This Product Disclosure Statement (“PDS”) summarises significant information about the Pengana WHEB Sustainable Impact Fund (the “Fund”). It also contains a number of references to important information in the Fund Product Guide. The Fund Product Guide is a separate document which forms part of this PDS. The content in these documents may change from time to time. Information that is not materially adverse can be updated by us by placing such information on our website. The PDS, the Fund Product Guide and any updates are available from pengana.com/impactfund or you can request a copy free of charge by calling Client Service on +61 2 8524 9900 or your investor directed portfolio service, master trust or wrap operator (collectively referred to as an “IDPS” in this PDS).

The PDS and the Fund Product Guide contain important information you should consider before making an investment decision in relation to the Fund. The information provided in this PDS is general information only and does not take into account your personal financial situation, needs or objectives. We recommend you obtain financial advice for your own personal circumstances before making any investment decision.

Pengana Capital Limited (“Pengana”, “we”, “our”, or “us”) is a subsidiary of Pengana Capital Group Limited (“PCG”). No company in the PCG group of companies (“PCG Group”), nor Foresight Group LLP, nor any other party, guarantees the capital value, payment of income or performance of the Fund. An investment in the Fund does not represent a deposit with or liability of the PCG Group and is subject to investment risk, including possible delays in repayment and loss of income and principal invested.

1. ABOUT PENGANA CAPITAL

Pengana Capital Limited (ABN 30 103 800 568) (AFSL 226566) is the responsible entity of the Pengana WHEB Sustainable Impact Fund. Pengana is wholly owned by Pengana Capital Group Limited.

Pengana has appointed Foresight Group LLP as the investment manager for the Fund. WHEB is a registered trading name of Foresight Group LLP (“WHEB”). WHEB sits within Foresight Capital Management and is a specialist fund management business focused on the opportunities created by the global transition to more sustainable, resource efficient and energy efficient economies.

2. HOW THE PENGANA WHEB SUSTAINABLE IMPACT FUND WORKS

The Pengana WHEB Sustainable Impact Fund is a simple managed investment scheme, registered under the Corporations Act 2001 (“Corporations Act”). By investing in a simple managed investment scheme, your funds are added to those of other investors to create a pool of capital. The capital is invested under the direction of Pengana, in a range of investments authorised under the Fund’s Constitution. The duties and responsibilities of Pengana and the general operations of the Fund are set out in its Constitution and the Corporations Act.

UNITS AND UNIT PRICES

Investors in the Fund are issued units. Each unit is valued based on the assets of the investments held by the Fund and units are priced each business day. The price of units will change daily as the market value of the assets in the Fund rises and falls.

The number of units issued to an investor is dependent on the Entry Price (also known as the Application Price) of the Fund for that particular day. The value of your redemption is dependent on the Exit Price (also known as the Redemption Price) of the Fund for that particular day.

Applications and redemptions are processed each day. If your application or redemption request is received and identified by 2pm Sydney time it will be processed using the Entry or Exit Price at the close of business that day. If it is received and identified after 2pm Sydney time it will be processed using the Entry or Exit Price at the close of business on the following business day.

The daily unit prices are available on our website pengana.com/impactfund.

You can increase your investment at any time by acquiring more units in the Fund. Generally, you can decrease your investment by disposing of some of your units, although in certain circumstances (such as a freeze on withdrawals) you may have to wait a period of time before you can reduce your investment.

MAKING AN INVESTMENT

Initial investments may be made by sending us a fully completed and signed Application Form. We accept application monies by either cheque or electronic funds transfer.

Investors can increase their investment, acquiring further interest in the Fund via:

- cheque or electronic funds transfer and submission of an Additional Investment Form, or
- the Regular Savings Plan, or
- reinvestment of distributions.

The minimum initial investment is \$10,000 and the minimum additional investment is \$5,000. The Regular Savings Plan minimum contribution is \$500 per month.

MAKING A REDEMPTION

You can redeem all or part of an investment by notifying us of your instructions by sending us a completed Redemption Request Form.

The minimum redemption is \$5,000 or the entire investment balance if the

redemption would cause the unitholder's account balance to fall below \$10,000.

Withdrawal payments will generally be made within 5 business days although the Fund's Constitution allows up to 30 days for payment to be made. In addition, this period may be extended in certain circumstances outside our control. In certain circumstances, such as when there are adverse market conditions, we may suspend withdrawals. We may also process withdrawal requests in instalments over a period of time.

In circumstances where withdrawals are delayed, suspended or being paid in instalments, the unit prices used for a withdrawal may be those applicable to the day the withdrawal is effected, rather than the time the withdrawal request is received.

Delays in payment may occur during the distribution period (post 30 June) due to calculating post-distribution prices.

DISTRIBUTIONS

Net income, when it is available, will be distributed to unitholders annually after 30 June each year. We generally aim to pay income distributions within 20 Business Days.

The net income is broadly calculated by deducting expenses and fees from the income. The income of the Fund may include dividends, interest and net realised gains from the sale of investments.

transparency in profitable investing with positive impact. WHEB's highly experienced investment professionals have over 15 years of investment experience on average.

Measure your positive impact

WHEB produces an annual Impact Report which measures and reports on the positive social and environmental impact associated with the Fund's investments. An impact calculator measures the impact associated with your investment.

Additionally, we publish detailed fund and thematic commentary, voting and engagement activity, as well as lists of the Fund's portfolio companies on a quarterly basis.

Publicly available sustainability policies and other ongoing reporting

Sustainability policies and other ongoing reporting relating to WHEB and the Fund are made available on the Fund's website at pengana.com/impactfund under 'Reports and Resources'.

Access to a diversified portfolio

The Fund invests in a diversified portfolio of listed companies globally.

Thought leader in sustainable and impact investing

WHEB is actively involved in organisations at the leading edge of sustainable and responsible investment, sharing thinking and promoting sustainability issues.

4. RISKS OF MANAGED INVESTMENT SCHEMES

All investments carry risk. Different investment strategies carry different levels of risk depending on the underlying mix of assets that make up the strategy. Usually, assets with the potential for the highest long-term returns carry the highest levels of short-term risk.

It is important for you to carefully consider the risks of investing in the Fund and to understand that:

- the value of your investment will go up and down,
- investment returns will vary and future returns may differ from past returns,
- returns are not guaranteed and you may lose some or all the money you invest,
- laws affecting managed investment schemes may change in the future, and
- your level of risk will vary depending on a range of factors including your age, investment time frames, where other parts of your wealth are invested and your risk tolerance.

The significant risks of investing in the Fund are described below, but there could be other risks that affect the performance of the Fund. You should seek your own professional advice on the appropriateness of this investment to your circumstances.

Individual Investment Risk: The value of the Fund's portfolio may be affected by unexpected changes in the value of the investments in the portfolio. Such changes may be due to unexpected company specific issues that impact the market value of the individual investments.

Market Risk: Economic, technological, political or legal conditions, and market sentiment change can affect the value of the investments in the Fund.

International Investing Risk: The Fund primarily holds investments in global securities listed on approved exchanges.

Risks of international investing may include currency fluctuations, foreign tax, different market and settlement practices, adverse political and economic developments, limited liquidity, foreign exchange controls and investment restrictions. Regulatory intervention can also materially affect the Fund's ability to affect its investment strategy and adversely affect the Fund's performance.

Currency Risk: The Fund will invest in countries other than Australia. If the currencies of those countries change in value relative to the Australian dollar, the value of these investments may change and may negatively affect the Fund's return. Additionally, any hedging of foreign exchange exposures undertaken by the Fund may not provide complete protection from adverse currency movements or a counterparty to such hedging transactions may default on their obligations to the Fund.

Counterparty and Broker/Custodian Credit Risk: There is a risk of loss caused by a counterparty to a transaction with the Fund, including the custodian (BNP Paribas), defaulting on their financial obligations, failing to perform their contractual obligations or becoming insolvent. A counterparty defaulting on its obligations could result in a default payment, which may subject the Fund to substantial losses and cause the net asset value of the Fund to fall.

Liquidity Risk: This is the risk that an investment may not be able to be sold quickly enough to prevent or minimise a loss. A lack of liquidity may also affect the amount of time it takes us to satisfy withdrawal requests.

Fund Risk: Risks particular to the Fund include the risk that the Fund could terminate and that fees and expenses payable by the Fund could change. There is also a risk that investing in the Fund may give different results than investing individually because of income or capital gains accrued in the Fund or the consequences of investments and withdrawals by other investors.

Investment Universe Risk: The range of companies that WHEB believe are impact stocks (the "Universe") overlaps the MSCI World Index by less than 15%. This makes comparison to this index complex as the Fund is absent from sectors such as financials and energy whilst investing heavily in solutions to sustainability challenges in health and industrials. These differences can increase the potential reward but also increase risk. As such, the performance of the Fund may be more volatile.

Unintended Negative Impacts Risk: In pursuing the Fund's Sustainability Goal there is always the possibility of ancillary unintended negative impacts, for example an increase in the use of plastics as a result of investing in vaccine development.

