### Important information

The information in this PDS is general information only and does not take into account your personal objectives, financial situation or needs. You should consider the appropriateness of the advice having regard to these factors and obtain financial advice tailored to your personal circumstances before investing.

This PDS provides a summary of significant information about the Zurich Investments Hedged Global Thematic Share Fund (Fund), and contains a number of references to the **"Zurich Investments Funds: Additional Information Guide"** and the **"Zurich Investments Funds: Application Booklet",** which form part of the PDS and are available at www.zurich.com.au. It is important that you consider this PDS and the incorporated information before making a decision to acquire, or continue to hold, an interest in the Fund. All amounts in this PDS are in Australian Dollars.

**Platform Investors:** Investors in Australia who wish to access or invest in the Fund through an Investor Directed Portfolio Service or wrap platform ('Platform') may rely on this PDS. For more information about investing through a Platform, please refer to the 'Investing through a Platform' section in the **"Zurich Investments Funds: Additional Information Guide"**.

### Updated information

We reserve the right to change the terms of this Fund where permitted to do so by the Fund's Constitution and the relevant law. The information in this PDS is up to date at the preparation date, however certain information in this PDS and the incorporated materials may change from time to time – this includes but is not limited to possible changes which we have identified.

Where the changes are not materially adverse, you will find details of the changes on our website, www.zurich.com.au.

We will issue a supplementary or replacement PDS if there is a materially adverse change to, or omission of, information in this PDS. You can request a free paper or electronic copy of this PDS or any updated information by calling us on 131 551.

### Target Market Determination

Zurich Investments has issued a Target Market Determination (TMD) which, among other things, describes the class of consumers for whom this product is likely to be consistent with their likely objectives, financial situation and needs. A summary of the TMD for this product can be found under Investor Suitability on page 4.

Zurich Investments and its distributors must take reasonable steps to distribute this product in accordance with the TMD

You can find the full TMD on the Zurich website at zurich.com.au/tmd or request a free paper or electronic copy by calling us on 131 551.

## 1. About Zurich Investments

Zurich Investment Management Limited (Zurich Investments) is the responsible entity of the Fund. Zurich Investments is a subsidiary of Zurich Financial Services Australia Limited (ZFSA), which is part of the worldwide Zurich Insurance Group based in Switzerland. In Australia, ZFSA's core lines of business are general insurance, life risk, investments and superannuation solutions.

As responsible entity of the Fund, Zurich Investments is responsible for ensuring that the Fund is managed in accordance with its Constitution and in accordance with relevant laws. Zurich Investments provides exclusive access to specialist investments by combining the expertise of specialist fund managers with our distribution and customer service strength. This Fund is one of several funds issued by Zurich Investments, known as the Zurich Investments Funds.

### About Lazard

Zurich Investments has appointed Lazard Asset Management Pacific Co (Lazard) as the investment manager for the Fund.

Lazard is a wholly owned subsidiary of Lazard Asset Management, LLC. The company's origins date back to 1848 and today, Lazard Asset Management, LLC is one of the world's pre-eminent asset management firms operating across 11 countries.

## 2. How the Zurich Investments Hedged Global Thematic Share Fund works

### What is a Managed Fund?

Managed funds allow you to pool your money with that of many individual investors. This money is then invested, in a way that aims to achieve the investment objectives of the Fund.

### About the Fund

The Zurich Investments Hedged Global Thematic Share Scheme (Scheme) is a managed investment scheme registered with the Australian Securities & Investments Commission (ASIC) under the Corporations Act. The Australian Registered Scheme Number (ARSN) for the Scheme is 112 366 506.

Under the Constitution for the Scheme, we have the power to establish and issue additional classes of units. Different "classes" of units will generally represent different fee levels and investment minimums. In this case, the 'Zurich Investments Hedged Global Thematic Share Fund' refers to the offer of Class B units in the Scheme. Any additional class of units we may decide to introduce in future will not adversely affect the rights and interests of investors in the Fund.

