#### 1. ABOUT PENGANA CAPITAL LIMITED

Pengana Capital Limited ('Pengana') is the Responsible Entity of the Fund. As Responsible Entity, Pengana is responsible for all aspects of operating the Fund including administration of the assets, overall investment policy and investment selection. Pengana is a wholly owned subsidiary of PCG. In addition to being the Responsible Entity for the Fund, Pengana provides a range of distribution, marketing, compliance and client service functions associated with the Fund. Pengana has appointed Axiom Investors LLC ('Axiom') as the investment manager for the Fund. Axiom is a specialist fund management business located in Connecticut, USA. Pengana has appointed Axiom as Pengana's corporate authorised representative under Pengana's Australian Financial Services Licence.

# 2. HOW THE PENGANA AXIOM INTERNATIONAL FUND (HEDGED) WORKS

#### **ABOUT THE FUND**

The Fund operates like most other managed investment schemes. Your money is pooled together with other investors' money to buy investments which are managed on behalf of all investors. When you invest in a managed investment scheme, such as the Fund, you gain exposure to investments that you may not ordinarily have access to if you invest on your own. The Fund is governed by its constitution and is registered with the Australian Securities and Investments Commission ('ASIC'). ASIC takes no responsibility for this PDS or the operation of the Fund by Pengana. While Pengana is ultimately responsible for the general administration of the Fund, Pengana has appointed BNP Paribas ('BNP') as the custodian and administrator for the Fund.

#### **UNITS AND UNIT PRICES**

The Fund is a 'unit trust'. When you invest in the Fund you acquire an 'interest' in the form of units in the trust. When your money is paid into the Fund, units are issued to you and when money is paid out, your units are redeemed. The value of your investment is reflected in the price of the units. The unit price changes every day reflecting the performance (rises and falls in value) of the underlying assets due to market movements, as well as income earned, fees, expenses and taxes paid and payable. We usually calculate the unit price for the Fund as at the end of each business day (being a day on which banks are open for business in Sydney excluding a Saturday or Sunday ('Business Day')). Only one class of units is offered under this PDS ('Class'). The unit price is calculated by dividing the net asset value of the Class of units (total assets less total liabilities) ('Net Asset Value' or 'NAV') by the number of units on issue in that Class at the time the unit price is calculated. There is a difference between the price at which you buy units (entry price) and the price at which you redeem units (exit price).

This PDS summarises significant information about the Pengana Axiom International Fund (Hedged) ('Fund'). It also contains a number of references to important information in the Fund Product Guide marked with an i symbol. The Fund Product Guide is a separate document which forms part of this PDS. The PDS and the Fund Product Guide are available from www.pengana.com or you can request a copy free of charge by calling Client Service on 02 8524 9900 or your investor directed portfolio service, master trust or wrap operator (collectively referred to as an 'IDPS' in this PDS). The content in these documents may change from time to time.

The PDS and the Fund Product Guide contain important information you should consider before making an investment decision in relation to the Fund. The information provided in this PDS is general information only and does not take into account your personal financial situation, needs or objectives. We recommend you obtain financial advice for your own personal circumstances before making any investment decision.

Pengana Capital Limited is a subsidiary of Pengana Capital Group Limited ('PCG'). No company in the PCG group of companies ('PCG Group'), nor Axiom Investors LLC, nor any other party, guarantees the capital value, payment of income or performance of the Fund. An investment in the Fund does not represent a deposit with or liability of the PCG Group and is subject to investment risk, including possible delays in repayment and loss of income and principal invested.

#### **INVESTING DIRECTLY**

To invest in the Fund, you will need to complete the accompanying relevant Initial Application Form. Please see section 8 'How to apply' for more information. Once you've opened your account, you can make additional contributions to your investment by sending a completed Additional Investment Form together with your application money (by electronic funds transfer or cheque). Full details are set out in the Additional Investment Form.

The following minimum investment amounts apply:

- minimum initial investment: \$10,000, and
- minimum additional contribution: \$5.000

Application requests accepted by the Fund before 2:00pm (Sydney time) on any Business Day will normally receive that day's unit price. Application requests accepted after 2:00pm will normally receive the next Business Day's unit price.

If you invest directly into the Fund then you hold units in the Fund and have the rights of a unitholder, as set out in the constitution.

#### **INVESTING VIA AN IDPS**

If you invest in the Fund through an IDPS, then you do not hold units in the Fund and you have none of the rights of a unitholder. Instead, the IDPS holds units on your behalf, acquires unitholder rights and may exercise these rights as they see fit without reference to you. We authorise the use of this PDS as disclosure to persons who wish to access the Fund through an IDPS. This PDS must be read together with offer documents provided by the IDPS operator and you can apply to invest or perform other transactions by completing the relevant forms provided by the IDPS operator. Investing through an IDPS may result in different conditions applying from those referred to in this PDS including minimum balance requirements, fees and other costs, cooling-off rights, how to transact on your investment, timing of processing of transactions, payment of distributions and withdrawals and provision of statements and other information. You should contact your financial adviser or IDPS operator for further information.

#### **ACCESSING YOUR MONEY**

You can request a partial or a full withdrawal to a nominated bank account at any time by either mailing, emailing or faxing a completed Withdrawal Form. Full details regarding the process to be followed are set out in the Withdrawal Form which can be found at www.pengana.com. If you want to change your nominated bank account for the payment of the withdrawal proceeds, then we must receive the original instruction (emailed or faxed instructions will not be accepted). The minimum withdrawal amount is \$5,000. Partial withdrawals can only be made if your account balance does not fall below \$10,000. Once lodged, withdrawal requests may not be withdrawn except with our consent. If accepted, withdrawal requests received by the Fund before 2:00pm (Sydney time) on any Business Day will normally receive that day's unit price. Requests received after 2:00pm will normally receive the next Business Day's unit price.

Withdrawal payments will generally be made within 5 Business Days although the Fund's Constitution allows up to 30 days for payment to be made. In addition, this period may be extended in certain circumstances outside our control. In certain circumstances, such as when there are adverse market conditions, we may suspend withdrawals. We may also process withdrawal requests in instalments over a period of time. In circumstances where withdrawals are delayed, suspended or being paid in instalments, the unit prices used for a withdrawal may be those applicable to the day the withdrawal is effected, rather than the time the withdrawal request is received.

Withdrawals will normally be effected by way of redemption. Please refer to the Important Information for New Zealand Investors Document enclosed with this PDS for further information regarding this.

Withdrawal payments will not be made to bank accounts in foreign countries (other than New Zealand).