Investment Manager Risk: Like other investment managers, WHEB's investment approach directly impacts the value of this investment and performance is likely to vary in different market conditions. No single investment approach performs better than all others in all market conditions.

Key Personnel Risk: Changes in key personnel within Pengana and/or WHEB may also impact the Fund's returns.

5. HOW WE INVEST YOUR MONEY

You should consider the likely investment return and risk of the Fund and your investment timeframe when deciding whether to invest into the Fund.

SIGNIFICANT FEATURES

Sustainability Goal

The investment objective of the Fund is to achieve capital growth over the medium to longer term and contribute to positive sustainability impact over this period. For these purposes, contributing to positive sustainability impact (the “Sustainability Goal”) includes:

supporting a stable climate and healthy ecosystems through activities that:

- deliver cleaner energy and avoid the production of greenhouse gases (“GHGs”),
- provide environmental services that reduce the generation of waste and avoid the production of GHGs,
- enable improved resource efficiency in order to avoid the production of GHGs,
- enable sustainable transport that avoids the production of GHGs, and
- enable effective water management through reductions in the use of freshwater and treatment of polluted water.

and enabling more productive and healthy lives through activities that:

- deliver more education,
- deliver improved health through the reduction of both communicable and non-communicable diseases,
- improve safety by making sure products are safe and by directly protecting people from hazards,
- improve well-being for people through preventative care, and
- deliver new and better positive impact technologies related to the above activities.

What the Fund invests in

The Fund invests in companies that produce products and services providing solutions to critical environmental and social problems. These can be split into four areas:

- Supporting a stable climate through greenhouse gas emission reduction,
- Supporting healthy ecosystems,
- Enabling healthy lives, and
- Enabling productive lives.

What the Fund won't invest in

WHEB reviews the environmental, social and governance (“ESG”) quality of a business as part of the investment process. Based on this analysis, WHEB assess the company's quality and suitability for the Fund.

If the company is, in WHEB's view, exposed to excessive reputational risk, or has substantial activity (generally defined as more than 5% of reported gross revenues) in areas that are not consistent with the Sustainability Goal of the Fund,

then the company will not be selected for investment. The Fund's methodology and list of controversial activities that are considered to conflict with the Sustainability Goal is available in the Fund Product Guide under “Ethical Outcomes From Impact Investing”.

If a company no longer delivers a positive impact in line with the Sustainability Goal of the Fund, WHEB will engage with company management to improve this. If the response or subsequent changes are considered insufficient, the Fund will divest.

Approach to stewardship

Process

WHEB engages with the companies the Fund invests in with the aim of accelerating their positive impact, limiting any negative social or environmental impacts and improving business operations.

For each engagement WHEB sets objectives, tracks progress towards these objectives using clear milestones, measures objective outcomes using key performance indicators (“KPIs”), and evaluates the effectiveness of their actions in helping to bring about the desired outcome.

The Fund will ultimately divest from investments which WHEB no longer believe are delivering a positive impact towards the Sustainability Goal.

INVESTMENT PHILOSOPHY

The Investment Manager's overarching theory of change is that the Fund's investments and investment activities (investor contribution) directly contribute to faster or greater deployment of selected products and services that help solve critical environmental and social problems, leading to improved impacts compared with the present circumstances. These can be split into four areas, with some examples listed below.

Supporting a stable climate through greenhouse gas emission reduction

- The Fund invests in companies that generate renewable power such as solar and wind power, and other forms of cleaner energy that replace carbon intensive power generation.
- The Fund helps to make buildings and manufacturing processes more resource efficient by investing in companies that provide automation and control technologies, insulation, energy efficient heating and cooling, and more energy efficient products.
- The Fund invests in companies that make electric vehicles, public transportation systems, and other forms of low impact transport which

replace high carbon forms of transport.

Supporting healthy ecosystems

- The Fund invests in companies that recycle and treat waste materials, and that reduce the volume and toxicity of waste materials that enter the natural environment.
- The Fund invests in companies that reduce demand on limited freshwater resources by increasing the efficiency of water use, and by reducing the volume and toxicity of wastewater entering the natural environment.

Enabling healthy lives

- The Fund invests in companies that prevent or treat communicable and non-communicable illnesses, and diseases that contribute significantly to the global burden of disease.
- The Fund invests in companies that support well-being through a variety of preventative care products and services.
- The Fund invests in companies that enable people to stay safe, that ensure products are safe, and that directly protect people.

Enabling productive lives

- The Fund invests in companies that provide education and training, and that supply technologies that improve the quality of or access to education.

INVESTMENT PROCESS

The Fund's investment team builds and maintains a Universe of companies which provide solutions to sustainability challenges and are categorised within WHEB's nine sustainable investment themes. To qualify for WHEB's Universe, companies need to have a market capitalisation of at least US\$2 billion, and at least 50% of gross revenues (as reported by the companies) directly exposed to WHEB's themes. This Universe was first established in 2005, is reviewed on an ongoing basis, and includes around 400 to 500 companies.

WHEB selects the best ideas from their Universe for further in-depth fundamental analysis. Ideas are identified through a combination of thematic thinking, which builds a picture of sustainability developments and those companies that can benefit the most from them, and quantitative screens, which are used to identify high quality companies.

Potential investments are then evaluated using a differentiated and systematic approach that integrates sustainability and financial analysis at every stage of the fundamental analysis process:

- WHEB's proprietary 'Impact Engine' assesses the overall impact intensity of products and services offered by companies. It builds on existing market frameworks and is intended to capture the different dimensions of positive impact, including:
 1. Importance of outcomes
 - How vulnerable is the beneficiary?
 - How critical is the outcome to the beneficiary?
 2. Change in outcomes
 - How large is the impact compared to baseline?
 - How widely applicable is the product?
 3. Contribution to outcomes
 - How central is the product impact in the outcome?
 - How unique is the product's contribution?
- WHEB's financial analysis assesses the fundamental quality of a company's policies and operational performance. The analysis considers five aspects of business operations: market attractiveness, competitive position, value-chain operations, management quality, and growth strategy.

Researched companies are given an overall score and considered for investment, as long as the valuation is appropriate for the level of quality determined based on WHEB's disciplined approach. Position sizes are usually between 0.5% and 4.0% of the portfolio, and all members of the investment team are involved in the monitoring and analysis of the total portfolio. The expected holding period is between 4 and 7 years. Positions are usually sold if they are no longer considered to be attractively valued, if they no longer meet the impact criteria, or if corporate quality or the growth opportunity has changed materially.

The investment process is expected to result in a portfolio which is exposed to structurally growing markets, through companies which have positive social and environmental impacts underpinning this growth. Progress towards the positive sustainability impact objective is measured using sustainability metrics.

SUSTAINABILITY METRICS

The KPIs listed below provide a key measure of the positive impact associated with the Fund and progress towards the Sustainability Goal:

- Tonnes of carbon dioxide equivalent (CO₂e) avoided
- Megawatt hours (MWhs) of renewable energy generated
- Tonnes of waste recycled or reused
- Litres of wastewater treated
- Litres of water saved
- Days of tertiary and vocational education
- Number of people treated for communicable and non-communicable diseases
- Number of people with improved well-being
- Value of investments in equipment and services for positive impact research

These KPIs are not definitive, may include qualitative as well as quantitative indicators, and may vary year on year based on the assets held in the portfolio.

Investors in the Fund are aligned with these positive impacts by investing in companies that form part of crucial supply chains that manufacture these products and provide these services. WHEB's investments contribute to the attainment of the impact, however, are not solely responsible. The impact is therefore referred to as 'associated'.

We publish an Impact Calculator (updated annually) on our website that allows investors to find the impact associated with their investment.

Engagement objectives and KPIs

The Fund's Sustainability Goal is to contribute to positive sustainability impact. Investment activities include the investor contribution which is delivered through engagement and stewardship activities. This includes engaging with the management teams of underlying investments with the objective of:

1. Delivering, accelerating and enhancing the company's positive impact as measured by the relevant KPI for each asset,
2. Limiting any material negative social or environmental impacts,

3. Delivering improvements in the quality of business operations that support the delivery of positive impact as measured by the relevant KPI for each asset,
4. Encouraging reinvestment of profits in further growth and activities (such as research and development) that increase positive impact, and
5. Supporting high quality management that reinforce and extend the company's overall positive impact and long-term success.

Engagement and Stewardship activities

The Investment Manager uses a series of milestones ("Objective Milestones") to monitor and evaluate a company's progress during an engagement on the way to the objective being achieved.

The Objective Milestones allow discrete, rather than continuous, measurement and represent the investor contribution process. They are a valuable tool for motivating and focusing investor contribution activities that may span multiple years, and where achieving objectives requires changes in company strategy, policy or governance.

