PDS is based on the taxation legislation and administrative practice as at the issue date of this PDS, together with proposed changes to the taxation legislation as announced by the Government. However, the Australian tax system is in a continuing state of reform, and based on the Government's reform agenda, it is likely to escalate rather than diminish. Any reform of a tax system creates uncertainty as to the full extent of announced reforms, or uncertainty as to the meaning of new law that is enacted pending interpretation through the judicial process. These reforms may impact on the tax position of the Trust and its investors. Accordingly, it will be necessary to closely monitor the progress of these reforms, and investors should seek their own professional advice, specific to their own circumstances, of the taxation implications of investing in the Trust.

Tax File Number ("TFN") and Australian Business Number ("ABN")

It is not compulsory for an investor to quote their TFN or ABN. If an investor is making this investment in the course of a business or enterprise, the investor may quote an ABN instead of a TFN. Failure by an investor to quote an ABN or TFN or claim an exemption may cause the Responsible Entity to withhold tax at the top marginal rate, plus the Medicare Levy, on gross payments including distributions or attribution of income to the investor. The investor may be able to claim a credit in their tax return for any TFN or ABN tax withheld. Collection of TFNs is permitted under taxation and privacy legislation.

By quoting their TFN or ABN, the investor authorises Equity Trustees to apply it in respect of all the investor's investments with Equity Trustees. If the investor does not want to quote their TFN or ABN for some investments, Equity Trustees should be advised.

GST

The Trust is registered for GST. The issue or withdrawal of units in the Trust and receipt of distributions are not subject to GST.

The Trust may be required to pay GST included in management and other fees, charges, costs and expenses incurred by the Trust. However, to the extent permissible, the Responsible Entity will claim on behalf of the Trust a proportion of this GST as a reduced input tax credit ("RITC") or input tax credit ("ITC"). Unless otherwise stated, fees and charges quoted in this PDS are inclusive of GST and take into account any available RITCs. The Trust may be entitled to as yet undetermined additional ITCs on the fees, charges or costs incurred. If the Responsible Entity is unable to claim RITCs or ITCs on behalf of the Trust, the remaining GST will be a cost to the Trust.

The impact of GST payments and credits will be reflected in the unit price of the Trust. Investors should seek professional advice with respect to the GST consequences arising from their unit holding.

Australian Taxation of Australian Resident Investors

Distributions

For each year of income, each Australian resident investor will be required to include within their own tax calculations and tax return filings the assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust attributed to them by Equity Trustees as the Responsible Entity of the Trust.

The tax consequences for investors in the Trust depends on the tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits) of the Trust attributed to them.

Investors will receive an Annual Tax Statement (or an "AMMA" for an AMIT) detailing all relevant taxation information concerning attributed amounts and cash distributions, including any Foreign Income Tax Offset ("FITO") and franking credit entitlements, returns of capital, assessable income, and any downwards cost base adjustment in the capital gains tax cost base of their units in the Trust (or potentially upwards cost base adjustments in the capital gains tax cost base of their units in the case of an AMIT).

An investor may receive their share of attributed tax components of the Trust or net income in respect of distributions made during the year or where they have made a large withdrawal from the Trust, in which case their withdrawal proceeds may include their share of net income or attributed tax components of assessable income, exempt income, non-assessable non-exempt income and tax offsets (i.e. credits). In addition, because Australian investors can move into and out of the Trust at different points in time, there is the risk that taxation liabilities in respect of gains that have benefited past investors may have to be met by subsequent investors.

Foreign Income

The Trust may derive foreign source income that is subject to tax overseas, for example withholding tax. Australian resident investors should include their share of both the foreign income and the amount of the foreign tax withheld in their assessable income. In such circumstances, investors may be entitled to a FITO for the foreign tax paid, against the Australian tax payable on the foreign source income. To the extent the investors do not have sufficient overall foreign source income to utilise all of the FITOs relevant to a particular year of income, the excess FITOs cannot be carried forward to a future income year.

Disposal of Units by Australian Resident Investors

If an Australian resident investor transfers or redeems their units in the Trust, this may constitute a disposal for tax purposes depending on their specific circumstances.