If you invest in the Fund through an IDPS, then your withdrawal will be made in accordance with your arrangement with your IDPS operator and your withdrawal will not be governed by the terms of this PDS. Your IDPS operator will advise you how to make a withdrawal including any minimum amount involved. You should contact your IDPS operator to obtain these details.

#### **INCOME DISTRIBUTIONS**

The income of the Fund will generally be calculated effective the last day of June and the last day of December each year. To receive a distribution, you must hold units on the distribution calculation date. Distributions are generally calculated based on the Class's net income at the end of the distribution period divided by the number of units on issue in that Class. We generally aim to pay income distributions within 20 Business Days.

There may be periods in which no distributions are made or the Fund may make additional distributions. You can request to have income distributions reinvested in the Fund or paid into your bank account. If you do not make a selection we will reinvest the income back into the Fund. Payments will not be made to bank accounts in foreign countries. New Zealand investors who do not have an Australian bank account will have their distributions reinvested.

#### 3. BENEFITS OF INVESTING IN THE PENGANA AXIOM INTERNATIONAL FUND (HEDGED)

#### SIGNIFICANT FEATURES

The Fund is an ethically screened, actively managed portfolio of listed international securities. The Fund's investments are managed by Axiom Investors LLC, a US based equity investment specialist founded in 1998. Axiom follows a dynamic growth philosophy and process that focuses on forward looking trends in a company's operations. It has an experienced and stable investment team and is 100% employee owned.

The capital component of the foreign currency exposure of the Fund arising from investment in overseas markets is substantially hedged back to Australian dollars.

#### **SIGNIFICANT BENEFITS**

The Fund offers investors the following benefits:

- Access to Axiom's specialist investment expertise
- Participation in an investment strategy which focuses on international listed securities
- Exposure to investment opportunities that individual investors may not be able to access on their own
- Active portfolio risk management
- Hedging of foreign currency exposure
- An ethical screen designed to prevent investments in companies that currently generate revenues from activities that in Pengana's opinion are unnecessarily harmful to humans, animals and the environment

#### 4. RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different investment strategies carry different levels of risk depending on the underlying mix of assets that make up the strategy. Usually, assets with the potential for the highest long-term returns carry the highest levels of short-term risk. It is important for you to carefully consider the risks of investing in the Fund and to understand that:

- the value of your investment will go up and down,
- investment returns will vary and future returns may differ from past returns.
- returns are not guaranteed and you may lose some or all of the money you invest,
- laws affecting managed investment schemes may change in the future, and
- the level of risk you are willing to accept will vary depending on a range of factors including your investment goals, age, investment time frames, where other parts of your wealth are invested and your overall risk tolerance.

#### SIGNIFICANT RISKS

The significant risks of investing in the Fund are described below, but there could be other risks that affect the performance of the Fund. You should seek your own professional advice on the appropriateness of this investment to your circumstances.

#### INDIVIDUAL INVESTMENT RISK

The value of the Fund's portfolio may be affected by unexpected changes in the value of the investments in the portfolio. Such changes may be due to unexpected company specific issues that impact the market value of the individual investments.

#### **MARKET RISK**

Economic, technological, political or legal conditions, and market sentiment changes can affect the value of the investments in the Fund.

#### INTERNATIONAL INVESTING RISK

The Fund primarily holds investments in international securities listed on approved exchanges. Risks of international investing may include currency fluctuations, foreign tax, different market and settlement practices, adverse political and economic developments, limited liquidity, foreign exchange controls and investment restrictions. Regulatory intervention can also materially affect the Fund's ability to affect its investment strategy and adversely affect the Fund's performance.

#### **CURRENCY RISK**

The Fund will invest in various countries including Australia. If the currencies of those other countries change in value relative to the Australian dollar, the value of these investments may change and may negatively affect the Fund's return. Hedging of foreign exchange exposures undertaken by the Fund may not provide complete protection from such adverse currency movements.

#### COUNTERPARTY AND BROKER/CUSTODIAN CREDIT RISK

There is a risk of loss caused by a counterparty to a transaction with the Fund, including the custodian (BNP), defaulting on their financial obligations, failing to perform their contractual obligations or becoming insolvent. A counterparty defaulting on its obligations could result in a default payment, which may subject the Fund to substantial losses and cause the net asset value of the Fund to fall.

#### LIQUIDITY RISK

This is the risk that an investment may not be able to be sold quickly enough to prevent or minimise a loss. A lack of liquidity may also affect the amount of time it takes us to satisfy withdrawal requests.

#### **DERIVATIVES RISK**

A small investment in derivatives may control a much greater value of underlying assets. This magnifies potential profits and losses, as measured against the outlay. The Fund may also be exposed to counterparty risk, i.e. risk in connection with the parties on the other side of derivatives contracts entered into for the Fund.

Forward foreign exchange contracts and swaps are utilised to hedge the Fund's foreign currency exposure. These contracts will generally be of limited duration and reset regularly, resulting in a cash receipt or cash payment by the Fund. The contracts are not guaranteed by an exchange or clearing corporation and generally do not require payment of margin. To the extent that the Fund has unrealised gains in such instruments or has deposited collateral with its counterparty(ies) the Fund is at risk that its counterparty will become bankrupt or otherwise fail to honour its obligations.

#### **FUND RISK**

Risks particular to the Fund include the risk that the Fund could terminate and that fees and expenses payable by the Fund could change. There is also a risk that investing in the Fund may give different results than investing individually because of income or capital gains accrued in the Fund or the consequences of investments and withdrawals by other investors.

#### **INVESTMENT MANAGER RISK**

Like other investment managers, Axiom's investment approach directly impacts the value of this investment and performance is likely to vary in different market conditions. No single investment approach performs better than all others in all market conditions. Changes in key personnel within Pengana and/or Axiom may also impact the Fund's returns.

#### **HOW WE INVEST YOUR MONEY**

The following table provides an overview of the Fund's return objective and investment strategy. You should consider the likely investment return and risk of the Fund and your investment time frame when deciding whether to invest in the Fund.

#### PENGANA AXIOM INTERNATIONAL FUND (HEDGED)

### **FUND**

The Fund invests principally in listed (or soon to be listed) international equities. The Fund will typically have 40 to 70 DESCRIPTION holdings and can invest in developed and emerging markets. The capital component of the foreign currency exposure of the Fund arising from investments in overseas markets is substantially hedged back to Australian

#### **RETURN OBJECTIVE**

INVESTMENT The Fund's investment objective is to obtain returns greater than the MSCI All Country World Total Return Index (net, hedged to AUD) ('Index') over the medium to long term.