6. FEES AND COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE:

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The fees and costs outlined in this PDS are for the Fund only. You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the Fund. If you are investing in the Fund via an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment. If you consult a financial adviser you may also pay an additional fee that will be set out in the Statement of Advice between you and the financial adviser. This section shows the fees and other costs that you may be charged in relation to the Fund. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund's assets as a whole. The information in the table below may be used to compare fees and costs between different simple managed investment schemes.

1. The fees and costs in this PDS are quoted inclusive of Goods and Services Tax ("GST") and net of any reduced input tax credits ("RITC") at the prescribed rates.
2. The management fee and costs may in some cases be negotiated with direct wholesale investors. Please refer to the "Management fees and costs may be negotiated with direct wholesale clients" section in the Fund's Product Guide.
3. All fees and costs in this section (management fees and costs) are calculated with reference to the relevant costs incurred during the financial year ended 30 June 2023. See 'Additional explanation of fees and costs' paragraphs later in section 6 of this PDS for further details.
4. The transactions costs are calculated with reference to the actual transaction costs incurred during the financial year ended 30 June 2023 and are shown net of any amount recovered by the buy/sell spread charged to investors who transacted during that period.

EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example: Pengana WHEB Sustainable Impact Fund²		Balance of \$50,000 with a contribution of \$5,000 during year¹
Contribution fees	0% pa	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs comprising:	1.35% pa	And , for every \$50,000 you have in the Pengana WHEB Sustainable Impact Fund you will be charged or have deducted from your investment \$675 (comprising \$675 management fee and \$0 indirect costs) each year.
• management fee	1.35% pa	
• indirect costs	0.0% pa	
PLUS Transaction costs	0.0% pa	And , you will be charged or have deducted from your investments \$0 in transaction costs
EQUALS Cost of the Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then for that year you would be charged fees in the range of \$675^{1, 2}
What it costs you will depend on the fees you negotiate.		

1. Additional fees may apply. Additional fees may be payable to third parties, including financial advisers and IDPS Service providers. Also, government fees, duties and bank charges may apply to investments in and withdrawals from the Fund. The example also does not include other fees and costs such as any buy/sell spread that may apply. Please refer to the "Additional explanation of fees and costs".
Establishment fee – Nil
And, if you leave the managed investment scheme early, you may also be charged exit fees of nil of your total account balance (\$0 for every \$50,000 you withdraw).
2. This amount excludes fees for any additional contributions that may be made during the year. We have assumed that the \$5,000 contribution is made at the end of the year and that the value of the investment is a constant. This example is therefore calculated using the \$50,000 balance only. Please note that this is just an example.

ADDITIONAL EXPLANATION OF FEES AND COSTS

Management fees and costs

The Management fees and costs are fees and costs for investing the Fund's assets. They include fees charged by Pengana and other expenses incurred in operating the Fund such as the investment manager's fees, custody costs, registry costs, auditing fees and tax return fees. The Management Costs do not include buy/sell spreads or any abnormal expenses such as the cost of holding an investor meeting.

Transaction costs

The Fund may incur transaction costs associated with buying and selling Fund assets, including brokerage, settlement costs custody costs, transaction fees, clearing costs, implicit costs and stamp duty. Transaction costs incurred as a result of investors coming into and out of the Fund may be accounted for in the buy/sell spread. Other transaction costs are additional costs that are deducted from the assets of the Fund. Such costs are recovered as they are incurred and

reflected in the Fund's NAV. The transaction costs are displayed net of any amount recovered by the buy/sell spread.

Buy/sell spreads

The buy spread is 0.25% and is a cost charged to acquire units in the Fund, and the sell spread is 0.25% and is a cost charged to dispose of units in the Fund. They are charged because entering or exiting the Fund necessitates the buying or selling of the Fund's investments, which will incur transaction costs. The spreads are based on estimates of the average transaction costs incurred by the Fund. The estimates will be reviewed and set by Pengana from time to time.

The buy/sell spread is an additional cost incurred directly by an investor. The costs aim to ensure that other investors do not pay the costs associated with an investor entering or exiting the Fund. The buy/sell spread is not a fee paid to either Pengana or WHEB – it is retained in the Fund to cover costs associated with buying and selling the Fund's investments.

Changes to fees and costs

We may vary fees or introduce new fees up to the maximums described in the constitution without your consent. If you invest directly in the Fund, we will give you 30 days' notice of increases in fees or costs. No notice will be given in respect of changes to the buy/sell spreads. ASIC provides a fees calculator on its website www.moneysmart.gov.au which you could use to calculate the effects of fees and costs on your investment in the Fund.

Additional fees may apply

Additional fees may be payable by you to a financial adviser if you have consulted one. You should refer to the Statement of Advice (if any) or Financial Services Guide provided by your financial adviser for details of these fees. Indirect Investors accessing the Fund through an IDPS may incur additional fees and costs. As well as reading this PDS, Indirect Investors should read their IDPS operator's offer document, which explains the fees payable by the Indirect Investor to the IDPS operator.

IMPORTANT NOTICE

You should read the important additional information about “Additional explanation of fees and costs” in section 6 of the Fund Product Guide before making a decision to invest in the Fund. Go to pengana.com/impactfund. The material relating to these matters may change between the time you read this PDS and the day when you acquire the product.

7. HOW MANAGED INVESTMENT SCHEMES ARE TAXED

Investing in a managed investment scheme is likely to have tax consequences. Because this PDS and the Fund Product Guide are not tax guides and tax laws are complex and change from time to time, we strongly recommend that you obtain professional tax advice in relation to your own personal circumstances. This applies whether you are an Australian resident or a non-resident for tax purposes. The Fund itself should not be liable for tax on its net earnings. Managed investment schemes do not pay tax on behalf of investors. Australian resident investors are generally subject to tax on their share on the taxable income of the Fund. This will include amounts reinvested in the Fund. Any net losses are retained by the Fund and may be used to offset future matching gains. If you buy units before a distribution, the unit price will include income accumulated in the Fund since the last distribution payment. The income that has been accumulating will be distributed and you may potentially have taxation liabilities on that income. Depending on an investor's circumstances, a revenue or capital gain or loss may arise when units in the Fund are sold or redeemed.

You do not have to tell us your TFN or ABN, but most people do. If you choose

IMPORTANT NOTICE

You should read the important additional information about “US Foreign Account Tax Compliance Act (“FATCA”)” and “OECD Common Reporting Standard” in section 7 of the Fund Product Guide before making a decision to invest in the Fund. not to and you do not have an exemption, we must deduct tax at the highest personal rate, plus the Medicare levy and any other applicable Government charges, before paying any income distribution to you. We may also be required to withhold tax in relation to certain distributions made to non-resident investors.

8. HOW TO APPLY

Before completing the Application Form please ensure you have read this PDS together with the Fund Product Guide.

MAKING AN INVESTMENT

Initial applications for units can only be made on the current Application Form issued with this PDS. Instructions are included in the Application Form.

INVESTING VIA AN IDPS

To invest in the Fund via an IDPS, you will need to contact your IDPS and complete the relevant IDPS application form and any other documentation required by the IDPS. You will also need to contact your IDPS in relation to making additional contributions to your investment.

COOLING-OFF RIGHT

Unless you are a ‘wholesale client’ (as defined in the Corporations Act), direct investors have a ‘cooling-off right’ whereby you can change your mind about your initial investment in the Fund and ask for your money to be repaid. The cooling-off right must be exercised by writing to Pengana. Your written request must be received by Pengana in its offices within 14 days from the earlier of:

- when you receive confirmation of your investment; or
- the end of the fifth Business Day after the day on which your units were issued to you.

Your cooling-off right terminates immediately if you exercise a right or power under the terms of the Fund, such as withdrawing or transferring part of your investment. Cooling-off rights do not apply to any additional contributions you make to your investment (including those made under any distribution reinvestment election). Any repayment of your investment under the cooling-off right is subject to an adjustment for market movements (both positive and negative), taxes, buy/sell spreads, and fees and other costs referred to in section 6 of the PDS.

RESOLVING COMPLAINTS

If you have a complaint, you can contact us on +61 2 8524 9900. Our Client Services team can usually resolve complaints over the phone. Alternatively, you may write to us or email us. We will work to resolve your complaint as soon as

possible. If you are not satisfied with the outcome of your complaint, you can refer the matter to the Australian Financial Complaints Authority. See www.afca.org.au for more information.

9. OTHER INFORMATION

ADDITIONAL DISCLOSURE

Copies of documents lodged with ASIC may be obtained from, or inspected at, an ASIC office and are available on our website at pengana.com/impactfund. If you wish to obtain any of the following documents, please contact your IDPS operator (for indirect investors), or alternatively contact Pengana (for direct investors):

- the annual financial statements most recently lodged with ASIC,
- any half yearly statements for the Fund lodged with ASIC after the lodgement of the annual financial statements and before the date of this PDS (only available if the Fund is a disclosing entity), and/or
- any continuous disclosure notices given by the Fund after lodgement of the annual financial statements and before the date of the PDS (only available if the Fund is a disclosing entity).