Where an investor holds their units in the Trust on capital account, a capital gain or loss may arise on disposal and each investor should calculate their capital gain or loss according to their own particular facts and circumstances. As noted above, proceeds on disposal may include a component of distributable income. Generally, in calculating the taxable amount of a capital gain, a discount of 50% for individuals and trusts or 33 & 1/3% for complying Australian superannuation funds may be allowed where the units in the Trust have been held for 12 months or more. No CGT discount is available to corporate investors.

Any capital losses arising from the disposal of the investment may be used to offset other capital gains the investor may have derived. Net capital losses may be carried forward for offset against capital gains of subsequent years but may not be offset against ordinary income.

Australian Taxation of Non-Resident Investors

Tax on Income

The Trust expects to derive income which may be subject to Australian withholding tax when attributed by Equity Trustees as the Responsible Entity of the Trust to non-resident investors.

Australian withholding tax may be withheld from distributions of Australian source income and gains attributed to a non-resident investor. The various components of the net income of the Trust which may be regarded as having an Australian source include Australian sourced interest, Australian sourced other gains, Australian sourced dividends and CGT taxable Australian property.

We recommend that non-resident investors seek independent tax advice before investing, taking into account their particular circumstances and the provisions of any relevant Double Taxation Agreement/Exchange of Information Agreement ("EOI") between Australia and their country of residence.

Disposal of Units by Non-Resident Investors

Based on the Trust's investment profile, generally non-resident investors holding their units on capital account should not be subject to Australian capital gains tax on the disposal of units in the Trust unless the units were capital assets held by the investor in carrying on a business through a permanent establishment in Australia. Australian tax may apply in certain circumstances if the non-resident holds their units on revenue account. CGT may also apply in some cases where the Trust has a direct or indirect interest in Australian real property. We recommend that non-resident investors seek independent tax advice in relation to the tax consequences of the disposal of their units.

Your privacy

The Australian Privacy Principles contained in the Privacy Act 1988 (Cth) ("Privacy Act") regulate the way in which we collect, use, disclose, and otherwise handle your personal information. Equity Trustees is committed to respecting and protecting the privacy of your personal information, and our Privacy Policy details how we do this.

It is important to be aware that, in order to provide our products and services to you, Equity Trustees may need to collect personal information about you and any other individuals associated with the product or service offering. In addition to practical reasons, this is necessary to ensure compliance with our legal and regulatory obligations (including under the Corporations Act, the AML/CTF Act and taxation legislation). If you do not provide the information requested, we may not be able to process your application, administer, manage, invest, pay or transfer your investment(s).

You must therefore ensure that any personal information you provide to Equity Trustees is true and correct in every detail. If any of this personal information (including your contact details) changes, you must promptly advise us of the changes in writing. While we will generally collect your personal information from you, your broker or adviser or the Investment Manager and Administrator directly, we may also obtain or confirm information about you from publicly available sources in order to meet regulatory obligations.

In terms of how we deal with your personal information, Equity Trustees will use it for the purpose of providing you with our products and services and complying with our regulatory obligations. Equity Trustees may also disclose it to other members of our corporate group, or to third parties who we work with or engage for these same purposes. Such third parties may be situated in Australia or offshore, however we take reasonable steps to ensure that they will comply with the Privacy Act when collecting, using or handling your personal information.

The types of third parties that we may disclose your information to include, but are not limited to:

- stockbrokers, financial advisers or adviser dealer groups, their service providers and/or any joint holder of an investment;
- those providing services for administering or managing the Trust, including the Investment Manager, Custodian and Administrator, auditors, or those that provide mailing or printing services;
- our other service providers;
- regulatory bodies such as ASIC, ATO, APRA and AUSTRAC; and
- other third parties who you have consented to us disclosing your information to, or to whom we are required or permitted by law to disclose information to.

Equity Trustees or the Investment Manager may from time to time provide you with direct marketing and/or educational material about products and services they believe may be of interest to you. You have the right to "opt out" of such communications by contacting us using the contact details below.