#### **EHICAL SCREENS**

The Fund utilises a negative screening process which seeks to avoid investment in companies that derive material revenues from direct business involvement in activities that are unnecessarily harmful to people, animals or the environment. In Pengana's opinion, these activities are:

| Alcohol                                      | Human rights abus       | es and exploitation        | Palm oil production                          |

| Adult content                                | Mining<br>(GICS 151040) |                            | Securities from issuers on UN sanctions list |
| Fossil fuels<br>(GICS 101020)                |                         | -regulatory animal<br>ting | Tobacco                                      |
| Gambling                                     | Nuc                     | lear                       | Weapons                                      |
| Genetically modified organisms (agriculture) |                         | Seve                       | re Impact on Biodiversity                    |

Material revenues are generally considered to be over 5% derived from production of, or 15% in aggregate derived from, the production, distribution and retail of the screened product / service. Revenue data is generally as reported by each company in its audited financial statements. For further information please refer to the Fund's Product Guide and to the Fund's Responsible and ESG Investment Policy in the "Responsible Investment" tab at https://pengana.com/our-funds/axiom-international-fund/#reports-and-resources

## **APPROACH**

INVESTMENT Axiom invests in companies that are:

- dynamically growing;
- changing for the better, more rapidly than generally expected;
- undervalued, such that the positive change is not yet reflected in the share price.

Axiom identifies forward looking positive changes, accelerations, and inflections in a business's key operations, which it believes will lead to subsequent improvements in reported financial results or earnings projections over the next 12-36 months. Axiom believes that the most attractive companies have positive fundamental changes occurring in their earnings growth, creating natural compounding performance tailwinds, and an attractive valuation providing both upside potential and risk control benefits.

### **PROCESS**

INVESTMENT Axiom has developed a repeatable and transparent 4 step investment process:

- 1. Idea generation
- Fundamental Research
- Portfolio Construction 3.
- Monitoring

Axiom does not use screens or quantitative tools at the start of the research process but rather focuses on collecting and assessing operational data in order to identify significant gaps between their research and consensus expectations. The investment thesis and the relevant supporting data is translated into a consistent risk and return rating for each security that incorporates about two dozen fundamental elements. This analysis includes:

- Macroeconomic analysis to the extent that such factors may be impactful to underlying earnings. Macroeconomic considerations will not be the primary driver of a portfolio decision, but rather will serve as a headwind or tailwind to our bottom-up investment thesis.
- Environmental, Social and Governance (ESG) analysis relevant and material ESG considerations are systematically evaluated and expressed within Axiom's ratings worksheet which is prepared for every portfolio owned security. ESG analysis has been incorporated since inception of the firm in 1998.

The portfolio management team constructs the portfolio from diversified sources of alpha, informed by the proprietary ratings framework which is applied to each security in the portfolio. The objective of the portfolio construction stage is to build high active share portfolios with high upside participation and downside protection.

#### **INDICATIVE STRATEGIC ASSET** ALLOCATION

The Fund's investment manager aims to manage the Fund within the following guidelines:

- Typically 40 to 70 holdings
- No more than 8%, or 1.5x the index, in a single position
- No more than 40% in a single sector (50% in IT)
- No more than 30% in a single country (0.5 to 1.5x the Index in the US)
- No more than 25% in emerging markets

The Fund can invest in securities that are not part of the Index.

The Fund's investment manager will endeavour to work within the above guidelines - however these should be viewed as objectives only and not absolute limits.

# USE OF DERIVATIVES •

Derivatives may be used to:

- achieve long or short exposures;
- hedge foreign exchange exposures;
- reduce risk; and
- reduce transaction costs.

Derivatives will not be used for the purpose of leverage and the Fund's net exposure will never be short. All derivative use will be within the exceptions set out in the definition of a hedge fund in ASIC's Regulatory Guide 240: Hedge Funds: Improving Disclosure so that the Fund will not fall within this definition of a hedge fund.

MINIMUM SUGGESTED TIMEFRAME FOR INVESTMENT 5 years (Please note this is a guide not a recommendation.)

| RISK LEVEL  |
|-------------|
| (EXPECTED   |
| VOLATILITY) |

| Low | Mode | erate | Hig | jh | Very high |
|-----|------|-------|-----|----|-----------|

|     |      |       |     |    |           |

High: The likelihood of the value of your investment going down over the short term is relatively high compared to investments in funds investing in other types of assets such as fixed interest or cash. See Section 4 'Risks of managed investment schemes' for further information.

THE FUND MAY BE SUITED TO YOU IF:

- you want to gain exposure to a currency hedged portfolio of international equities actively managed by a specialist manager with an emphasis on dynamically growing companies.
- you are looking to invest for at least 5 years and are seeking primarily capital growth with some income.

#### **RESPONSIBLE INVESTING**

Pengana is a member of the Responsible Investment Association of Australasia (RIAA). Pengana and Axiom are signatories to the United Nations-backed Principles for Responsible Investment (PRI). This is a voluntary global initiative to encourage investment institutions to incorporate environmental, social and governance (ESG) considerations into their decision-making and reporting practices.

#### CHANGES TO THE FUND AND UP TO DATE INFORMATION

Information in this PDS is up to date at the time of preparation but is subject to change from time to time. We may make changes to the Fund (and the information in this PDS) without prior notice to you where such changes are not materially adverse. This may include, but is not limited to, closing the Fund to new applications, changes to the Fund's investment objective (including benchmark), investment strategy, asset allocation and service providers. If a change is considered materially adverse, we will issue a replacement PDS.

Information that is not materially adverse and material information that is subject to the continuous disclosure requirements of the Corporations Act may be obtained in a number of ways.

You should check our website http://www.pengana.com for the latest information or you can obtain a copy of any updated information free of charge by calling Client Service on +61 2 8524 9900. If you invest via an IDPS and you would like to receive notices of any changes to the Fund or PDS you should request this from your IDPS operator.

#### **IMPORTANT NOTICE**

You should read the important additional information about **How we invest your money** in the Pengana Axiom International Fund (Hedged) Product Guide before making an investment decision. Go to the Product Guide enclosed with this PDS or http://www.pengana.com.

The material relating to **How we invest your money** may change between the time when you read this statement and the day you are invested in the Fund.

#### 6. FEES & COSTS

#### DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

#### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The fees and costs outlined in this PDS are for the Fund only. You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the Fund. If you are investing in the Fund via an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment. If you consult a financial adviser you may also pay an additional fee that will be set out in the Statement of Advice between you and the financial adviser. This section shows the fees and other costs that you may be charged in relation to the Fund. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund's assets as a whole. The information in the table below may be used to compare fees and costs between different simple managed investment schemes.