As an investor, you are allocated 'units' in the Fund, which represent your beneficial interest in the Fund as a whole. The value of these units will vary in accordance with the value of the underlying assets which is reflected in the unit price. In addition, your rights and obligations as an investor are set out in the Fund's Constitution. For more information refer to the **"Zurich Investments: Funds Additional Information Guide"**.

| Minimum investment amounts | |
|---|---|
| Initial and minimum investment value | $5,000 |
| Additional investment | $1,000 |
| Withdrawal | $1,000 |
| Account balance | $5,000 |

### Applications and redemptions

Direct Investors: Applications can be accepted directly from you or your financial adviser. Investments can be made via cheque or bank transfer. For more information on how to invest, please refer to section 8 of this PDS and the **"Zurich Investments Funds: Application Booklet"**.

You may make additional investments into the Fund at any time, by completing an Additional Investment Form available from our website, www.zurich.com.au or by contacting us on 131 551 (+612 9995 3777).

You may request a withdrawal or 'redemption' from the Fund by completing a Withdrawal Request Form, available from our website, www.zurich.com.au or by contacting us on 131 551 (+612 9995 3777). In normal circumstances, we will credit your nominated bank account within 5 business days after we receive your withdrawal request.

Applications and withdrawals are normally accepted immediately on receipt. However, we may delay acceptance by up to 30 days in unusual circumstances, or if we consider it to be in the best interests of investors to do so. Once a withdrawal request is accepted, payment may be further delayed by such period as we consider reasonable if it is not possible for us to redeem the units or we consider such delay to be in the best interests of investors as a whole.

**Platform Investors:** To invest in or withdraw from the Fund through a Platform, please complete the documents provided by your Platform Operator. Minimum transaction amounts are determined by the Platform Operator, and may differ from those set out above. For more information about investing through a Platform, please refer to the **"Zurich Investments Funds: Additional Information Guide"**.

### Unit Pricing

When you invest, we divide your application monies, by the entry price to allocate you with units. Generally, we determine a value for the Fund every business day in Sydney using valuation procedures set out in the Fund's Constitution. The Constitution for the Fund describes the process and the frequency of calculation of prices.

**Entry price –** If an application is accepted before 3pm by Zurich in Sydney on a business day, the entry unit price for that day will apply. The entry unit price is based on that day's closing market value. For applications accepted after 3pm by Zurich in Sydney on a business day, the entry unit price for the next business day will apply. The entry unit price is calculated as the value of assets in the Fund, less liabilities, divided by the number of units on issue in the Fund, plus the buy spread. In some circumstances, we have the right to refuse or delay processing applications at our discretion, including where there is a suspension of the Fund, and will do so when we consider it to be in the best interest of investors.

The Funds must be credited to our Australian bank account before an application can be accepted.

**Exit price –** If a withdrawal or switch is accepted before 3pm by Zurich in Sydney on a business day, the exit unit price for that day will apply. The exit unit price is based on that day's closing market value. For withdrawals accepted after 3pm by Zurich in Sydney on a business day, the exit unit price for the next business day will apply. The exit unit price is calculated as the value of assets in the Fund, less liabilities, divided by the number of units on issue in the Fund, less the sell spread. In some circumstances, we have the right to refuse or delay processing withdrawals at our discretion, including where there is a suspension of the Fund, and will do so when we consider it to be in the best interest of investors.

### Distributions

For direct investors the Fund normally makes cash distributions within 30 days of the end of June and December. There may be periods when the Fund does not distribute. The income is accrued on a daily basis and is reflected in the daily unit prices.

Under the Attribution Managed Investment Trust (AMIT) regime, the tax amounts attributed to investors may differ from the cash being distributed. Any of these differences will lead to cost base adjustments for the investor.

The Fund's unit price will usually fall after each distribution to reflect the income that is paid out to you. If you invest just before this time, you may get some of your capital back as income.