In addition to the above information, Equity Trustees' Privacy Policy contains further information about how we handle your personal information, and how you can access information held about you, seek a correction to that information, or make a privacy-related complaint.

Full details of Equity Trustees' Privacy Policy are available at www.eqt.com.au. You can also request a copy by contacting Equity Trustees' Privacy Officer on +61 3 8623 5000 or by email to privacy@eqt.com.au.

The Constitution

The Trust is governed by a constitution that sets out the Trust's operation (the "Constitution"). The Constitution, together with the Trust's PDS, the Corporations Act and other laws, regulate our legal relationship with investors in the Trust. If you invest in the Trust, you agree to be bound by the terms of the Trust's PDS and the Trust's Constitution. You can request a copy of the Constitution free of charge from Equity Trustees. Please read these documents carefully before investing in the Trust.

We may amend the Constitution from time to time in accordance with the provisions in the Constitution and the Corporations Act.

Anti-Money Laundering and Counter Terrorism Financing ("AML/CTF")

Australia's AML/CTF laws require Equity Trustees to adopt and maintain a written AML/CTF Program. A fundamental part of the AML/CTF Program is that Equity Trustees must hold up-to-date information about investors (including beneficial owner information) in the Trust.

To meet this legal requirement, we need to collect certain identification information (including beneficial owner information) and documentation ("KYC Documents") from new investors. Existing investors may also be asked to provide KYC Documents as part of an ongoing customer due diligence/verification process to comply with AML/CTF laws. If applicants or investors do not provide the applicable KYC Documents when requested, Equity Trustees may be unable to process an application, or may be unable to provide products or services to existing investors until such time as the information is provided.

In order to comply with AML/CTF Laws, Equity Trustees may also disclose information including your personal information that it holds about the applicant, an investor, or any beneficial owner, to its related bodies corporate or service providers, or relevant regulators of AML/CTF Laws (whether inside or outside Australia). Equity Trustees may be prohibited by law from informing applicants or investors that such reporting has occurred.

Equity Trustees, the Investment Manager, the Currency Manager and the Underlying Investment Manager shall not be liable to applicants or investors for any loss you may suffer because of compliance with the AML/CTF laws.

Indirect Investors

You may be able to invest indirectly in the Trust via an IDPS by directing the IDPS Operator to acquire units on your behalf. If you do so, you will need to complete the relevant forms provided by the IDPS Operator and not the Application Form accompanying the PDS. This will mean that you are an Indirect Investor in the Trust and not an investor of the Trust. Indirect Investors do not acquire the rights of an investor as such rights are acquired by the IDPS Operator who may exercise, or decline to exercise, these rights on your behalf.

Indirect Investors do not receive reports or statements from us and the IDPS Operator's application and withdrawal conditions determine when you can direct the IDPS Operator to apply or redeem. Your rights as an Indirect Investor should be set out in the IDPS guide or other disclosure document issued by the IDPS Operator.

Information on underlying investments

Information regarding the underlying investments of the Trust will be provided to an investor of the Trust on request, to the extent Equity Trustees is satisfied that such information is required to enable the investor to comply with its statutory reporting obligations. This information will be supplied within a reasonable timeframe having regard to these obligations.

Foreign Account Tax Compliance Act ("FATCA")

In April 2014, the Australian Government signed an intergovernmental agreement ("IGA") with the United States of America ("U.S."), which requires all Australian financial institutions to comply with the FATCA Act enacted by the U.S. in 2010.

Under FATCA, Australian financial institutions are required to collect and review their information to identify U.S. residents and U.S. controlling persons that invest in assets through non-U.S. entities. This information is reported to the Australian Taxation Office ("ATO"). The ATO may then pass that information onto the U.S. Internal Revenue Service.

In order to comply with the FATCA obligations, we may request certain information from you. Failure to comply with FATCA obligations may result in the Trust, to the extent relevant, being subject to a 30% withholding tax on payment of U.S. income or gross proceeds from the sale of certain U.S. investments. If the Trust suffers any amount of FATCA withholding and is unable to obtain a refund for the amounts withheld, we will not be required to compensate investors for any such withholding and the effect of the amounts withheld will be reflected in the returns of the Trust.