- 4. The transactions costs are calculated with reference to the actual transaction costs incurred during the financial year ended 30 June 2025 and are shown net of any amount recovered by the buy/sell spread charged to investors who transacted during that period.

#### **EXAMPLE OF ANNUAL FEES AND COSTS**

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

| Example:  |                     |   |  |
|---|---------------------|---|--|
| Pengana Axiom International Fund (Hedged) <sup>2</sup>  |                     | Balance of \$50,000 with a contribution of \$5,000 during year <sup>1</sup>   |  |
| Contribution fees                                       | 0% pa               | For every additional \$5,000 you put in, you will be charged \$0.   |  |
| PLUS Management fees and costs comprising:              | 1.35% pa            | And, for every \$50,000 you have in the Pengana Axiom International Fund (Hedged) you will be charged or have deducted from your investment \$675   |  |
| <ul><li>management fee</li><li>indirect costs</li></ul> | 1.35% pa<br>0.0% pa | (comprising \$675 management fee and \$0 indirect costs) each year.   |  |
| PLUS Transaction costs                                  | 0.501% pa           | <b>And</b> , you will be charged or have deducted from your investments \$250.42 in transaction costs   |  |
| EQUALS Cost of the Fund                                 |                     | If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then for that year you would be charged fees in the range of \$925.42 <sup>1, 2</sup> What it costs you will depend on the fees you negotiate. |  |

1. Additional fees may apply. Additional fees may be payable to third parties, including financial advisers and IDPS Service providers. Also, government fees, duties and bank charges may apply to investments in and withdrawals from the Fund. The example also does not include other fees and costs such as any buy/sell spread that may apply. Please refer to the 'Additional explanation of fees and costs'.

#### Establishment fee - Nil

And, if you leave the managed investment scheme early, you may also be charged exit fees of nil of your total account balance (\$0 for every \$50,000 you withdraw).

2. This amount excludes fees for any additional contributions that may be made during the year. We have assumed that the \$5,000

contribution is made at the end of the year and that the value of the investment is a constant. This example is therefore calculated using the \$50,000 balance only. Please note that this is just an example.

#### ADDITIONAL EXPLANATION OF FEES AND COSTS

#### **MANAGEMENT FEES AND COSTS**

The Management fees and costs are fees and costs for investing the Fund's assets. They include fees charged by the Responsible Entity and other expenses incurred in operating the Fund such as registry costs, auditing fees and tax return fees. The ongoing management costs are calculated and accrued daily and payable monthly in arrears by the Fund. The fee is paid directly from the Fund and reflected in the unit price. The management fees and costs do not include buy/sell spreads or any abnormal expenses such as the cost of holding an investor meeting.

#### TRANSACTION COSTS

The Fund may incur transaction costs associated with buying and selling Fund assets, including brokerage, settlement costs including custody costs, transaction fees, clearing costs, implicit costs and stamp duty. Transaction costs incurred as a result of investors coming into and out of the Fund may be accounted for in the buy/sell spread. Other transaction costs are additional costs that are deducted from the assets of the Fund. Such costs are recovered as they are incurred and reflected in the Fund's NAV. The transaction costs are displayed net of any amount recovered by the buy/sell spread.

#### **BUY/SELL SPREADS**

When you buy or sell units in the Fund the Responsible Entity adds or deducts an allowance for the costs of respectively buying and selling underlying assets. Known as buy/sell spreads these costs are included in the unit price and include allowance for items such as brokerage. The buy/sell spreads are retained in the Fund and are not paid to Pengana. When you transact on your account a small portion of the amount you transact will be allocated towards meeting these costs. These costs are variable and may change without notice to you. As at the date of this PDS, the current buy-sell spreads are:

- Buy cost allowance: 0.25% of each amount invested into the Fund; and
- Sell cost allowance: 0.25% of each amount withdrawn from the Fund.

The current buy/sell spreads applicable for this Fund can be found on our website at www.pengana.com.au

#### **COMMISSION SHARING ARRANGEMENTS**

Some of Pengana's brokers may have their commission 'soft dollared'. This means that part of the brokerage fee may be credited to an account for the Fund's investment manager. These credits can only be used to pay for approved research, products or services that are directly linked to trading activity and / or support the investment decision making process. We may enter into other soft dollar arrangements and/or relinquish current arrangements without prior notification.

#### **CHANGES TO FEES AND COSTS**

We may vary fees or introduce new fees up to the maximums described in the constitution without your consent. If you invest directly in the Fund, we will give you 30 days' notice of increases in fees or costs. No notice will be given in respect of changes to the buy/sell spreads. ASIC provides a fees calculator on its website www.moneysmart.gov.au which you could use to calculate the effects of fees and costs on your investment in the Fund.

#### **ADDITIONAL FEES MAY APPLY**

Additional fees may be payable by you to a financial adviser if you have consulted one. You should refer to the Statement of Advice (if any) or Financial Services Guide provided by your financial adviser for details of these fees. Indirect Investors accessing the Fund through an IDPS may incur additional fees and costs. As well as reading this PDS, Indirect Investors should read their IDPS operator's offer document, which explains the fees payable by the Indirect Investor to the IDPS operator.

#### **IMPORTANT NOTICE**

You should read the important additional information about **Fees and costs** in the Pengana Axiom International Fund (Hedged) Product Guide before making an investment decision. Go to the Product Guide enclosed with this PDS or http://www.pengana.com.

The material relating to **Fees and costs** may change between the time when you read this statement and the day you are invested in the Fund.

#### 7. HOW MANAGED INVESTMENT SCHEMES ARE TAXED

Investing in a managed investment scheme is likely to have tax consequences. Because this PDS and the Fund's Product Guide are not tax guides and tax laws are complex and change from time to time, we strongly recommend that you obtain professional tax advice in relation to your own personal circumstances. This applies whether you are an Australian resident or a non-resident for tax purposes. The Fund itself should not be liable for tax on its net earnings. Managed investment schemes do not pay tax on behalf of investors.

Australian resident investors are generally subject to tax on their share of the taxable income of the Fund. This will include amounts reinvested in the Fund. Any net losses are retained by the Fund and used to offset future matching gains. If you buy units before a distribution, the unit price will include income accumulated in the Fund since the last distribution payment. The income that has been accumulating will be distributed and you may potentially have taxation liabilities on that income. Depending on an investor's circumstances, a revenue or capital gain or loss may arise when units in the Fund are sold or redeemed.

You do not have to tell us your TFN or ABN, but most people do. If you choose not to and you do not have an exemption, we must deduct tax at the highest personal rate, plus the Medicare levy, before paying any income distribution to you. We may also be required to withhold tax in relation to certain distributions made to non-resident investors.