Unless you give us other instructions, we will reinvest your distributions back into your Fund at the reinvestment price of units in the Fund on the first business day following the end of the distribution period. The reinvestment price is based on the value of Fund assets, divided by the number of units on issue.

Please note that reinvested distributions do not incur the buy spread. This price does not take into consideration any market movement on the first day following the end of the distribution period.

You can also elect to have your distributions paid directly to an Australian, building society or credit union account. If your bank, building society or credit union returns your distribution to us, we will reinvest it in the relevant Fund using the entry price on the day the distribution is returned.

> You should read the important information about investing in and withdrawing from the Fund before making a decision. Go to the **"Zurich Investments Funds: Additional Information Guide"** and **"Zurich Investments Funds: Application Booklet"**, both located at www.zurich.com.au/PDS. The material relating to investing in and withdrawing from the Fund may change between the time you read this Statement and the day you acquire the Product.

## 3. Benefits of investing in the Zurich Investments Hedged Global Thematic Share Fund

### Features

The Zurich Investments Hedged Global Thematic Share Fund uses a distinctive thematic approach that identifies emerging trends in the global economy and invests in stocks poised to benefit as a result. The fund pursues a differentiated process to offer a diversified portfolio of international shares that aims to deliver risk adjusted returns that exceed the benchmark over periods of seven years or more. This strategy is about identifying long-term wealth creation opportunities while protecting against concentrations of market risk.

### Benefits

The benefits of investing in the Zurich Investments Hedged Global Thematic Share Fund include:

- access to a diversified portfolio of securities listed on global share markets fully hedged back to the Australian dollar,
- the potential for long-term capital growth,
- regular reporting and a dedicated customer service team to keep you up to date on your investments, and
- online access to information about your investments via the investor portal.

> You should read the important information about regular reporting and online account access before making a decision. Go to the **"Zurich Investments Funds: Additional Information Guide"**, located at www.zurich.com.au/PDS. The material relating to regular reporting and online account access may change between the time you read this Statement and the day you acquire the Product.

## 4. Risks of managed investment schemes

All investments carry risk. The investment return and the risk of losing money is different for each managed investment scheme, as different strategies carry different levels of risk depending on the underlying mix of assets that make up each fund. Those assets with potentially the highest long term return (such as equities) may also have the highest risk of losing money in the shorter term.

The price of interests in the Fund will vary as the market value of assets in the Fund rises or falls. General factors that can affect the value of your investment include interest rates and inflation, company performance, exchange rate fluctuations, and changes in government policies, taxation and laws affecting managed investment schemes.

Investments in shares and securities may also be subject to liquidity risk (i.e. how actively tradeable the shares and securities are). Investments in the Fund are subject to investment risk, including possible delays in repayment and loss of capital invested. There is no guarantee of the repayment of capital – which means you could receive less than initially invested. There is also no guarantee in relation to the payment of income, the performance of the Fund or the achievement of investment objectives. The Fund's future returns will vary, and may differ from past returns.

In addition to these general factors, there are other specific factors that may affect the value of an investment in the Fund as outlined below.

### International shares

The value of underlying shares in the Fund can be affected by:

- a company's performance in the markets where it operates and changes to its financial conditions,
- performance of the industry in which a company operates,
- changes to the overall level of the share market,
- international social and political factors, and
- exposure to movements in currency exchange rates (refer to 'Currency' and 'Currency Management' sections further below).

> The risk level you are willing to accept will depend on your personal circumstances, including your age, your investment timeframe, where other parts of your wealth are invested and your overall tolerance to risk.

### Currency

The exposure to movements in currency exchange rates can also affect the value of the underlying assets in the Fund. For example, a change in the value of the Australian dollar may lead to a difference in the value of foreign investments held by a fund, as expressed in Australian dollars.

### Cash

Whilst the value of a cash investment as such is not affected by external factors, changes in the level of interest rates will affect the amount of interest paid on cash investments.