IMPORTANT NOTICE

You should read the important additional information about the “Custodian” and “Important information for New Zealand Investors in the Pengana WHEB Sustainable Impact Fund” in section 9 of the Fund Product Guide before making a decision to invest in the Fund. Go to pengana.com/impactfund. The material relating to these matters may change between the time you read this PDS and the day when you acquire the product.

This Pengana WHEB Sustainable Impact Fund Product Guide (“Fund Product Guide”) provides additional information about topics under the prescribed sections of the Pengana WHEB Sustainable Impact Fund Product Disclosure Statement dated 20 March 2025 (“PDS”). The information in this Fund Product Guide forms part of the PDS. Words defined in the PDS have the same meaning in this Fund Product Guide.

This Fund Product Guide and the PDS contain important information you should consider before making an investment decision in relation to the Pengana WHEB Sustainable Impact Fund (“the Fund”). The information provided in this Fund Product Guide and the PDS is general information only and does not take into account your personal financial situation, needs or objectives. We recommend you obtain financial advice for your own personal circumstances before making any investment decision.

These documents are available from pengana.com/impactfund or you can request a copy free of charge by calling us or your investor directed portfolio service, master trust or wrap operator (collectively referred to as an “IDPS” in this Fund Product Guide and the PDS). The content in these documents may change from time to time.

Pengana Capital Limited (“Pengana”, “we”, “our”, or “us”) is a subsidiary of Pengana Capital Group Limited (“PCG”). No company in the PCG group of companies (“PCG Group”), nor WHEB Asset Management LLP (“WHEB”), nor any other party, guarantees the capital value, payment of income or performance of the Fund. An investment in the Fund does not represent a deposit with or liability of the PCG Group and is subject to investment risk, including possible delays in repayment and loss of income and principal invested.

1. ABOUT PENGANA INVESTMENT MANAGEMENT

Pengana Capital Limited (ABN 30 103 800 568) (AFSL 226566) is the responsible entity of the Pengana WHEB Sustainable Impact Fund. Pengana is wholly owned by Pengana Capital Group Limited.

2. HOW THE PENGANA WHEB SUSTAINABLE IMPACT FUND WORKS

ISSUE OF UNITS

The number of units issued to an investor is dependent on the Entry Price of the Fund for that particular day.

Units are generally allotted on the business day that Pengana receives a valid Application Form or Additional Investment Form, provided that the relevant form is received and identified by 2pm Sydney time on that business day. Any such form received and identified by Pengana after 2pm Sydney time on a business day is deemed to have been received on the next business day. Units will be issued at the Entry Price applicable for that day.

Note that an application is not considered to be valid until the application monies have been cleared. Any interest earned on application monies will not be paid to you – rather it will become an asset of the Fund.

An application for Units may not be withdrawn once submitted without Pengana's consent.

Pengana has the discretion to refuse an application. Interest is not payable on rejected application monies.

Upon receiving and accepting an application for units, Pengana will issue a transaction confirmation statement setting out the number of units issued. The confirmation statement may be issued via email and/or post.

The allocation of additional units by way of the automatic reinvestment of income is free of the buy spread.

Unitholders investing from outside Australia may experience a delay in the processing of applications due to international funds clearance.

Pengana may issue fractions of units.

ENTRY PRICE

The PDS relates to the offer of one Class of units in the Fund. Units in the Fund are issued at the Entry Price (also known as the Application Price) which is calculated as follows:

- the net asset value (NAV) of a Class reflects the value of the assets attributable to that Class at the close of business in each market in which the Fund invests less all liabilities attributable to that Class,
- the Unit Value is calculated by dividing the NAV of the Class by the number of units on issue at the close of each business day, and
- the Entry Price is calculated by adding to the Unit Value an amount reflecting the transaction cost per unit of acquiring Authorised Investments (i.e. brokerage). This transaction cost is also referred to as a buy spread.

For unitholders electing to have income automatically reinvested, the Entry Price for those units is equal to the Unit Value and does not include the buy spread.

EXIT PRICE

The Exit Price (also known as the Redemption Price) of units in the Fund is calculated as follows:

- the net asset value (NAV) of a Class reflects the value of the assets attributable to the Class at the close of business in each market in which the Fund invests less all liabilities attributable to the Class,
- the Unit Value is calculated by dividing the NAV of the Class by the number of units on issue at the close of each business day, and
- the Exit Price is calculated by subtracting from the Unit Value an amount reflecting the transaction cost per unit of disposing of Authorised Investments (i.e. brokerage). This transaction cost is also referred to as a sell spread.

UNIT PRICING DISCRETIONARY POLICY

Pengana has adopted a Unit Pricing Discretionary Policy that sets out the rules and guidelines it follows when valuing the Funds' assets. Unitholders can request a copy of the policy document by contacting Pengana.

MAKING AN INITIAL INVESTMENT

The minimum initial application amount is \$10,000.

An Application Form accompanies the current PDS and is also available on our website at pengana.com/impactfund.

Investors can make initial investments by sending a duly completed Application Form and any requisite documentation in accordance with the form's instructions.

MAKING AN ADDITIONAL INVESTMENT

Existing unitholders in the Fund may invest further amounts in that Fund of \$5,000 or more at any time.

An Additional Investment Form is available on our website at pengana.com/impactfund.

Investors can make additional investments by sending a duly completed Additional Investment Form and any requisite documentation in accordance with the form's instructions.

Additional units may also be acquired through the reinvestment of income distributions or via the Regular Savings Plan, which has a minimum monthly contribution amount of \$500.

If you are an existing unitholder but wish to invest in another Pengana Fund you must complete a new application form.

DISTRIBUTION PAYMENTS

Unitholders can request to have income distributions reinvested in the Fund or paid into their bank account. Where no selection is made, we will reinvest any income back into the Fund. Payments will not be made to bank accounts in foreign countries. New Zealand investors who do not have an Australian bank account will have their distributions reinvested.

REINVESTMENT IN ADDITIONAL UNITS

Unitholders may elect to have income distributions automatically reinvested in additional units. In this case:

- additional units are issued using the post distribution Entry Price and processed on the transaction date of 30 June, and
- the Entry Price for those units is equal to the Unit Value and does not include the buy spread.

REGULAR SAVINGS PLAN

The Regular Savings Plan (RSP) provides an opportunity to save and accumulate long term wealth. It also allows you to benefit from averaging the cost of your units through periods of fluctuating market prices. To start a Regular Savings Plan you will need to:

- make an initial investment of \$10,000 or more,
- nominate a monthly investment amount of \$500 or more,
- complete the Regular Savings Plan section of the Application Form or the Change of Details Form.

We will debit your account on the 15th calendar day of each month or the following business day if the 15th falls on a weekend or public holiday.

Normal transaction costs apply to monthly investments. Your financial institution may charge you a fee on the monthly debit to your account.

MAKING CHANGES TO AN ACCOUNT

A Change of Details Form is available from our website
pengana.com/impactfund.

SWITCHING BETWEEN PCG FUNDS

All or part of an investment can be switched between PCG funds that use the same external fund administrator and unit registry.

Transaction costs will apply for the redemption and application components of each switch. Further, other fees such as management fees or performance fees may change as a result of a switch to another Fund as detailed in the relevant PCG fund's product disclosure statement.

To use the switching facility, please contact us via phone (+61 2 8524 9900) or email (clientservice@pengana.com).

Switching involves a disposal of the original units, which may realise a capital gain or loss for the unitholder.

If switching into a different PCG fund, the minimum initial investment amounts, for the relevant fund, will still apply.

You should consult your financial or taxation adviser before you switch your investments between PCG funds.

REDEEMING AN INVESTMENT

The minimum redemption amount is \$5,000 or the entire investment balance if the redemption would cause the unitholder's account balance to fall below \$10,000. Pengana has the right to waive the minimum redemption amount at its discretion.

A Redemption Request Form is available on our website at
pengana.com/impactfund.

Investors can make redemption requests by sending a duly completed Redemption Request Form and any requisite documentation in accordance with the form's instructions.

Where a duly completed Redemption Request Form and any requisite documentation is received and identified by Pengana by 2pm Sydney time it will be processed using the Exit Price at the close of business that day. If it is received and identified after 2pm Sydney time it will be processed using the Exit Price at the close of business on the following business day.

Once lodged, redemption requests may not be withdrawn except with our consent.

Withdrawals will generally be effected by way of redemption. Please refer to section 9 of this Fund Product Guide for further information.

Redemption payments will generally be made within 5 Business Days although the Fund's Constitution allows up to 30 days for payment to be made.

Withdrawal payments will only be made payable to the Investor and directed to the account nominated on the Investor's Initial Application Form (as updated by the Investor from time to time).

Withdrawal payments will not be made to bank accounts in foreign countries (other than New Zealand).

REDEMPTION SUSPENSIONS

We may suspend redemptions if we believe it is in the best interests of unitholders as a whole to do so or if it is not possible to calculate an Exit Price due to circumstances outside our control, e.g. market disruption.