#### **IMPORTANT NOTICE**

You should read the important additional information about **Taxation considerations** in the Pengana Axiom International Fund (Hedged) Product Guide before making an investment decision. Go to the Product Guide enclosed with this PDS or http://www.pengana.com.

The material relating to **Taxation considerations** may change between the time when you read this statement and the day you are invested in the Fund.

#### 8. HOW TO APPLY

#### **OPENING AN ACCOUNT**

To invest directly, you must complete the relevant initial Application Form for the Fund and send this with your application monies and identification documentation as applicable. Further details regarding the application process are set out in the relevant Initial Application Form.

#### **INVESTING VIA AN IDPS**

To invest in the Fund via an IDPS, you will need to contact your IDPS and complete the relevant IDPS application form and any other documentation required by the IDPS. You will also need to contact your IDPS in relation to making additional contributions to your investment.

#### **COOLING-OFF RIGHT**

Unless you are a 'wholesale client' (as defined in the Corporations Act), direct investors have a 'cooling-off right' whereby you can change your mind about your initial investment in the Fund and ask for your money to be repaid.

The cooling-off right must be exercised by writing to the Responsible Entity. Your written request must be received by Pengana in its offices within 14 days from the earlier of:

- when you receive confirmation of your investment; or
- the end of the fifth day after the day on which your units were issued to you.

Your cooling-off right terminates immediately if you exercise a right or power under the terms of the Fund, such as withdrawing or transferring part of your investment. Cooling-off rights do not apply to any additional contributions you make to your investment (including those made under any distribution reinvestment election). Any repayment of your investment under the cooling-off right is subject to an adjustment for market movements (both positive and negative), taxes, buy/sell spreads, and fees and other costs referred to in section 6 of the PDS.

No company in the PCG Group of companies nor any other party, guarantees the capital value, payment of income or performance of the Fund. #### 1. HOW THE FUND WORKS

#### **OPENING AN ACCOUNT**

To invest directly in the Fund you must have received the PDS (electronically or otherwise) within Australia or New Zealand.

#### **SELLING RESTRICTIONS**

As at the date of the PDS, no action has been taken to register or qualify the units or offer or otherwise permit the public offering of the units outside Australia or New Zealand. If you come into possession of the PDS outside Australia or New Zealand you should seek advice on and observe any such restrictions imposed by local law. Any failure to comply with such restrictions may violate securities laws in that jurisdiction.

The PDS does not constitute an offer or invitation in any jurisdiction in which it would be unlawful to make such an offer or invitation.

We reserve the right to make an offer of units to any institutional investor outside Australia or New Zealand where to do so would not be in breach of the securities law requirements of that jurisdiction.

#### DISCRETION TO ACCEPT OR REFUSE APPLICATIONS AND WITHDRAWALS

We have the discretion to accept or refuse any initial investment, any additional contribution, or any withdrawal without explanation.

#### MINIMUM BALANCE

You need to maintain a minimum balance of \$10,000. We may, however, accept lower amounts at our discretion. We may redeem your unit holding if your account balance falls below \$10,000.

#### **HOW THE FUND INVESTS**

#### THE FUND INVESTS PRINCIPALLY IN LISTED INTERNATIONAL EQUITIES

#### **UNIT PRICING POLICY**

If you would like to find out more about our unit pricing philosophy and how we will exercise any discretions in relation to unit pricing, you can obtain a copy of our Unit Pricing Policy from www.pengana.com or by calling Client Services on +61 2 8524 9900.

If there is a unit pricing error that substantially impacts the Class' performance, an adjustment may be made. This will generally involve reprocessing affected transactions using the corrected unit price. The value of your investment could be increased or decreased as a result.

#### WE MAY SUSPEND APPLICATIONS

We may suspend applications if we believe it is in the best interests of unit holders as a whole to do so or if it is not possible to calculate an application price due to circumstances outside our control, e.g. market disruption.

Any applications received during a period of suspension will receive the price applicable to the Business Day immediately following the end of the suspension period.

#### WE MAY DEDUCT AMOUNTS OR REDEEM UNITS IN CERTAIN CIRCUMSTANCES

We may deduct from a withdrawal payment any amount owed under the constitution, including taxes.

We may also redeem some or all of an investor's unitholding in the Fund to satisfy any such amounts or if we form the opinion that the unitholding is prejudicial to the interests of other investors.

#### **BANK ACCOUNTS**

No payments will be made to third party bank accounts.

#### **TRANSFERS**

You may be able to transfer all or some of your unitholding to another eligible investor. Please contact us for more information.

#### TRANSACTING ON YOUR ACCOUNT

We can only process transaction requests when we receive all required information. Neither Pengana nor BNP will be responsible for any loss arising from unauthorised or fraudulent requests.

Application money will be held in trust in our applications account until processed. If we are unable to process your application within 14 days of receipt we will return your money to you. Any interest earned on your application money will not be paid to you – rather it will become an asset of the Fund.

#### **INCOME DISTRIBUTIONS**

Our policy is to distribute the net income of the Fund (generally via bi-annual distributions) to investors each financial year.

The Fund's investments may generate capital gains or losses that may result in net capital gains being distributed from time to time.

While distributions are being determined, unit prices will not be released. Once the distribution is finalised the unit prices will then be released. All transaction requests received during this period will be processed after the distribution is finalised using the final unit prices applicable to the day requests are received.

If we agree to reinvest the distributions on your behalf, additional units will be issued to you at the unit price applicable at the distribution calculation date. Buy spreads do not currently apply to the issue of these units.

If you wish to change your distribution instructions, we will need to receive these instructions at least 5 Business Days before the relevant distribution date.

#### **TERM AND TERMINATION OF THE FUND**

The Fund will terminate on 27 August 2081 unless the law or constitution requires that the Fund is terminated earlier, or the Responsible Entity determines that the Fund be terminated earlier.

#### APPOINTING AN AUTHORISED REPRESENTATIVE

If you wish to appoint someone else to operate your investment on your behalf, the following conditions apply:

- Your authorised representative can do everything you can do with your investment except appoint another authorised representative and change the bank account for payment of distributions or withdrawal proceeds.
- To cancel your authorised representative you must give us seven Business Days' written notice.
- If Pengana determines the circumstances require, Pengana may cancel an appointment by giving you 10 Business Days' written notice. If an appointment is cancelled, Pengana and BNP are not obliged to act on the instructions of the authorised representative. If the instructions are varied, Pengana and BNP will only act in accordance with the varied instructions.
- You release and indemnify Pengana and BNP (including for the purposes of this section, each of their respective subsidiaries, affiliates, directors, officers, shareholders, employees, agents, permitted delegates and sub-delegates) from and against all

liability which may be suffered by you or by us or brought against us or BNP in respect of any acts or omissions of your authorised representative, whether authorised by you or not.