## 5. How we invest your money

In planning your investment strategy and choosing your Fund, you should consider the likely investment returns, the relevant risks and your investment time frame. You should also consider seeking professional financial planning advice.

## Zurich Investments Hedged Global Thematic Share Fund

### Description

This Fund is suitable for investors seeking capital growth from a diversified portfolio of securities listed on global share markets.

### Investment return objective

The primary objective of the fund is to provide long term capital growth with the benefits of global diversification.

The fund aims to achieve risk adjusted returns that exceed the MSCI World (ex-Australia) Accumulation Index (fully hedged into $A) (net dividends reinvested) over periods of seven or more years.

### Investment strategy

The Fund generally invests in a broad selection of securities listed on foreign stock exchanges.

The Fund aims to be fully hedged at all times providing investors with exposure to underlying share price movements but minimising the effect of foreign exchange movements. Currency management or hedging strategies may not necessarily provide complete protection against adverse currency movement.

### Investor Suitability

The Fund is likely to be appropriate for a consumer seeking capital growth. The product focuses on a single asset class and therefore should only be considered for up to 25% of a portfolio allocation where the consumer has a high or very high risk and return profile.

The Fund may experience high levels of volatility and therefore it is unlikely to be suitable for a consumer seeking capital preservation or for those who have a low risk and return profile and/or short investment timeframe.

### Asset Allocation and Range

The table below shows the range for each asset class.

| Asset class | Range % |
|---|---|
| International shares | 90–100 |
| Cash | 0–10 |

### Risk level

High – the likelihood of the value of your investment going down over the short term is high as compared to investment in funds which invest in assets such as cash or fixed interest.

### Recommended minimum investment timeframe

7+ years

### Distribution frequency

Half Yearly

### Fund inception date

14 October 2005

### Currency management

The Fund invests in assets that are held in foreign currencies. The Fund intends to fully hedge all of its assets back to the Australian dollar on a passive basis.

While hedging may protect investors from depreciation in the currencies in which the Fund invests (relative to the Australian dollar), hedging may also limit the benefit investors may receive should those currencies appreciate in value relative to the Australian dollar.

In practice there may be situations in which the Fund will not be fully hedged due to factors such as cash flows.

Zurich has appointed Schroder Investment Management Australia (ACN 22 000 443 274) to manage the foreign exchange exposures of the Fund.

### Change to Investment Strategy or Investment Manager

Zurich Investments may change the Fund's investment strategy (including by adding or removing asset classes or varying asset allocation ranges and performance benchmarks) and the investment manager used at any time. Investors will be notified of any changes as set out under 'Updated Information', on page 1 of this PDS.

### Labour standards and environmental, social and ethical considerations

Zurich Investments appoints Investment Managers to perform the investment function for its Funds based on various criteria including their approach to labour standards and environmental, social and ethical considerations (collectively referred to as ESG).

Traditional Environment, Social and Governance and broader sustainability considerations are fully integrated into Lazard's process. This incorporates consideration of the direction of future policy via global Climate Change policy. At stock level, all stocks are subject to analysis under Lazard's sustainability framework, which integrates multiple aspects of business risk, including formal ESG inputs.

In addition, the Fund excludes companies which are classified by MSCI as part of the Tobacco Manufacturing GICS Industry Sector. Lazard view such exclusion screens as supplemental to the investment process. This is in line with Lazard's view of financial materiality for which Lazard attempt to evaluate each individual security in their bottom-up selection process. Lazard may choose not to own shares of a particular company due to an ESG issue, or they may adjust their position size or target price to reflect the ESG risk or opportunity. ESG issues are incorporated into Lazard's relevant investment analysis and decision-making process which is designed to factor in any potential material impact on a company's valuation and financial performance.

Although the Fund is managed with some consideration given to labour standards and environmental, social and ethical considerations, the Fund does not pursue an ESG investment strategy, does not have an ESG investment objective and is not marketed as an ESG product.