Any redemption requests received during a period of suspension will receive the Exit Price applicable to the Business Day immediately following the end of the suspension period.

DEDUCTING AMOUNTS OR REDEEMING UNITS IN CERTAIN CIRCUMSTANCES

We may deduct from a withdrawal payment any amount owed under the Fund's Constitution, including taxes.

We may also redeem some or all of an investor's unitholding in the Fund to satisfy any such amounts or if we form the opinion that the unitholding is prejudicial to the interests of other investors.

3. BENEFITS OF INVESTING IN THE PENGANA WHEB SUSTAINABLE IMPACT FUND

KEEPING YOU INFORMED

If you invest directly into the Fund, we will keep you up to date on your investment by providing or making available:

- transaction confirmations
- transaction statements at least annually
- distribution statements
- an annual tax statement for Australian resident investors to assist in completing tax returns, and
- an annual financial report.

Our website has additional information about the Fund including unit prices, performance and performance reports.

You can obtain information on your account and update your details by contacting our Client Services team.

If you invest via an IDPS you can obtain information on your investment in the Fund by contacting your IDPS operator.

4. RISKS OF MANAGED INVESTMENT SCHEMES

There is no additional information for this section.

5. HOW WE INVEST YOUR MONEY

AUTHORISED INVESTMENTS

The Fund invests predominantly in global listed equities and in particular will invest in such equities in those sectors identified by the investment manager as contributing to positive sustainability impact. Investments may however also be made in other transferable securities, money market instruments and near cash.

BORROWING POWER

Short term overdrafts (for less than one month and less than 10% of the NAV of the Fund) are allowed provided that the Fund is not overall leveraged.

The Fund's Constitution allows an amount not exceeding 30% of the value of the Fund to be borrowed, however, it is not envisaged that this level will be required.

ETHICAL OUTCOMES FROM IMPACT INVESTING

Approach

WHEB consider the positive social and environmental impact of investments as a critical part of the investment process. WHEB also measure and report the impact of investments. When WHEB consider impact, WHEB consider the products or services created by the company. WHEB also consider the way in which the company creates those products and services, which includes Environmental, Social and Governance ("ESG") analysis.

Positive Impact Criteria

The Fund only invests in companies providing solutions to sustainability challenges, which is, by definition, a positive impact activity. WHEB apply this principle rigorously using fixed criteria. Specifically, at least half of the company's revenues – throughout the Fund Product Guide, 'revenues' refers to gross revenues as reported by the company – must be derived from businesses with positive impact related to sustainability investment themes.

Consideration of Negative Impacts

When WHEB analyse companies, WHEB also consider potential negative impacts associated with their products and services as well as their operations. The Fund only invests in companies where WHEB are clear on the overall positive impact of the business.

As a result, WHEB have never invested in any company with substantial activities (defined as more than 5% of revenues) related to products and services that WHEB consider have a significant negative impact. Such companies would not be considered to have an overall positive impact and would therefore be ineligible for investment.

Activities covered include the production and sale of:

- alcohol;
- cannabis for recreational use;
- controversial lending activities (predatory lending);
- conventional weapons (including civilian fire arms) and including military contracting where this is focused on weapon-related products and/or services;
- cosmetics involving animal testing (animal testing is permitted where required by regulators for the approval of healthcare products);
- fossil-fuels (including exploration, extraction, distribution or refining) and including thermal coal, lignite and oil sands;
 - For companies that derive revenues from exploration, mining, extraction, distribution or refining of hard coal and lignite the threshold is 1% of revenues.
- fur;
- gambling services;
- Genetically Modified Organisms ("GMOs") where they are released into the natural environment;
- intensive farming or fishing activities;
- nuclear power generation activities;
- pornography;

- unsustainable timber products; and,
- unsustainable palm oil.

Avoiding Significant Harm

Furthermore, the Fund will not have any exposure to the following activities and a 0% revenue threshold applies:

- Companies involved in the production of tobacco, manufacture of nicotine alternatives and tobacco-based products;
- Companies involved in the development, production and maintenance of nuclear weapons;
- Companies involved in the development and production of biological and chemical weapons, depleted uranium ammunition/armour, anti-personnel mines or cluster munitions/ sub-munitions and their key components, in line with international regulations banning investment in these industries. Whilst not specifically a banned weapon, WHEB include white phosphorous in this definition in line with its status as a highly controversial weapon.

ESG and Minimum Quality Standards

The investment process actively reviews the ESG quality of a business. Companies with persistently poor practices regarding equal employment opportunities, human rights and environmental management are highly unlikely to be selected for investment. If a company is considered particularly weak (scoring a zero) on any single metric in the fundamental analysis profile, or scores less than 50% overall, it will not be qualified for investment.

WHEB use a third-party screening tool to help us assess company compliance with international norms on human and labour rights, environmental standards and anti-corruption standards. The framework and process that WHEB use explicitly considers the following general frameworks and principles:

- Principles of the UN Global Compact,
- OECD Guidelines for Multinational Enterprises,
- UN Guiding Principles for Business and Human Rights, and
- UN Sustainable Development Goals.

These frameworks in turn reference a variety of international agreements and conventions, including The International Covenant on Civil and Political Rights (ICCPR), The International Covenant on Economic, Social and Cultural Rights (ICESR), International Labour Conventions, Rio Declaration on Environment and Development, The Convention on Biological Diversity, The UN Framework Convention on Climate Change, The Paris Agreement, and The UN Convention against Corruption.

CHANGES TO THE FUND

Information in the PDS is up to date at the time of preparation but is subject to change from time to time. We may make changes to the Fund (and the information in the PDS) without prior notice to you where such changes are not materially adverse. This may include, but is not limited to, closing the Fund to new applications, changes to the Fund's investment objective (including benchmark), investment strategy, asset allocation and service providers. If a change is considered materially adverse, we will issue a replacement PDS.

Information that is not materially adverse and material information that is subject to the continuous disclosure requirements of the Corporations Act may be obtained in a number of ways. You should check our website pengana.com/impactfund for the latest information or you can obtain a copy of any updated information free of charge by calling Client Service on +61 2 8524 9900. If you invest via an IDPS and you would like to receive notices of any changes to the Fund or PDS you should request this from your IDPS operator.

6. FEES AND COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your investment balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

The fees and costs outlined in this PDS are for the Fund only. You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the Fund. If you are investing in the Fund via an IDPS, you will need to consider the fees and other costs of the IDPS when calculating the total cost of your investment. **If you consult a financial adviser you may also pay an additional fee that will be set out in the Statement of Advice between you and the financial adviser.** This section shows the fees and other costs that you may be charged in relation to the Fund. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund's assets as a whole. The information in the table below may be used to compare fees and costs between different simple managed investment schemes.

PENGANA WHEB SUSTAINABLE IMPACT FUND

TYPE OF FEE OR COST	AMOUNT	HOW AND WHEN PAID
Ongoing annual fees and costs^{1, 2}		
Management fees and costs³ The fees and costs for managing your investment.	Management fees and costs of 1.35% pa of the Fund's NAV, which comprise of: 1. A Management fee of 1.35% pa of the Fund's NAV. 2. Indirect costs of 0.0% pa of the Fund's NAV.	- The management fee accrues daily and is reflected in the Fund's NAV. They are payable monthly in arrears by the Fund. - Indirect costs are paid from the Fund as and when they are incurred and reflected in the Fund's NAV. - All expense recoveries of the Fund (excluding transaction costs, the buy/sell spread, management fees, indirect costs and potentially abnormal expenses such as the cost of holding an investor meeting) are paid from the management fee and are not separately charged to the Fund or investors.
Transaction costs The costs incurred by the scheme when buying or selling assets	Transaction costs of 0.0% pa of the Fund's NAV. ⁴	Transaction costs are reflected in the Fund's NAV as and when they are incurred.
Member activity related fees and costs (fees for services or when your money moves in or out of the scheme)		
Establishment fee The fee to open your investment	Nil	Not applicable
Contribution fee The fee on each amount contributed to your investment	Nil	Not applicable
Buy/sell spread An amount deducted from your investment representing costs incurred in transactions by the scheme	Buy cost allowance of 0.25% of the application amount Sell cost allowance of 0.25% of the withdrawal amount	The buy spread is reflected in the application price and will be paid at the time of investment, and the sell spread is reflected in the redemption price and will be paid at the time of withdrawal.
Withdrawal fee The fee on each amount you take out of your investment.	Nil	Not applicable
Exit fee The fee to close your investment	Nil	Not applicable
Switching fee The fee for changing investment options	Nil	Not applicable

1. The fees and costs in this Guide are quoted inclusive of Goods and Services Tax ("GST") and net of any reduced input tax credits ("RITC") at the prescribed rates
2. The management fee and costs may in some cases be negotiated with direct wholesale investors. Please refer to the 'Management fees and costs may be negotiated' section below.
3. All fees and costs in this section (management fees and costs) are calculated with reference to the relevant costs incurred during the financial year ended 30 June 2023. See 'Additional explanation of fees and costs' below and in the PDSs for further details.
4. The transactions costs are calculated with reference to the actual transaction costs incurred during the financial year ended 30 June 2023 and are shown net of any amount recovered by the buy/sell spread charged to investors who transacted during that period.