Common Reporting Standard ("CRS")

The CRS is developed by the Organisation of Economic Co-operation and Development and requires certain financial institutions resident in a participating jurisdiction to document and identify reportable accounts and implement due diligence procedures. These financial institutions will also be required to report certain information on reportable accounts to their relevant local tax authorities.

Australia signed the CRS Multilateral Competent Authority Agreement and has enacted provisions within the domestic tax legislation to implement CRS in Australia. Australian financial institutions need to document and identify reportable accounts, implement due diligence procedures and report certain information with respect to reportable accounts to the ATO. The ATO may then exchange this information with foreign tax authorities in the relevant signatory countries.

In order to comply with the CRS obligations, we may request certain information from you. Unlike FATCA, there is no withholding tax that is applicable under CRS.

SECTION 5.1 – CUSTODIAN ATTESTATION: CHAPTER 4, PARTS 4.4.18 AND 4.4.19 OF THE AML/CTF RULES

If you are a Company completing this Application Form on behalf of an individual, another company, a trust or other entity, in a Custodial capacity, please complete this section.

In accordance with Chapter 4, part 4.4.19 (1)(a) to (d) of the AML/CTF Rules, does the Custodian meet the definition (see 'Section 10 – Glossary') of a Custodian?

☐ No ☐ Yes

In accordance with Chapter 4, part 4.4.19 (e) of the AML/CTF Rules, do you, in your capacity as Custodian attest that prior to requesting this designated service from Equity Trustees, it has carried out and will continue to carry out, all applicable customer identification procedures on the underlying account holder named or to be named in the Fund's register, including conducting ongoing customer due diligence requirements in accordance with Chapter 15 of the AML/CTF Rules?

☐ No ☐ Yes

If you answered YES to all of the above questions, then Equity Trustees is able to apply the Chapter 4, part 4.4 Custodian rules to this account and will rely upon the customer due diligence conducted by the Custodian on the underlying account holder named or to be named in the Fund's register.

If requested to do so at any time after the provision of this designated service, the Custodian agrees to honour any reasonable request made by Equity Trustees for information or evidence about the underlying account holder in order to allow Equity Trustees to meet its obligations under the AML/CTF Act.

☐ No ☐ Yes

Excepting the below circumstances where the custodian answered NO or did not complete any of the above questions, no other information about the underlying account holder is required to be collected. However, further information about you as the Custodian and as a company is required to be collected and verified as required by the AML/CTF rules. Please complete the rest of this form for the Custodian.

Excepting circumstances:

If you answered NO or did not complete any of the above questions, then we are unable to apply the Chapter 4, part 4.4 Custodian rules to this application. We are therefore obligated to conduct full Know Your Client procedures on the underlying account holder named or to be named in the Fund's register including any named nominee, as well as the trustees, beneficial owners and controlling persons of the underlying named account in addition to the Custodian. Therefore, please complete the relevant forms and provide identity documents for all parties connected to this account.