The Fund is not designed for investors who wish to screen out particular types of companies or investments, whose primary objectives include consideration of ESG factors or are looking for a fund that meets ESG goals.

### Switching between Funds

You can switch all or part of your investment to another Fund managed by Zurich Investments (subject to a minimum switch amount of $1,000 and a minimum balance of $5,000 in each Fund).A switch is a withdrawal from one Fund and an application into another. As the withdrawal is a disposal of units, it may have tax implications.

If you do not wish to complete a new application form to switch your investment between Funds, you may complete a switch form available on our website www.zurich.com.au, or by calling us on 131 551 (+61 2 9995 3777).

## 6. Fees and costs

**Fee table**

This table shows fees and other costs that you may be charged. These fees and costs may be deducted from your money or from the returns on your investment or from the Fund's assets as a whole. You should read all of the information about fees and costs, as it is important to understand their impact on your investment. You can use the information in this table to compare fees and costs between this Fund and other managed investment products.

All fees are inclusive of GST, and are reduced to take account of any Reduced Input Tax Credits available, where applicable. If you are a Platform Investor, contact the Platform Operator for more information regarding the fees charged by them.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Information in the fee table can be used to compare costs between different managed investment schemes. Fees and costs can be paid directly from your account or deducted from investment returns.

## Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from $100,000 to $80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

## To find out more

If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

| Type of fee or cost | Amount | How and when paid |
|---|---|---|
| **Ongoing annual fees and costs** | | |
| **Management fees and costs:** The fees and costs for managing your investments. | 0.99% p.a. | The management fee is deducted daily from the underlying assets of the Fund before the unit price is struck. This cost is generally paid to us monthly in arrears<br>Management fees and costs include indirect costs of 0.01%. Indirect costs are generally deducted from the assets of the Fund as and when incurred.<br>The amount of this fee can be negotiated.[2] |
| **Performance fees:** Amounts deducted from your investment in relation to the performance of the product. | Nil | The fund does not charge a performance fee. |
| **Transaction costs:** The costs incurred by the scheme when buying or selling assets. | 0.10% p.a. | Transaction costs that are not recovered from the buy-sell spread ('net transaction costs'). Transaction costs arise when the value of the assets of the Fund are affected by the day-to-day trading of the Fund, and are deducted from the assets of the Fund as and when incurred. |
| **Member activity related fees and costs (fees for services or when your money moves in or out of the product)** | | |
| **Establishment fee:** The fee to open your investment. | Nil | Not applicable |
| **Contribution fee[1]:** The fee on each amount contributed to your investment. | Nil | Not applicable |
| **Buy–sell spread:** An amount deducted from your investment representing costs incurred in transactions by the scheme. | **Buy** 0.04% **Sell** 0.04% | Estimated transaction costs are allocated when an investor buys or sells units in the Fund by applying a buy-sell spread on the Fund's entry and exit unit prices, where appropriate. |
| **Withdrawal fee[1]:** The fee on each amount you take out of your investment. | Nil | Not applicable |
| **Exit fee[1]:** The fee to close your investment. | Nil | Not applicable |
| **Switching fee:** The fee for changing investment options. | Nil | Not applicable |

[1] Please refer to the 'Maximum Fees' section in the **"Zurich Investments Funds Additional Information Guide"** for details for the maximum fees allowed under the Constitution.

[2] For certain wholesale clients (as defined in the Corporations Act 2001 (Cth)), Zurich may, at its discretion and in accordance with ASIC Policy and the Corporations Act, negotiate whether to charge, rebate or waive all or part of the management fees and costs

### Example of Fees and Costs

This table gives an example of how the ongoing annual fees and costs in the investment option for this product can affect your investment over a 1-year period. You should use this table to compare this product with other products offered by managed investment schemes.