EXAMPLE OF ANNUAL FEES AND COSTS

This table gives an example of how the ongoing annual fees and costs for the Fund can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example: Pengana Sustainable Impact Fund²		Balance of \$50,000 with a contribution of \$5,000 during year¹
Contribution fees	0% pa	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs comprising:	1.35% pa	And , for every \$50,000 you have in the Pengana Sustainable Impact Fund you will be charged or have deducted from your investment \$675 (comprising \$675 management fee and \$0 indirect costs) each year.
• management fee	1.35% pa	
• indirect costs	0.0% pa	
PLUS Transaction costs	0.0% pa	And , you will be charged or have deducted from your investments \$0 in transaction costs
EQUALS Cost of the Fund		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, then for that year you would be charged fees in the range of \$675^{1, 2}

What it costs you will depend on the fees you negotiate.

1. Additional fees may apply. Additional fees may be payable to third parties, including financial advisers and IDPS Service providers. Also, government fees, duties and bank charges may apply to investments in and withdrawals from the Fund. The example also does not include other fees and costs such as any buy/sell spread that may apply. Please refer to the 'Additional explanation of fees and costs'.

Establishment fee – Nil

And, if you leave the managed investment scheme early, you may also be charged exit fees of nil of your total account balance (\$0 for every \$50,000 you withdraw).

2. This amount excludes fees for any additional contributions that may be made during the year. We have assumed that the \$5,000 contribution is made at the end of the year and that the value of the investment is a constant. This example is therefore calculated using the \$50,000 balance only. Please note that this is just an example.

ADDITIONAL EXPLANATION OF FEES AND COSTS

You should read all of the information about fees and costs, as it is important to understand their impact on your investment in the Fund.

Indirect Costs

Indirect costs are any amount that Pengana knows will reduce the Class' return that are paid from the Fund or the assets of an interposed vehicle where the Class has an investment.

An interposed vehicle is a body, partnership or trust that Pengana reasonably believes has more than 70% of its assets by value invested in securities or other financial products. For example, an interposed entity includes an underlying fund.

Indirect costs include management costs of an interposed vehicle (such as performance fees, reimbursable expenses and indirect costs of the interposed vehicle) and the costs of investing in over-the-counter (OTC) derivatives (either at the Fund's level or in interposed vehicles),

which may be used by the Fund to gain exposure to the underlying assets.

The amount of indirect costs set out in the fees and costs template above is based on Pengana's knowledge of such costs. Indirect costs may differ from the amount set out above. Indirect costs are deducted from the returns on investors' investment in the Fund or the Fund's assets as a whole. They are reflected in the unit price of the Fund and are not an additional cost to you.

Reimbursable expenses

The Constitution entitles Pengana to be reimbursed from the Fund for all costs and expenses properly incurred in acting as responsible entity or in relation to the administration and management of the Fund. The expenses may include, but are not limited to, audit fees, PDS preparation and printing costs, and custodian and registry services. However, for the life of the PDS Pengana has determined that the management fee will cover all fees and expenses of the Fund excluding transaction costs and abnormal expenses

such as the cost of holding an investor meeting.

Transaction costs

The Fund will incur transaction costs when dealing with the assets of the Fund, including transaction brokerage, clearing costs, the buy/sell spreads of any underlying funds and/or derivatives.

Transaction costs associated with dealing with assets of the Fund may be recovered by Pengana and paid out of the Fund's assets. For the financial year ending 30 June 2023, the Fund's transaction costs were approximately 0.095% p.a. The net transaction costs not recovered through the buy/sell spread were 0.0% p.a.

Based on a buy spread of 0.25%, an investment of \$50,000 will incur a transaction cost of \$125. Based on a sell spread of 0.25%, a withdrawal of \$50,000 would also incur a transaction cost of \$125.

Payments to IDPS operators

These are commercial payments made by Pengana to IDPS operators. If you invest

via an IDPS these payments may be rebated to you or may be retained by the IDPS operator.

How and when these payments are made vary between Pengana and IDPS operators. They are paid by Pengana out of the management costs that it receives from the Fund and are not additional costs to you.

Management fee may be negotiated with direct wholesale clients

Wholesale clients who invest directly in the Fund may be able to negotiate a rebate of part or all of the management fee by contacting Pengana. We suggest that you consult your tax adviser in regard to the tax treatment of any fee rebates.

7. HOW MANAGED INVESTMENT SCHEMES ARE TAXED

US FOREIGN ACCOUNT TAX COMPLIANCE ACT ("FATCA")

Pengana may be required under Australian tax legislation to request investors to provide additional information in order to comply with US FATCA compliance obligations. FATCA is a US tax law that requires Foreign Financial Institutions (FFIs) to comply with a number of additional compliance obligations in order to ensure that 30% FATCA withholding tax is not deducted from certain US sourced income, gross proceeds from the sale of securities giving rise to such income and 'pass thru' payments.

OECD COMMON REPORTING STANDARD

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information (known as Common Reporting Standard or CRS) requires certain financial institutions to report information regarding certain financial accounts to their local tax authority and also requires certain due diligence procedures to be followed.

Generally speaking, the responsible entity of the Fund will be required to report information under the CRS. We may therefore request that investors and prospective investors provide certain information in order to comply with the requirements. A jurisdiction that has signed the CRS Multilateral Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Multilateral Competent Authority Agreement. Australia is a signatory of the CRS Multilateral Competent Authority Agreement and the Australian Government has enacted legislation to give effect to the CRS.

8. HOW TO APPLY

9. OTHER INFORMATION

ADMINISTRATOR AND CUSTODIAN

The administrator and custodian of the assets of the Fund is BNP Paribas.

IMPORTANT INFORMATION FOR NEW ZEALAND INVESTORS IN THE PENGANA WHEB SUSTAINABLE IMPACT FUND

This Important Information for New Zealand Investors in the Pengana WHEB Sustainable Impact Fund (Fund) must be read together with the current Australian Product Disclosure Statement and Product Guide relating to the Fund. Words defined in the Product Disclosure Statement or Product Guide have the same meaning in this document.

Warning statement for New Zealand Investors in the Pengana WHEB Sustainable Impact Fund

This offer to New Zealand investors is a regulated offer made under Australian and New Zealand law. In Australia, this is Chapter 8 of the Corporations Act 2001 (Aust) and regulations made under that Act. In New Zealand, this is subpart 6 of Part 9 of the Financial Markets Conduct Act 2013 and Part 9 of the Financial Markets Conduct Regulations 2014.

This offer and the content of the offer document are principally governed by Australian rather than New Zealand law. In the main, the Corporations Act 2001 (Aust) and the regulations made under that Act set out how the offer must be made.

There are differences in how financial products are regulated under Australian law. For example, the disclosure of fees for managed investment schemes is different under the Australian regime.

The rights, remedies, and compensation arrangements available to New Zealand investors in Australian financial products may differ from the rights, remedies, and compensation arrangements for New Zealand financial products.

Both the Australian and New Zealand financial markets regulators have enforcement responsibilities in relation to this offer. If you need to make a complaint about this offer, please contact the Financial Markets Authority, New Zealand (<http://www.fma.govt.nz>). The Australian and New Zealand regulators will work together to settle your complaint.

The taxation treatment of Australian financial products is not the same as for New Zealand financial products.

If you are uncertain about whether this investment is appropriate for you, you should seek the advice of an appropriately qualified financial adviser.

The offer may involve a currency exchange risk. The currency for the financial products is not New Zealand dollars. The value of the financial products will go up or down according to changes in the exchange rate between that currency and New Zealand dollars. These changes may be significant.

If you expect the financial products to pay any amounts in a currency that is not New Zealand dollars, you may incur significant fees in having the funds credited to a bank account in New Zealand in New Zealand dollars.

The dispute resolution process described in this offer document is only available in Australia and is not available in New Zealand.

Distribution reinvestment scheme

Units in the Fund allotted under the distribution reinvestment scheme will be allotted in accordance with the current Australian Product Disclosure Statement, Product Guide and the Constitution for the Fund.

Within 30 days of the day on which the units in the Fund are allotted to a person under the distribution reinvestment scheme, the person will be sent a statement of the amount of the distribution and the number of securities that have been allotted to that person.

Pengana may suspend the distribution reinvestment scheme at any time including for the purpose of controlling the size of the Fund and protecting investors' interests.