Any instructions of your authorised representative to Pengana or BNP, which are followed by Pengana or BNP (as applicable), shall be a complete satisfaction of Pengana or BNP's obligations (as applicable), notwithstanding any fact or circumstance, including whether such instructions are authorised by you or not. If the authorised representative's instructions are followed by Pengana or BNP (as applicable), you and any person claiming through or under you shall have no claim against Pengana or BNP (as applicable) in relation to the instructions.

Withdrawal payments will only be made payable to the investor and directed to the account nominated on the investor's Initial Application Form (as updated by the investor from time to time).

We will not accept a change of bank account notified by the authorised representative.

To appoint an authorised representative, please complete the relevant sections in the Initial Application Form.

#### **PRIVACY**

If you are investing via an IDPS, please be aware that neither Pengana nor BNP nor any of their respective subsidiaries, affiliates, agents, permitted delegates and sub-delegates (together the "Entities") collect or hold personal information in connection with your investment in the Fund.

If you are investing directly in the Fund, by signing an Application Form, you agree to the Entities collecting, holding and using your personal information to process your application, to manage the products and services provided, for the Entities to perform their business activities and functions and to send you educational and marketing material about our other products and services (you may contact us at any time to ask us not to send this information). Without this information, it may be impossible to process your application or provide an appropriate level of service. In order for the Entities to perform their roles and for the purposes described above your personal information may be provided to recipients located in India, Hong Kong, Switzerland, Philippines, Singapore, New Zealand, Ireland, France, United Kingdom, Luxembourg, Poland, Portugal and the United States of America – although it is not reasonably practicable to list all of the countries to which your personal information may be provided from time to time.

In most cases we collect your personal information directly from you although we may also collect your personal information from third parties such as a financial planner including where information is missing from the Application Form that you send us.

Each investor acknowledges that in connection with the services provided to the Fund, their personal data may be transferred and/or stored in various jurisdictions in which the Entities have a presence, including to jurisdictions that may not offer a level of personal data protection equivalent to the investor's country of residence. Each investor also acknowledges that the Entities may disclose the investor's personal data to each other, to any other service provider to the Fund, to any investment vehicle (including its administrator) that the Fund may invest, or to any regulatory body in any applicable jurisdiction to which any of the Entities is or may be subject. This includes copies of the investor's Application Form/documents and any information concerning the investor in their respective possession, whether provided by the applicant to the Entities or otherwise, including details of that investor's holdings in the Fund, historical and pending transactions in the Fund's units and the values thereof, and any such disclosure, use, storage or transfer shall not be treated as a breach of any restriction upon the disclosure, use, storage or transfer of information imposed on any such person by law or otherwise.

You can contact Pengana to make such a request or complaint or to arrange for a copy of Pengana's and BNP's privacy policies to be provided (Pengana's privacy policy is available at www.pengana.com).

#### **ANTI-MONEY LAUNDERING**

We are required to comply with the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) ('AML/CTF Laws') and as such we may need to collect information from you or anyone acting on your behalf, to comply with our obligations. Your application can be refused (and your funds returned without interest) if the verification information that is required is not received within two weeks of receiving your original application.

Existing direct investors may also be asked to provide verification information as part of a re-identification process to comply with the AML/CTF Laws. Processing of redemptions will be delayed or refused if investors do not provide the verification information when requested.

Under the AML/CTF Laws, Pengana may be required to submit reports to AUSTRAC. This may include the disclosure of your personal information. Pengana may not be able to tell you when this occurs and, as a result, AUSTRAC may require Pengana to deny you (on a temporary or permanent basis) access to your investment. This could result in the loss of the capital invested, or you may experience significant delays when you wish to transact on your investment. Pengana is liable for any loss you may suffer because of compliance with the AML/CTF Laws. Investors can find further information on the anti-money laundering requirements at the Fund's webpage on Pengana's website www.pengana.com.

#### **ENVIRONMENTAL, SOCIAL AND CORPORATE GOVERNANCE CONSIDERATIONS**

Pengana's Responsible Investment Policy is implemented by Axiom as the investment manager with oversight by Pengana. The Responsible Investment Policy states the permissible extent of an investee company's business involvement in screened activities, as determined by the proportion of revenues derived from that activity. Revenue data is generally as reported by each company in its audited financial statements. Any company that does not meet the requirements of the ethical screen is removed from the investable universe. For further information please refer to the Fund's Responsible and ESG Investment Policy in the "Responsible Investment" tab at https://pengana.com/our-funds/axiom-international-fund/#reports-and-resources.

Axiom believes that ESG factors are material to achieving investment outperformance and managing investment risk. Therefore, Axiom has integrated ESG issues into its dynamic growth investment process since Axiom's inception in 1998. Axiom believes that significant investment opportunities arise when companies improve their ESG characteristics. To advance favourable outcomes, the investment team incorporates ESG considerations into regular engagement with company managements Axiom evaluates progress on an ongoing basis and incorporates those developments into a proprietary risk and return rating, which influences the position sizing and proxy voting.

Axiom is a signatory to the Principles for Responsible Investing (PRI) and has a dedicated ESG leadership committee, comprised of senior executives from different functional areas of the firm, that works across the organization to advance ESG policies and practices.

#### 3. FEES AND COSTS

investment

#### **DID YOU KNOW?**

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

#### TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The fees and costs outlined in this PDS are for the Fund only. You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the Fund. If you are investing in the Fund via an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment. If you consult a financial adviser you may also pay an additional fee that will be set out in the Statement of Advice between you and the financial adviser. This section shows the fees and other costs that you may be charged in relation to the Fund. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund's assets as a whole. The information in the table below may be used to compare fees and costs between different simple managed investment schemes.