- I/We hereby declare that I/we are not a US Person as defined in the PDS.
- I/We acknowledge that (if a natural person) I am/we are 18 years of age or over and I am/we are eligible to hold units in the Fund in which I/We have chosen to invest.
- I/We acknowledge and agree that Equity Trustees has outlined in the PDS provided to me/us how and where I/we can obtain a copy of the Equity Trustees Group Privacy Statement.
- I/We consent to the transfer of any of my/our personal information to external third parties including but not limited to fund administrators, fund investment manager(s) and related bodies corporate who are located outside Australia for the purpose of administering the products and services for which I/we have engaged the services of Equity Trustees or its related bodies corporate and to foreign government agencies for reporting purposes (if necessary).
- I/we hereby confirm that the personal information that I/we have provided to Equity Trustees is correct and current in every detail, and should these details change, I/we shall promptly advise Equity Trustees in writing of the change(s).
- I/We agree to provide further information or personal details to the Responsible Entity if required to meet its obligations under anti-money laundering and counter-terrorism legislation, US tax legislation or reporting legislation and acknowledge that processing of my/our application may be delayed and will be processed at the unit price applicable for the Business Day as at which all required information has been received and verified.
- If I/we have provided an email address, I/we consent to receive ongoing investor information including PDS information, confirmations of transactions and additional information as applicable via email.
- I/We acknowledge that Equity Trustees does not guarantee the repayment of capital or the performance of the Fund or any particular rate of return from the Fund.
- I/We acknowledge that an investment in the Fund is not a deposit with or liability of Equity Trustees and is subject to investment risk including possible delays in repayment and loss of income or capital invested.
- I/We acknowledge that Equity Trustees is not responsible for the delays in receipt of monies caused by the postal service or the investor's bank.
- If I/we have completed and lodged the relevant sections on authorised representatives, agents and/or financial advisers on the Application Form then I/we agree to release, discharge and indemnify Equity Trustees from and against any and all losses, liabilities, actions, proceedings, account claims and demands arising from Equity Trustees acting on the instructions of my/our authorised representatives, agents and/or financial advisers.
- If this is a joint application each of us agrees that our investment is held as joint tenants.
- I/We acknowledge and agree that where the Responsible Entity, in its sole discretion, determines that:
 - I/we are ineligible to hold units in a Fund or have provided misleading information in my/our Application Form; or
 - I/we owe any amounts to Equity Trustees, then I/we appoint the Responsible Entity as my/our agent to submit a withdrawal request on my/our behalf in respect of all or part of my/our units, as the case requires, in the Fund.
- **For Wholesale Clients*** – I/We acknowledge that I am/we are a Wholesale Client (as defined in Section 761G of the Corporations Act 2001 (Cth)) and are therefore eligible to hold units in the Fund.
- **For New Zealand applicants*** – I/we have read the terms of the offer relating to New Zealand investors, including the New Zealand warning statement.
- **For New Zealand Wholesale Investors*** – I/We acknowledge and agree that:
 - I/We have read the “New Zealand Investor Information Sheet” and PDS or “New Zealand Investors: Selling Restriction” for the Fund;
 - I am/We are a Wholesale Investor and am/are therefore eligible to hold units in the Fund; and
 - I/We have not:
 - Offered, sold, or transferred, and will not offer, sell, or transfer, directly or indirectly, any units in the Fund;

- Granted, issued, or transferred, and will not grant, issue, or transfer, any interests in or options over, directly or indirectly, any units in the Fund; and
- Distributed and will not distribute, directly or indirectly, the PDS or any other offering materials or advertisement in relation to any offer of units in the Fund, in each case in New Zealand, other than to a person who is a Wholesale Investor; and
- I/We will notify Equity Trustees if I/we cease to be a Wholesale Investor; and
- I/We have separately provided a signed Wholesale Investor Certification located at the end of this Application Form.

All references to Wholesale Investor in this Declaration are a reference to Wholesale Investor in terms of clause 3(2) of Schedule 1 of the Financial Markets Conduct Act 2013 (New Zealand).

* Disregard if not applicable.

***Terms and conditions for collection of Tax File Numbers (TFN) and Australian Business Numbers (ABN)**

Collection of TFN and ABN information is authorised and its use and disclosure strictly regulated by tax laws and the Privacy Act. Investors must only provide an ABN instead of a TFN when the investment is made in the course of their enterprise. You are not obliged to provide either your TFN or ABN, but if you do not provide either or claim an exemption, we are required to deduct tax from your distribution at the highest marginal tax rate plus Medicare levy to meet Australian taxation law requirements.

For more information about the use of TFNs for investments, contact the enquiries section of your local branch of the ATO. Once provided, your TFN will be applied automatically to any future investments in the Fund where formal application procedures are not required (e.g. distribution reinvestments), unless you indicate, at any time, that you do not wish to quote a TFN for a particular investment. Exempt investors should attach a copy of the certificate of exemption. For super funds or trusts list only the applicable ABN or TFN for the super fund or trust.

When you sign this Application Form you declare that you have read, agree to and make the declarations above