The distribution reinvestment scheme contains provisions requiring that:

- a) at the time the price of the specified financial products is set, the issuer has no information that is not publicly available that would, or would be likely to, have a material adverse effect on the realisable price of the financial products if the information were publicly available;
- b) the right to acquire, or require the issuer to issue, specified financial products is offered to all holders of financial products of the issuer of the same class, other than product holders who are resident outside Australia or New Zealand and who are excluded by the issuer to avoid a

- risk of breaching the laws of the relevant overseas country;
- c) every product holder to whom the right is offered is given a reasonable opportunity to accept it;
- d) the specified financial products issued to a product holder are issued on the terms disclosed to the holder; and
- e) the specified financial products issued to a product holder are subject to the same rights as the financial products issued to all holders of financial products of the same class who agree to receive the financial products.

The following documents are available from Pengana, on request and free of charge:

- the most recent annual report of the Fund (if any);
- the most recent financial statements of the Fund (if any), including the auditor's report in respect of those financial statements (if any); and
- the current Australian Product Disclosure Statement and Product Guide relating to the Fund.

These documents may be obtained by electronic means at pengana.com/impactfund.

Withdrawals by New Zealand Investors

Withdrawals from the Fund are normally effected by way of redemption.

Operating your account

Do you want your financial adviser to be able to operate your account?

If the answer is "Yes", your financial adviser must provide ID and verification documentation as per section 9.3. If you want to give your adviser a view only access to the account, please select "No".

☐ No

☐ Yes

In general, an appointed financial adviser can do everything you can do with your investment, except appoint another person to operate your account. It is important to tell us promptly if you no longer wish your financial adviser to operate your account, or if your financial adviser changes - we will and OneVue will keep accepting their instructions until you or they advise us in writing that the appointment has terminated.

We may suspend or terminate their appointment for any reason considered reasonable, and may change the terms on which they operate your account.

You indemnify us from any loss you or we suffer as a result of the actions of your appointed financial adviser, and agree to ratify their actions if we ask.

10. GLOBAL TAX REPORTING REQUIREMENTS (FATCA/CRS)

Why you need to complete this section?

The Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS) are regulatory requirements that aim to deter tax evasion by US and other foreign taxpayers. The Australian and a number of other foreign Governments have an agreement which requires us to obtain certain information from investors, including taxation information. You may be liable to a penalty if you provide information that is false or misleading that is material. We may decide not to open an account without first receiving the required information. For more information, visit www.ato.gov.au.

If you are unsure of any of the answers, please contact a legal or accounting professional.

10.1 Tax Residence - Individual/Sole Trader

HELP

Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you are unsure, ask someone who knows, usually your accountant.

10.1.1 Individual - Investor 1

Are you a US resident for tax purposes?

☐

No

☐

Yes - please tell us your TIN.

HELP

What is a TIN?

This is short for Taxpayer Identification Number, an identification number issued or used by tax authorities. In Australia, the equivalent is the tax file number (TFN). For the US, it could for example be a US Social Security Number, a US Individual Taxpayer Identification Number or a US Employer Identification Number. In other countries, it may have a different name.

Are you a resident of any other country for tax purposes?

Other than the US or Australia

☐

No

☐

Yes - please tell us which ones, using the following table.

HELP

No TIN? Reasons we accept are:

Reason A: The country of tax residency does not issue TINs to its tax residents

Reason B: The entity/individual has not been issued with a TIN

Reason C: The country of tax residency does not require the TIN to be disclosed

☐

No

☐

Yes

In general, an appointed financial adviser can do everything you can do with your investment, except appoint another person to operate your account. It is important to tell us promptly if you no longer wish your financial adviser to operate your account, or if your financial adviser changes - we will and OneVue will keep accepting their instructions until you or they advise us in writing that the appointment has terminated.

We may suspend or terminate their appointment for any reason considered reasonable, and may change the terms on which they operate your account.

You indemnify us from any loss you or we suffer as a result of the actions of your appointed financial adviser, and agree to ratify their actions if we ask.

HOW TO COMPLETE THIS FORM

Step 1 Before completing the application

Before submitting this form or completing the online application, please read and ensure you understand the Product Disclosure Statement (PDS) and any product guide and important information for New Zealand Investors Statement (if relevant). The law prohibits any person passing this Application Form on to another person unless it is accompanied by a complete PDS. Statements are available here www.pengana.com or if you are unable to access the link or print the document, contact us on +61 2 8524 9900 or clientservice@pengana.com.

Units in a fund will only be issued following acceptance of an application form issued with the relevant PDS, with all required documents attached.

Step 2 Completing the application

Online applications:

You can skip the paperwork and complete the application online [here](#).

Manual applications:

Please complete the attached form, print, use black pen and write in BLOCK letters. If you make an error do not use correction fluid, instead, cross out your error and initial your changes.

Note: Please ensure all fields are completed including those in **sections A - B and 13**.

Step 3 Identification and verification

Please refer to **section 5** and attach the relevant identification documents to this application form.

Step 4 Sign and send your documents

Please ensure you sign **section 15** of the form in accordance with the instructions provided.

Please return your forms by post to:

Pengana Capital Group
GPO Box 804
MELBOURNE VIC 3001

Step 5 Make your payment

Please refer to **section 7** of the application form and follow the instructions on how to pay the application amount.

Your application cannot be processed until all relevant identification documents and cleared funds are received.

IMPORTANT INFORMATION

- Please ensure all relevant fields are completed. If you do not complete all relevant sections your application may be rejected and returned to you for completion, resulting in a delay in processing your application
- If you have any questions as you complete this form, please refer to the FAQs at the end of this form, or contact us on +61 2 8524 9900 or clientservice@pengana.com.

☐ Yes

In general, an appointed financial adviser can do everything you can do with your investment, except appoint another person to operate your account. It is important to tell us promptly if you no longer wish your financial adviser to operate your account, or if your financial adviser changes - we will and OneVue will keep accepting their instructions until you or they advise us in writing that the appointment has terminated.

We may suspend or terminate their appointment for any reason considered reasonable, and may change the terms on which they operate your account.

You indemnify us from any loss you or we suffer as a result of the actions of your appointed financial adviser, and agree to ratify their actions if we ask.

Notice to financial adviser: by completing this section of the application form, you are confirming that you hold a current Australian Financial Services Licence (AFSL), or are otherwise authorised to advise on and arrange this product.

13. TAX INFORMATION - GLOBAL TAX REPORTING REQUIREMENTS (CRS/FATCA)

Why you need to complete this section?

The Foreign Account Tax Compliance Act (FATCA) and Common Reporting Standard (CRS) are regulatory requirements that aim to deter tax evasion by US and other foreign taxpayers. The Australian and a number of other foreign Governments have an agreement which requires us to obtain certain information from investors, including taxation information. You may be liable to a penalty if you provide information that is false or misleading in a material particular. We may decide not to open an account without first receiving the required information. For more information, visit www.ato.gov.au.

If you are unsure of any of the answers, please contact a legal or accounting professional.

HELP

Tell me about tax residence

You can be a resident of more than one country for tax purposes. Whether you are tax resident of a particular country for tax purposes is often based on the amount of time you spend in a country and the location of your residence and/or place of work. If you pay tax or have a tax liability somewhere, you are probably a tax resident there. Dual citizenship often brings dual tax residency. It depends on the country. For the US, tax residency can be as a result of citizenship or residency for tax purposes.

If you are unsure, ask someone who knows, usually your accountant.

13.1 Companies and non-superannuation trusts

13.1.1 Are you a specified US person for tax purposes?

- ☐ No
- ☐ Yes - please tell us your TIN

13.1.2 Are you a resident of any other country for tax purposes? Other than the US or Australia.

- ☐ No
- ☐ Yes - please tell us which ones, using the following table

HELP

No TIN? Reasons we accept are:

Reason A: The country of tax residency does not issue TINs to its tax residents

Reason B: The entity/individual has not been issued with a TIN

Reason C: The country of tax residency does not require the TIN to be disclosed

13.1.3 Are you a financial institution?

Be careful - financial Institution is broadly defined - see **HELP** box

- ☐ No
- ☐ Yes - please tell us your GIIN - see **HELP**

HELP

What is a Financial Institution?

For further details about a Financial Institution, please refer to the ATO's AEOI Guidance - https://www.ato.gov.au/general/international-tax-agreements/in-detail/international-arrangements/automatic-exchange-of-information---crs-and-fatca/?page=2#2_Financial_institutions.

HELP

What is a GIIN?

This stands for Global Intermediary Identification Number. GIINs are 19 digits long, issued by US tax authorities (the IRS) to non US financial institutions and sponsoring entities for purposes of identifying their registration with the IRS under US tax laws (called FATCA).

For further details about the GIIN please refer to the IRS GIIN Composition Information - <https://www.irs.gov/businesses/corporations/fatca-registration-and-ffi-list-giin-composition-information>.

Where to now?

I ticked **yes** and completed my GIIN - go to **13.1.4**.

I ticked **yes** and I am a Managed Investment Entity in a non-CRS participating jurisdiction - If no, proceed to question **13.1.4**.

I ticked **yes** but did not write a GIIN - please tick below why you did not write a GIIN - then go to **13.1.4**.

13.1.4 Are you a public company listed on a stock exchange or a related entity of a publicly listed company or a governmental entity?