| Example – Zurich Investments Hedged Global Thematic Share Fund | | Balance of $50,000 with a contribution of $5,000 during the year |
|---|---|---|
| **Contribution Fees** | Nil | For every additional $5,000 you put in you will be charged $0.00. |
| **PLUS Management fees and costs** | 0.99% p.a. | **Zurich Investments And,** for every $50,000 you have in the Zurich Investments Hedged Global Thematic Share Fund you will be charged or have deducted from your investment $495 each year. |
| **PLUS Performance fees** | Nil | **And,** you will be charged or have deducted from your investment $0.00 in performance fees each year |
| **PLUS Transaction costs** | 0.10% p.a | **And,** you will be charged or have deducted from your investment $50.00 in transaction costs. |
| **EQUALS Cost of Zurich Investments Hedged Global Thematic Share Fund** | | If you had an investment of $50,000 at the beginning of the year and you put in an additional $5,000 during that year you would be charged fees and costs of $545.[1]<br>**What it costs you will depend on the investment option you choose and the fees you negotiate.** |

[1] Additional fees may apply. A buy-sell spread may apply to investments into and withdrawals from the Fund, which is not taken into account in this example, refer to the "Zurich Investments Funds: Additional Information Guide" for more information.

The example does not take into account any movements in the value of an investor's units that may occur over the course of the year. In practice, actual investment balances will vary daily and the actual fees and costs charged are based on the value of the Fund.

The indirect costs and other expenses component of management fees and costs and transaction costs may also be based on estimates.

As a result, the total fees and costs that you are charged may differ from the figures shown in the table.

### Changes to Fees and Costs

We have the right to change the fees and costs outlined in this PDS. Where we decide to vary any fees, we will notify you within 12 months of the change occurring except where the change is an increase in which case we will give you at least 30 days advance notice. Please refer to the 'Maximum Fees' section in the **"Zurich Investments Funds: Additional Information Guide"** for details for the maximum fees allowed under the Constitution.

### Adviser Remuneration

Your adviser does not receive any upfront or ongoing commission payments from Zurich Investments on account of your investment in the Fund.

You can agree with your financial adviser to have a direct 'fee for service' arrangement for any personal financial advice and services they provide to you in relation to your investment. This Investment Advice Fee is negotiable between you and your adviser, and is an additional cost to you, separate from the fees payable by you as an investor in the Funds.

You should read the important information about fees and costs payable before making a decision. Go to the **"Zurich Investments Funds: Additional Information Guide"**, located at www.zurich.com.au/PDS. The material relating to fees and costs payable may change between the time you read this Statement and the day you acquire the Product.

## 7. How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme (such as the Fund) is likely to have tax consequences.

You are strongly advised to seek your own professional tax advice about the applicable Australian tax (including income tax, GST and duty) consequences which may apply to you based on your particular circumstances before investing in the Fund.

Zurich has elected for the Fund to enter the Attribution Managed Investment Trust (AMIT) regime. Registered managed investment schemes do not pay tax on behalf of members. This means that investors are assessed for tax on any income and capital gains generated by the managed investment scheme. We intend that the Fund will attribute all of its taxable income (including capital gains) plus offsets to investors that have been members during the year on a fair and reasonable basis.

The tax payable by an investor (if any) depends on the investor's individual tax profile and applicable tax rate on the component attributed. The amount attributed to each investor will be advised in an AMIT Member Annual Statement ("AMMA Statement"). The AMMA Statement will set out the tax components and offsets which have been "attributed" to an investor and other relevant tax information.

Under the AMIT regime, the cost base and reduced cost base of aninvestor's units in the Fund will be adjusted upwards or downwards,depending on the amounts and components attributed to the investor and the distributions made. This adjustment will be provided in the annual AMMA statement.

You may incur a capital gains tax liability should you withdraw, switch or if the Fund makes a realised capital gain which is attributed to you. You will need to include any taxable capital gains in your tax return (after applying current or prior year capital losses if any). An individual resident investor may be eligible for a 50% reduction where the attributed capital gain is discountable.