#### **EXAMPLE OF ANNUAL FEES AND COSTS**

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

| Example:   | 41 I N2                         |   |  |
|--|---------------------------------|---|--|
| Pengana Axiom International Fund   | (Hedged) <sup>2</sup>           | Balance of \$50,000 with a contribution of \$5,000 during year <sup>1</sup>   |  |
| Contribution fees  | 0% pa                           | For every additional \$5,000 you put in, you will be charged \$0.   |  |
| PLUS Management fees and costs comprising:  management fee  indirect costs | 1.35% pa<br>1.35% pa<br>0.0% pa | And, for every \$50,000 you have in the Pengana Axiom International Fund (Hedged) you will be charged or have deducted from your investment \$675 (comprising \$675 management fee and \$0 indirect costs) each year. |  |
| PLUS Transaction costs   | 0.501% pa                       | <b>And</b> , you will be charged or have deducted from your investments \$250.42 in transaction costs   |  |
| EQUALS Cost of the Fund  |                                 | If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then for that year you would be charged fees in the range of <b>\$925.42</b> <sup>1, 2</sup> |  |
|  |                                 | What it costs you will depend on the fees you negotiate.  |  |

1. Additional fees may apply. Additional fees may be payable to third parties, including financial advisers and IDPS Service providers. Also, government fees, duties and bank charges may apply to investments in and withdrawals from the Fund. The example also does not include other fees and costs such as any buy/sell spread that may apply. Please refer to the 'Additional explanation of fees and costs'. **Establishment fee** – Nil

**And**, if you leave the managed investment scheme early, you may also be charged exit fees of nil of your total account balance (\$0 for every \$50,000 you withdraw).

2. This amount excludes fees for any additional contributions that may be made during the year. We have assumed that the \$5,000 contribution is made at the end of the year and that the value of the investment is a constant. This example is therefore calculated using the \$50,000 balance only. Please note that this is just an example.

#### ADDITIONAL EXPLANATION OF FEES AND COSTS

You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the

#### **INDIRECT COSTS**

In general, indirect costs are any amounts that directly or indirectly reduce the returns on the units that is paid from, or the amount or value of, the income or assets of the Fund (including any underlying investment of the Fund). The amount of indirect costs set out in the fees and costs table are calculated and incorporate amounts with reference to the relevant costs incurred in the financial year ended 30 June 2025. Indirect costs may differ from the amount set out in the table. Details of any future changes to indirect costs will be provided on Pengana's website at www.pengana.com.au where they are not materially adverse to investors.

Indirect costs are deducted from the returns on investors' investment in the Fund or the Fund's assets as a whole. They are reflected in the unit price of the Fund and are not an additional cost to you.

#### **REIMBURSABLE EXPENSES**

We are entitled to be reimbursed from the Fund for all costs and expenses properly incurred in acting as Responsible Entity or in relation to the administration and management of the Fund.

The expenses may include, but are not limited to, audit fees, PDS preparation and printing costs and registry services. However, for the life of the PDS Pengana has determined that the management fee will cover all fees and expenses of the Fund excluding transaction costs, indirect costs and abnormal expenses (such as the cost of holding an investor meeting).

#### TRANSACTION COSTS

Transaction costs are a broad category of costs incurred by the Fund that relate to managing the assets of the Fund including buying and selling Fund investments. Some of these costs are brokerage, settlement costs, settlement charges, clearing costs.

For the financial year ending 30 June 2025, the Fund's transaction costs were approximately 0.538% p.a. based on the average Fund value through the financial year. For the financial year ending 30 June 2025, the buy/sell spread of 0.25% generated 0.037% as a proportion of the average Fund value. The net transaction costs not recovered through the buy/sell spread were accordingly approximately 0.501% p.a.

Transaction costs may vary as the turnover in the underlying assets may change substantially as investment and market conditions change, which may affect the level of transaction costs not recovered in the buy-sell spread. Further, there are highly variable drivers upon which such transaction costs are dependent.

#### **BUY-SELL SPREAD**

Sometimes, transaction costs are incurred by the Fund because investors buy or sell units in the Fund and so the Fund may buy and sell investments to meet those investor transactions. We increase the cost at which we sell units in the Fund and decrease the amount which we pay on a withdrawal to recover these costs from investors. The amount of the increase or decrease of the cost of units is called a 'buy-sell spread'.

The purpose of applying a buy-sell spread is to ensure that the existing investors in the Fund are not affected by the transaction costs associated with other investors buying or selling units in the Fund. The buy-sell spread is an additional cost to you when you buy or sell units in the Fund. The amount of the buy-sell spread is not a fee paid to us and it is retained in the Fund to cover the actual transaction costs as they are incurred. As at the date of this PDS, the buy spread and the sell spread for applications and withdrawals are 0.25% of the value of the application or withdrawal amount. These spreads may change from time to time without notice, depending on the nature of the costs and the volume and types of assets being purchased or sold. The current buy/sell spreads applicable for this Fund can be found on our website at www.pengana.com.au.

Based on a buy spread of 0.25%, an investment of \$50,000 will incur a transaction cost of \$125. Based on a sell spread of 0.25%, a withdrawal of \$50,000 would also incur a transaction cost of \$125. This cost will be charged through adjusting the unit price by the spread and paid to the Fund, not to Pengana.

#### **PAYMENTS TO IDPS OPERATORS**

These are commercial payments made by the Responsible Entity to IDPS operators. If you invest via an IDPS these payments may be rebated to you or may be retained by the IDPS operator.

How and when these payments are made vary between the Responsible Entity and IDPS operators. They are paid by the Responsible Entity out of the management costs that it receives from the Fund and are not additional costs to you.

#### MANAGEMENT FEE MAY BE NEGOTIATED WITH DIRECT WHOLESALE CLIENTS

Wholesale clients who invest directly in the Fund may be able to negotiate a rebate of part or all of the management fee by contacting Pengana. We suggest that you consult your tax adviser in regard to the tax treatment of any fee rebates.

#### 4. TAXATION CONSIDERATIONS

#### **US FOREIGN ACCOUNT TAX COMPLIANCE ACT ("FATCA")**

Pengana may be required under Australian tax legislation to request investors to provide additional information in order to comply with US FATCA compliance obligations. FATCA is a US tax law that requires Foreign Financial Institutions (FFIs) to comply with a number of additional compliance obligations in order to ensure that 30% FATCA withholding tax is not deducted from certain US sourced income, gross proceeds from the sale of securities giving rise to such income and 'pass thru' payments.

#### **OECD COMMON REPORTING STANDARD**

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (known as Common Reporting Standard or CRS) requires certain financial institutions to report information regarding certain financial accounts to their local tax authority and also requires certain due diligence procedures to be followed. Generally speaking, the Responsible Entity of the Fund will be required to report information under the CRS. We may therefore request that investors and prospective investors provide certain information in order to comply with the requirements. A jurisdiction that has signed the CRS Multilateral Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Multilateral Competent Authority Agreement. Australia is a signatory of the CRS Multilateral Competent Authority Agreement and the Australian Government has enacted legislation to give effect to the CRS.