- ☐ No
- ☐ Yes - then go to **section 14** and **15**.

13.1.5 Are you active or passive?

- ☐ I am an 'active' non financial entity. Please tell us what type of active NFE you are below - then go to **section 14** and **15**.
- ☐ I am a 'passive' non financial entity.

HELP

What is active and passive?

A non-financial entity (NFE) is any entity that is not a financial institution as defined above.

You will be a passive NFE if you are not an active NFE.

Generally, you will be an active NFE if:

- ☐ your stock (or a related entity's stock) is regularly traded on established securities market less than 50% of your gross income for the previous reporting period was passive income and less than 50% of your assets during that period produce or were held to produce passive income.
- ☐ you are a Governmental entity, an international organisation, a central bank or an entity wholly owned by one of the above.
- ☐ you are exempt from income tax in your residential jurisdiction and were established and operated exclusively for religious, charitable, scientific, artistic, athletic or educational purposes and meet certain other specific criteria.
- ☐ you have not been a financial institution in the past five years and are in the process of liquidating your assets or reorganising with the intent to recommence operations other than as a financial institution.

If you are unsure whether you are an active or passive NFE, please get advice.

13.1.6 Do you have any controlling persons who are resident of another country or jurisdiction of tax residency for tax purposes?

- ☐ I am passive, and **yes** I do have controlling persons who are resident of a country or jurisdiction other than Australia for tax purposes

Complete the **controlling persons details** in the table below - then go to **section 14** and **15**. If there is not enough room in the table, please copy the page and attach it to your completed form.

- ☐ I am passive, but no I do not have controlling persons who are resident of a country or jurisdiction other than Australia for tax purposes. It would be unusual to think of no-one. Please read the **HELP** box. If you are sure - go to **section 14** and **15**.

HELP

Controlling persons

Controlling persons are natural persons who exercise control over an entity.

For trusts, the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, must always be treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the trust for FATCA/CRS purposes.

For companies, controlling persons generally include any person who holds (directly or indirectly) more than 25% of the shares in the company and any person who has the power to influence decisions about the company's financial and operating policies, such as senior managing officials or directors.

If signed under Power of Attorney

Attorneys must attach a certified copy of the Power of Attorney. The Attorney hereby certifies that he/she has not received notice of any limitation or revocation of his/her Power of Attorney and is also authorised to sign this form. Power of Attorney documents cannot be accepted by fax or email.

What should a trust deed extract include?	An extract of the trust deed should include the following information: • the full name (if any) of the trust; • the full name of the trustee(s), and • the full name of the settlor of the trust (unless the material asset contribution to the trust by the settlor at the time the trust is established is less than \$10,000 or the settlor is deceased).
Who is a senior managing official?	A senior managing official is an individual who makes, or participates in making, decisions that affect the whole, or a substantial part of the company, or that may significantly affect the company's financial standing.
Who is a beneficial owner?	A beneficial owner is an individual who ultimately owns (directly or indirectly) 25% or more of the customer, or controls (directly or indirectly) the Customer. Control includes control as a result of, or by means of, trusts, agreements, arrangements, understandings and practices, whether or not having legal or equitable force and whether or not based on legal or equitable rights, and includes exercising control through the capacity to determine decisions about financial and operating policies. Information that may assist you in determining your beneficial owner includes (as relevant): • a certificate of incorporation of a company with ASIC/and or an annual statement including the amendments submitted to ASIC • a trust deed • a partnership agreement • the constitution and/or certificate of information for an incorporated association, or • the constitution of a registered co-operative.
Determining the beneficial owner of a trust	A beneficial owner of a trust may include: • any individual shareholder who holds the legal title to 25% or more of the issued shares in the trustee; • directors of the trustee (if they own or control the trustee) • company secretary of the trustee (if they own or control the trustee), and/or • any other individual who has the power to appoint or remove the trustee as the trustee of the trust. For a nominee that has been appointed by a related body corporate to hold interests in the fund on trust, the nominee agreement may specify the beneficial owner. This may be (but is not necessarily) the person that appointed the nominee. For a foreign company making an investment as a custodian under a single trust with multiple beneficiaries, the trust document under which the custodian is appointed may specify the beneficial owner/s. For a foreign company making an investment acting as a custodian for multiple trusts with multiple underlying investors, each trust document with each underlying investor may specify the beneficial owner/s.
Guidance on types of trusts	You will be the trustee of a trust if you are an individual or a company that will hold interests in the fund on trust for another person or persons (known as the beneficiary). It is important to carefully consider who is the beneficiary of the trust for which you are the trustee, keeping in mind that the beneficiary may hold its interest on trust for someone else (i.e. there may be layers of trust relationships down to the underlying investor). Trustees may include: • Trustees of a managed investment scheme: Managed investment schemes are a type of trust. The trustee of a managed investment scheme is generally a company. If the managed investment scheme is registered with ASIC, the trustee is known as the responsible entity. • Custodians or nominees: These are companies that provide custodial or depository services. In the context of managed investment schemes, custodians or nominees may hold interests on trust for the responsible entity of the scheme. The responsible entity for the scheme then holds interests on trust for the investors in that scheme. In the context of margin lending, a nominee may hold interests on trust for the borrower who has borrowed money from the margin lender. • Trustees of self - managed super funds: SMSFs are a type of trust. The trustee of an SMSF may be a company or two to six individuals. If the trustee is a company, there can be one to six members (or beneficiaries) of the SMSF and each member of the SMSF must be a director of the company trustee. If the trustees are individuals, there can be two to six members (or beneficiaries) of the SMSF and each of those members must be a trustee. • Trustees of retail super funds: Retail super funds are a type of trust. The trustee of a retail super fund is a company. • Trustees of family trusts: The trustee of a family trust may be one or more individuals or a company or other type of entity. The trustee holds money or property for the beneficiaries of the family trust. • Trustees of charitable trusts: Some charities are structured as trusts. Trustees of charitable trusts are commonly individuals (for example, a board of trustees) or a company. Other charities may be structured as companies or associations. • Trustees of deceased estates and testamentary trusts: Testamentary trusts are discretionary trusts established in wills, that allow the trustees of each trust to decide, from time to time, which of the nominated beneficiaries (if any) may receive the benefit of the distributions from that trust for any given period.

Where to find trust relationship details?	This will depend on the type of trust in respect of which you are acting as a trustee. For example, some investors act as a nominee or sub-custodian for a related body corporate that acts as a custodian. In this scenario, the investor may look to the relationship agreement with the relevant related body corporate to find details of the trust relationship that may exist between the investor and the related body corporate. The person or entity that appoints a nominee to act as a trustee may be the related body corporate.
Translating documents by an accredited translator	In Australia an accredited translator means a professional translator accredited by the National Accreditation Authority for Translators and Interpreters (NAATI) at or above professional level. • NAATI (https://www.naati.com.au/) In an overseas country, an accredited translator is a professional translator accredited by a NAATI equivalent authority. For these, escalate to the AML compliance officer for assistance.
Getting your copies or extracts certified	Any document(s) requiring certification for verification purposes must be certified by an eligible person to be a true copy of the original document. Documents must be either certified on all pages or certified on the front page with a clear reference to the number of subsequent pages that are included.
Example of certification	I certify that this is a true and correct copy of the original document Signature of Certifier Name of Certifier Capacity of certifier – e.g. Justice of the Peace Date of certification (DD/MM/YYYY)
List of occupations that can certify (from the Statutory Declaration Regulations 2018)	• Architect • Chiropractor • Dentist • Financial advisor or financial planner • Legal practitioner • Medical practitioner • Midwife • Migration agent registered under Division 3 of Part 3 of the Migration Act 1958 • Nurse • Occupational therapist • Optometrist • Patent attorney • Pharmacist • Physiotherapist • Psychologist • Trade marks attorney • Veterinary surgeon
List of persons that can certify	• a person who is enrolled on the roll of the Supreme Court of a State or Territory or the High Court of Australia, as a legal practitioner (however described); • a judge of a court • a magistrate • a chief executive officer of a Commonwealth court • a registrar or deputy registrar of a court • a Justice of the Peace • a notary public (for the purposes of the Statutory Declaration Regulations 2018) • a police officer • an agent of the Australian Postal Corporation who is in charge of an office supplying postal services to the public • a permanent employee of the Australian Postal Corporation with 2 or more years of continuous service who is employed in an office supplying postal services to the public • an Australian consular officer or an Australian diplomatic officer (within the meaning of the Consular Fees Act 1955) • an officer with 2 or more continuous years of service with one or more financial institutions (for the purposes of the Statutory Declaration Regulations 2018) • a finance company officer with 2 or more continuous years of service with one or more financial companies (for the purposes of the Statutory Declaration Regulations 2018) • an officer with, or authorised representative of, a holder of an Australian financial services licence, having 2 or more continuous years of service with one or more licensees and • a member of the Institute of Chartered Accountants in Australia, CPA Australia or the National Institute of Accountants with 2 or more years of continuous membership.