In accepting a withdrawal request, Zurich may determine that a portion of the withdrawal proceeds will include a proportion of the realised capital gains of the Fund for that year (including assets realised to fund the withdrawal). Alternatively Zurich may attribute a portion of the Fund realised capital gains to the withdrawing investor in addition to the withdrawal proceeds, such that the attributed realised capital gains differ from the cash distributed to the withdrawing investor.

The taxation information contained in this PDS reflects the income tax legislation in force, and the interpretation of the Australian Taxation Office and the courts, as at the date of issue of this PDS. For information about your individual circumstances, contact your tax adviser.

### Providing your tax file number (TFN)

For Australian residents, you are not required to give us your TFN, Australian Business Number (ABN) or exemption information. However if you don't, we are required to deduct tax at the highest marginal tax rate plus the Medicare levy from income distributions made to you. Collection of TFNs is permitted by taxation and privacy legislation.

## 8. How to apply

### Direct Investors

To invest in the Fund you need to complete the Application Form and return it to us together with the other documents requested and your initial investment. The Application Form is included in the Application Booklet available at www.zurich.com.au or on request by calling us on 131 551.

This offer is available only to persons receiving it (including electronically) within Australia. We cannot accept cash or applications signed and mailed from outside Australia. The Fund's Operations and your rights may be restricted if you cease to be a resident of Australia.

### Platform Investors

If you are investing in the Fund via a Platform then you are an indirect investor. This means that it is the Platform operator who invests for you and therefore has the rights of an investor.

As an indirect investor you do not have to complete any Zurich Investments forms. We will not send you any confirmation letters, distribution statements or annual tax statements; these will be provided by your Platform operator.

### Cooling-off period

Should you decide that your initial investment in the Funds does not suit your needs for any reason, you can request in writing to have it cancelled within the 14 day cooling-off period. The cooling-off period begins when you receive confirmation of your investment or 5 days after your units are issued, whichever is earlier. The amount we refund will be the original amount invested, adjusted to take into account:

- any increase or decrease in the value of your investment
- any tax or duty that may have been payable, and
- reasonable administrative and transaction costs.

You will not be able to exercise any cooling off rights once you have exercised any right or power in respect of your investment in the Fund.

### Enquiries and complaints resolution

Zurich Investments is committed to providing a high level of service and we have arrangements in place for resolving any complaints our customers may have. We will always endeavour to address your concerns as a matter of priority and will work with you to resolve your complaint.

If you wish to make a complaint about a service or product, below are a number of ways to contact us. We recommend having an email address and phone number on hand, and an investor number if applicable.

Phone 131 551 (+61 2 9995 3777)
Email: client.service@zurich.com.au
Post: Locked Bag 994, North Sydney, NSW 2059
Website: https://www.zurich.com.au/contact/complaints.html

If you need help lodging your complaint, for example due to illness, disability or English as a second language, please contact us so we can provide the necessary support to help you manage your complaint.

If you are investing through a Platform, your first point of contact for complaints or requests for further information, other than as specified in this PDS, should be directly with the Platform operator.

If you have any issues that remain unresolved, then you may contact the complaints scheme of which the Platform operator is a member.

### Further Help – the Australian Financial Complaints Authority (AFCA)

If you are not satisfied with our response, you can lodge a complaint with the Australian Financial Complaints Authority (AFCA). AFCA provides fair and independent financial services complaint resolution that is free to consumers. AFCA's contact details are:

Website afca.org.au
Email info@afca.org.au
Telephone 1800 931 678 (free call)
In writing Australian Financial Complaints Authority
GPO Box 3
Melbourne VIC 3001

Time limits may apply to lodging a complaint and you should act promptly or otherwise consult the AFCA website to understand if and when the time limit relevant to your circumstances expires.

You should read the important information how to apply and additional application requirements before making a decision. Go to the **"Zurich Investments Funds: Application Booklet"**, located at www.zurich.com.au/PDS. The material relating to how to apply and additional application requirements may change between the time you read this Statement and the day you acquire the Product.