# IMPORTANT INFORMATION FOR NEW ZEALAND INVESTORS IN THE PENGANA AXIOM INTERNATIONAL FUND (HEDGED)

This important Information for New Zealand Investors in the Pengana Axiom International Fund (Hedged) must be read together with the current Australian Product Disclosure Statement and Product Guide relating to the Fund. Words defined in the Product Disclosure Statement or Product Guide have the same meaning in this document.

# WARNING STATEMENT FOR NEW ZEALAND INVESTORS IN THE PENGANA AXIOM INTERNATIONAL FUND (HEDGED)

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.

The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (http://www.fma.govt.nz). The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian financial products is not the same as for New Zealand financial products.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.

If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

The dispute resolution process described in this offer document is only available in Australia and is not available in New Zealand.

#### 10.1 Tax Residence - Individual/Sole Trader

#### **HELP**

#### Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you are unsure, ask someone who knows, usually your accountant.

#### What is a TIN?

This is short for Taxpayer Identification Number, an identification number issued or used by tax authorities. In Australia, the equivalent is the tax file number (TFN). For the US, it could for example be a US Social Security Number, a US Individual Taxpayer Identification Number or a US Employer Identification Number. In other countries, it may have a different name.

| 13. TAX INFORMATION - GLOBAL TAX REPORTING REQUIREMENTS (CRS/FATCA)   |  |  |  |  |

## Why you need to complete this section?

The Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS) are regulatory requirements that aim to deter tax evasion by US and other foreign taxpayers. The Australian and a number of other foreign Governments have an agreement which requires us to obtain certain information from investors, including taxation information. You may be liable to a penalty if you provide information that is false or misleading in a material particular. We may decide not to open an account without first receiving the required information. For more information, visit <a href="https://www.ato.gov.au">www.ato.gov.au</a>.

If you are unsure of any of the answers, please contact a legal or accounting professional.

Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you are unsure, ask someone who knows, usually your accountant.

## What should a trust deed extract include?

An extract of the trust deed should include the following information:

- the full name (if any) of the trust;
- the full name of the trustee(s), and
- the full name of the settlor of the trust (unless the material asset contribution to the trust by the settlor at the time the trust is established is less than \$10,000 or the settlor is deceased).

## Who is a senior managing official?

A senior managing official is an individual who makes, or participates in making, decisions that affect the whole, or a substantial part of the company, or that may significantly affect the company's financial standing.

## Who is a beneficial owner?

A beneficial owner is an individual who ultimately owns (directly or indirectly) 25% or more of the customer, or controls (directly or indirectly) the Customer. Control includes control as a result of, or by means of, trusts, agreements, arrangements, understandings and practices, whether or not having legal or equitable force and whether or not based on legal or equitable rights, and includes exercising control through the capacity to determine decisions about financial and operating policies.

Information that may assist you in determining your beneficial owner includes (as relevant):

- a certificate of incorporation of a company with ASIC/and or an annual statement including the amendments submitted to ASIC
- · a trust deed
- a partnership agreement
- the constitution and/or certificate of information for an incorporated association, or
- · the constitution of a registered co-operative.

#### Determining the beneficial owner of a trust

A beneficial owner of a trust may include:

- any individual shareholder who holds the legal title to 25% or more of the issued shares in the trustee;
- directors of the trustee (if they own or control the trustee)
- company secretary of the trustee (if they own or control the trustee), and/or
- any other individual who has the power to appoint or remove the trustee as the trustee of the trust.

For a nominee that has been appointed by a related body corporate to hold interests in the fund on trust, the nominee agreement may specify the beneficial owner. This may be (but is not necessarily) the person that appointed the nominee.

For a foreign company making an investment as a custodian under a single trust with multiple beneficiaries, the trust document under which the custodian is appointed may specify the beneficial owner/s.

For a foreign company making an investment acting as a custodian for multiple trusts with multiple underlying investors, each trust document with each underlying investor may specify the beneficial owner/s.

## Guidance on types of trusts

You will be the trustee of a trust if you are an individual or a company that will hold interests in the fund on trust for another person or persons (known as the beneficiary). It is important to carefully consider who is the beneficiary of the trust for which you are the trustee, keeping in mind that the beneficiary may hold its interest on trust for someone else (i.e. there may be layers of trust relationships down to the underlying investor).

Trustees may include:

- Trustees of a managed investment scheme: Managed investment schemes are a type of trust. The trustee of
  a managed investment scheme is generally a company. If the managed investment scheme is registered with ASIC,
  the trustee is known as the responsible entity.
- Custodians or nominees: These are companies that provide custodial or depository services. In the context of
  managed investment schemes, custodians or nominees may hold interests on trust for the responsible entity of the
  scheme. The responsible entity for the scheme then holds interests on trust for the investors in that scheme. In the
  context of margin lending, a nominee may hold interests on trust for the borrower who has borrowed money from the
  margin lender.
- Trustees of self managed super funds: SMSFs are a type of trust. The trustee of an SMSF may be a company or two
  to six individuals. If the trustee is a company, there can be one to six members (or beneficiaries) of the SMSF and each
  member of the SMSF must be a director of the company trustee. If the trustees are individuals, there can be two to six
  members (or beneficiaries) of the SMSF and each of those members must be a trustee.
- Trustees of retail super funds: Retail super funds are a type of trust. The trustee of a retail super fund is a company.
- Trustees of family trusts: The trustee of a family trust may be one ore more individuals or a company or other type of
  entity. The trustee holds money or property for the beneficiaries of the family trust.
- Trustees of charitable trusts: Some charities are structured as trusts. Trustees of charitable trusts are commonly individuals (for example, a board of trustees) or a company. Other charities may be structured as companies or associations.
- Trustees of deceased estates and testamentary trusts: Testamentary trusts are discretionary trusts established in
  wills, that allow the trustees of each trust to decide, from time to time, which of the nominated beneficiaries (if any)
  may receive the benefit of the distributions from that trust for any given period.

## Where to find trust relationship details?

This will depend on the type of trust in respect of which you are acting as a trustee.

For example, some investors act as a nominee or sub-custodian for a related body corporate that acts as a custodian. In this scenario, the investor may look to the relationship agreement with the relevant related body corporate to find details of the trust relationship that may exist between the investor and the related body corporate. The person or entity that appoints a nominee to act as a trustee may be the related body corporate.

# Translating documents by an accredited translator

In Australia an accredited translator means a professional translator accredited by the National Accreditation Authority for Translators and Interpreters (NAATI) at or above professional level.

NAATI (<a href="https://www.naati.com.au/">https://www.naati.com.au/</a>)

In an overseas country, an accredited translator is a professional translator accredited by a NAATI equivalent authority. For these, escalate to the AML compliance officer for assistance.
